SUBJECT TITLE: POWERED PARAGLIDING FROM TOWN BEACHES

EXPLANATION: A resident reported to the police this past weekend several individuals who were planning to take off with a motor-powered paraglide from the beach in front of the Sea Watch. The resident called the police and expressed concern that this would pose a danger to the public on the beach. The Police Chief has advised, because there is no ordinance prohibiting powered paragliders from operating from the beach, they had no authority to stop this.

We checked the ordinances we had gathered from other coastal cities in preparation for last month's workshop on recreational uses at the beach, but found no reference in their ordinances. PIO D'Oliveira is making calls to other cities to see how they handle this.

Since we have an ordinance prepared for first reading prohibiting kiteboarding instruction on the beach, we would appreciate the Commission's direction on whether you also wish to prohibit launching paragliding from the beach.
