Town Planner Report: Commission Priority 5 - Proposed amendments to Chapter 30 to Remove Pyramidal Zoning from Existing Town Zoning Districts, Improve Intent and Purpose of Existing Town Zoning Districts, Review Code to be Internally Consistent with Town Charter Rezoning Requirements and Review PUD Regulations.

At the June 2011 budget workshop the Town Commission established seven planning priorities and subsequently hired JC Consulting (Cecelia Ward) to assist the Town in the analysis of these priorities. So far this year, we have completed three priorities, one has been postponed, one is the subject of this memorandum and another priority is also scheduled on this Planning and Zoning Board agenda. The status of each priority is shown in the following table.

TABLE 1

Planning Priorities		Status
1.	Architectural Standards	Complete
2.	Hotel code amendments	Complete
3.	Sign code amendments	Complete
4.	Neighborhood Compatibility Standards	8-15 P&Z meeting
5.	CODE CLEAN-UP	THIS AGENDA ITEM
6.	Architectural Design Guidelines	Drafting RFQ for consultant
7.	Comprehensive Plan amendments	State Changed Date to 2015

The purpose of this agenda item is to review the proposed amendments to Chapter 30, which:

1. Addresses pyramidal zoning (to the extent possible);
2. Improves the language that explains the intent and purpose of the zoning districts;
3. Revises the code to ensure that it is internally consistent with the Town Charter for rezonings; and,
4. Deletes the Planned Unit Development Regulations.

Justification

When Cecelia Ward reviewed the Town's planning documents she found that the Town's Land Development Regulations were in need of review to address several Code clean-up items, as noted above, which is identified as Priority #5.

Proposed Amendments

The consultant and staff have reviewed these sections of the code and proposed changes to implement this Priority.

- **Exhibit 1** provides a summary description of the proposed amendments.
- **Exhibit 2** provides a strikeout and underline format of the proposed amendments, a draft of which is provided in a color format for ease of review of the proposed amendments. This draft document is subject to final review by the Town Attorney.
- **Exhibit 3** is a copy of the Town's Zoning Map.

Other Attachments for Reference

- **Exhibit 4** is a copy of the Annexation Agreement - AG 2001-01 - referred to in the summary document (Exhibit 1).
- **Exhibit 5** is a copy of Town Ordinance 2007-14, also referred to in the summary document (Exhibit 1).

Procedure

After the Planning and Zoning Board's review and comment, staff will craft a proposed ordinance to be considered by the Commission at their September 11th meeting (first reading) and October 9th meeting (second reading).

Summary of Changes to Chapter 30 in Priority 5 Ordinance

ARTICLE I. - IN GENERAL

Sec. 30-11. - Procedures and requirements for rezoning.

Including language to be consistent with the Town Charter, which states that residential zoning districts including, but not limited to, R-5, RS-4, RS-5, RD-10, RM-15, RM-16, RM-25 and PUD as of March 20, 2006, may not be re-zoned for any other use whatsoever except by a referendum vote of the registered voters of the Town.

ARTICLE V. - ZONING

DIVISION 1. - GENERALLY

Sec. 30-152. - Intent.

This section is revised to provide for more appropriate reference to the Town's adopted Comprehensive Plan.

Sec. 30-157. - Map of zoning districts.

This section now includes language to be consistent with Section 7.1(9) of the Town Charter, which states that residential zoning districts including, but not limited to, R-5, RS-4, RS-5, RD-10, RM-15, RM-16, RM-25 and PUD as of March 20, 2006, may not be re-zoned for any other use whatsoever except by a referendum vote of the registered voters of the Town.

Subdivision A. - Generally

Sec. 30-181. - Establishment of zoning districts.

A review of the zoning districts provided herein revealed the need to revise this section of the Code to accurately reflect the following:

- The Town Zoning Districts only include the RS-5, RD-10, RM-25, RM-50, B-1-A, B-1, CF and P zoning districts.
- As per the language provided in the Motel (R-5) and PUD districts, these are Broward County Zoning Districts that are applicable to development that was approved by Ordinance adopted by the Broward County Board of County Commissioners prior to September 11, 1991 - as shown on the zoning map. There are only a few developed properties in the north end of Town that are currently zoned with these designations.

As per the Town Charter, these zoning districts are also subject to provisions of Article VII - Planning and Zoning, as set forth in the Town Charter, Part I of the Town Code of Ordinances. As such, Section 7.1(9) prohibits changes to these zoning districts, and

properties currently zoned with these districts may not be rezoned to other districts, without a referendum vote.

The Town adopted Ordinance 2007-14 which incorporated County language related to these districts into the Code, without a referendum vote. However, that ordinance did not just incorporate the County regulations; it also purported to make changes to some of the regulations in these districts (for example, the setbacks). To the extent that ordinance attempted to change the regulations without the requisite referendum, it was legally ineffective in doing so. Therefore, the applicable zoning regulations are the Broward County zoning regulations that were in effect for the Motel (R-5) and the PUD as of Sept. 11, 1991.

