Town of Lauderdale by the Sea
4501 Ocean Drive,
Lauderdale by the Sea, Florida 33308

Dear Ms. Ester Colon:

From viewing the Commission meetings, I understand that the Commission may be-seeking letters of interest from residents desiring to serve on the Hillsboro District Board of Commissioners. I would like to be appointed as the LBTS representative.

As a LBTS resident, I am concerned with the maintenance, expense, and efficacy of operating the Hillsboro Inlet and the careful preservation of our reefs and beaches.

Due to my experience as a former boat owner and frequent user of the inlet, I am well aware of the importance of keeping the channels open, deep and safe for navigation. Dredging must be executed carefully to avoid another large fine and destruction of the undersea environment.

In view of these hard economic times, it is imperative that costs be closely monitored and taxpayer's dollars be spent judiciously. If appointed I would do my best to achieve this goal.

If you need further information please contact me at the above referenced telephone number.

I look forward to hearing from you soon.

Respectfully,

Maria Prunskis

Subject: Interest in the Hillsboro Inlet District

Madame Manager,

This email is to show my interest in being appointed a commissioner of the Hillboro Inlet District as a representative for the Town of Lauderdale-By-The-Sea, Florida.

My name is Yann Brandt and I have lived in our Town since 1996 for all but 2 years. As a longtime resident and active participant in the Town, I believe that my representation on the district would serve the Town and its residents well. My qualifications could bring the change that Commissioner Clottey is asking for. Many residents have the ability to serve on the district and appointing a former member is not necessary in my opinion.

My qualifications include

- Registered voter in Lauderdale-By-The-Sea for more than 6 months.
- Resident at 4537 W Tradewinds Avenue
- Bachelor of Science Degree in Mechanical Engineering from The Johns Hopkins University
- Board member of the Lauderdale-By-The-Sea Chamber of Commerce
- Active scuba diver with a rescue diver certification
- Power squadron safe boating license since 1996
- Florida Certified Firefighter
- Active participant in Florida Public Service Commission discussion on renewable energy initiatives

The qualifications above go beyond the necessary guidelines set forth by Chapter 99-433, Laws of Florida. It would be my distinct pleasure to bring the ideas and needs of the residents of Lauderdale-By-The-Sea to the district as a commissioner of the district. I understand the needs of the Town, the residents, the visitors, and the environments surrounding us.

I can be reached for any questions or concerns and will gladly make myself available for an interview with the Town Administration and the elected officials at a mutually convenient time.

Sincerely,

Yann Brandt

December 10, 2009

Hillsborough Inlet

Dear Ms. Colon,

I understand the town is asking for people to apply for the vacancy to the Hillsborough Inlet Commission. Having filled the role for nearly two years I feel uniquely qualified to continue for the next three months till the new commission is established. It will be their responsibility to nominate a new appointee (at which time I will of course abstain). I believe a level of continuity is an important factor to consider in the search for a replacement. Anyone appointed with the exception of a commissioner will force the town to incur additional medical insurance expense. I would ask you include my name in the list of applicants who have requested to be considered for this position. I look forward to hearing from you when the commission will be holding interviews for the applicants.

Sincerely

A.S.Dodd, BSc., M.I.E.E., C.Eng,
Commissioner Lauderdale by the Sea
Current holder of the Hillsborough Inlet District Nomination
C.V is available by request

Mark Brown

Subject: application for Hillsboro Inlet Commission

This is Mark Brown. I am a resident of Lauderdale-By-The-Sea. I am writing to apply for the position as the LBTS representative to the Hillsboro Inlet District. I have extensive experience in the fields which fall under the jurisdiction of the Hillsboro Inlet Committee, including dredging, navigational aids, beach nourishment and beach erosion control. I believe I am well-qualified for the position and that I can do a good job representing the interests of LBTS and its residents on the committee. I would greatly appreciate your consideration of my application for this job.

I worked for nearly 18 years as the chief of staff and legislative assistant to Congressman William Hughes of New Jersey. He represented a large coastal district similar to that of South Florida, where the beaches, inlets and waterways were the lifeblood of the tourist economy. One of my principal areas of responsibility as Congressman Hughes' staff assistant was shore protection. I was responsible for drafting legislation, writing testimony and helping secure approval of funding for numerous projects to maintain and protect the many miles of beaches and inland waterways in New Jersey.

I worked closely with the U.S. Army Corps of Engineers, the New Jersey Department of Environmental Protection, the congressional authorizing and appropriations committees, local units of government and environmental organizations to design and implement comprehensive, environmentally sound beach erosion control and navigation projects. These projects focused on all aspects of shore protection,

including keeping the inlets navigable, proper disposal of contaminated dredge spoils, proper marking of the channels, beach nourishment, construction of jetties or other structures where necessary to naturally replenish the sand on the beaches, and non-structural alternatives to hold down costs and avoid damage to reefs, fisheries and other environmental resources. In 1991, I was honored by the City of Cape May, New Jersey for my efforts to help win approval of a comprehensive navigation and beach restoration project to protect the community and the nearby U.S. Coast Guard base from damaging flooding and beach erosion.

My experience from Congress is applicable to the Hillsboro Inlet District. I understand the commercial importance of maintaining the navigability of the Hillsboro Inlet, the cost constraints, environmental concerns, and the process of working with the local, state and federal governments to fulfill the mission of the Hillsboro Inlet Commission. I believe I would be an asset to both the commission and the town if I am appointed to serve on the committee.

Thank you for your consideration of my application. If you have any questions or need any more information, please feel free to contact me by email or by phone at 954-781-6538.

Sincerely,

Mark Brown
