**SUBJECT TITLE: Proposed Revisions to Chapter 19 – Traffic and Motor Vehicles, of the Town Code.**

**EXPLANATION:** The Commission reviewed the proposed changes at its April 12, 2011 Roundtable meeting.

This ordinance updates Chapter 19 of the Code to accomplish the following:

1. Improve readability, remove conflicts and update terminology in Chapter 19 of the Code.
2. Section 19-4, Subsection (a) increases the late fee on parking tickets from \$12.00 to \$15.00, increases the payment time from ten (10) days (excluding weekend and holidays) to twenty-one (21) calendar days, and adds an additional \$20 late fee for fines not paid within forty-five (45) days.
3. Section 19-26.
  - a. 19-26 (a) Resident Permit. Clarifies the definition of who may purchase a resident permit, by limiting purchase to only residential property owners or annual residential renters. (The change excludes business owners who are not residents.)
  - b. 19-26(c) Beach Permits have been deleted based on the previous direction of the Commission.
  - c. 19-26(d) Hardship Permits. Provides for properties with hardship permits to be able to buy visitor parking permits excluding hotels. Each property would be limited to 15 days per year per permit and would purchase the permits for specific dates.
4. Parking Time Limits.
 

Oceanfront Center: Increase the 2-hour daytime limit to 3-hours between the hours of 5 a.m. and 5 p.m. At the end of 3-hours you have to move your car and if you don't, you will be ticketed for staying past the time limit even if you have added money to the meter. The recommendation for a daytime 3-hour limit is new since the Roundtable

After 5 p.m., no time limit applies.

We will track the data for six months; then revisit with the businesses and, if there are problems, report to the Commission.
5. Parking east of El Mar. Section 19-25(f) has been modified to allow the use of certain hardship permits to park east of El Mar after 9:00 p.m. when approved by the Commission and to allow parking by the public on Friday and Saturday night until 11:00 p.m.

6. One other matter addressed in the Ordinance deals with the rates for disabled parking permits. State law provides that on-street parking is free for up to four hours for persons with a Disabled Parking Placard, even if the local time limit is less. Municipal parking lots may charge for parking except for vehicles with ramps, lifts, hand controls or Florida toll exemption permits. As shown in the survey data, the trend is for cities to charge for off-street parking and we recommend following state law in this regard. Changes have been proposed accordingly in Section 19-30(d).

We have made the following edits to the proposed ordinance since the April 12<sup>th</sup> Roundtable meeting:

1. Page 3, starting on line 64 – The delinquent date has been changed to twenty-one (21) days and the second date to forty-five (45) days.
2. Page 6, starting on line 171 - The definition of swale has been modified to include all surfaces from the travel lane to the sidewalk or property line.
3. Page 11, starting at line 381 – The subsection on how meter and spaces are to be used and the definition of overtime parking was moved to this section from section 19-21.
4. Page 13, starting at line 430 – The Town manager may establish a shorter time limit at specific meters.
5. Page 14, starting at line 455 – Three hour limit in the Oceanfront Center between 5 am and 5 pm.
6. Page 15, starting at line 477 – Added the extended parking hours on Friday and Saturday to 11 pm and that hardship permits may be approved at a Portal between 9 pm and 9 am.

In separate items on tonight's agenda is a resolution adjusting parking meter and permit rates for this year and next fiscal year and a resolution authorizing a permit application to FDOT to install parking meters on Commercial Boulevard.

**Recommendation:** We recommend passage of the proposed ordinance (Exhibit 1) on first reading.

**FISCAL IMPACT AND APPROPRIATION OF FUNDS:** Nominal impact from the change in the late fees.