This Ordinance simply references the effective County regulations and does not incorporate them completely. A copy of the applicable Broward County zoning regulations for the Motel (R-5) and PUD will be kept on file in the Development Services Department, and will be utilized for administration of the Motel (R-5) and PUD zoning districts for properties so designated on the Town Zoning Map.

Additionally, it is recommended that the Town Zoning Map include an "asterisk" to identify these Broward County zoning districts.

- A review of the Annexation Agreement between the Town and Broward County, (AG 2001-01), which provided for the annexation of properties located within the Intracoastal/Beach Area in October 2001, revealed that the Broward County Zoning designations, including the RS-4, RS-5, RM-15, RM-16 and RM-25 that were in effect prior to Oct. 1, 2001, are the effective zoning regulations for the annexed areas as reflected on the Town Zoning Map. The Agreement provides that these regulations will remain in place, unless the Town decides to amend its comprehensive plan to assign Town comprehensive plan categories and amend its Code to assign Town zoning districts to the annexed properties.

These Broward County zoning districts are also subject to the Town Charter requirements. As such, no changes can be made to these Broward County zoning districts, and properties currently zoned with these districts may not be rezoned to other districts, without a referendum vote.

The Town adopted Ordinance 2007-14 which incorporated County language related to these districts into the Code, without a referendum vote. However, that ordinance did not just incorporate the County regulations; it also purported to make changes to some of the regulations in these districts (for example, the setbacks). To the extent that ordinance attempted to change the regulations without the requisite referendum, it was legally ineffective in doing so. Therefore, the applicable zoning regulations are the Broward County

zoning regulations that were in effect for the RS-4, RS-5, RM-15, RM-16 and RM-25 zoning districts prior to Oct. 1, 2001.

This Ordinance simply references the effective County regulations and does not incorporate them completely. A copy of the applicable Broward County zoning regulations for the RS-4, RS-5, RM-15, RM-16, and RM-25 zoning districts in effect as of October 1, 2001, will be kept on file in the Development Services Department and will be utilized in the administration of these Broward County zoning districts.

Additionally, it is recommended that the Town Zoning Map include an "asterisk" to identify these Broward County zoning districts.

Sec. 30-182. - Purpose and intent of zoning districts.

Revisions are proposed to improve the purpose and intent of the Town Zoning Districts in the RS-5, RD-10, RM-25, RM-50, CF, and P zoning districts, and to include the purpose and intent of the B-1-A and B-1 zoning districts that were recently and substantially amended by the Town.

These revisions are consistent with the respective Future Land Use Designations, as provided in the Town's adopted Comprehensive Plan.

As previously noted, the Motel (R-5) and PUD intent and purpose will be removed, and the Broward County zoning regulations that were in effect as of September 11, 1991 will be kept on file as the applicable regulations for these Broward County zoning districts.

Sec. 30-183. - Town zoned RM-25 district; exceptions.

This section was deleted because a legal description is not needed, nor is it the appropriate method for denoting zoning in that the zoning of all property is reflected on the Town Zoning map. Similar changes were also made to Sections 30-184, 30-211, 30-223, 30-241, 30-251, 30-361, and 30-371.

Sec. 30-184. - Lauderdale Surf and Yacht Estates.

This section is revised because it deals with deed restrictions and construction, neither of which is regulated by Chapter 30. Construction is regulated by the Florida Building Code.

Subdivision B. - MOTEL (R-5) District Regulations

As noted above, we are recommending deleting this section from the code. A copy of the applicable Broward County zoning regulations will be kept on file for administration by the Department.

Sec. 30-211. - RS-5 district—Residence.

The following revisions are proposed to improve the RS-5 district, which WILL NOT result in any substantive changes.

- Clean up of language regarding current code restriction that no single family building can be set back further than 35 feet.
- Remove references to the RS -5 within the text (not needed since all of the regulations under this section *apply* to the RS-5).
- Remove references to other zoning districts within the text - as this section *only applies* to the RS-5 district.

Sec. 30-222. - Silver Shores, Beverly Shores; building and use regulations.

Deleted. Construction is regulated by the Florida Building Code.

Sec. 30-224. - In general; size of buildings.

Deleted here, and copied the requirement for the minimum building size in each of the zoning districts where it applies: RS-5, RD-10, RM-25 and B-1, which affects Sections 330-211, 30-241 and 30-271.

Subdivision E. - RM-25 District Regulations

Subdivision I. B-2 District Regulations

Sec. 30-281. - Development plans to be approved.

Deleted this section as there is no B-2 zoning reflected on the Town Zoning map.

Also, the language in the text refers to B-1, which has recently been amended by the Town to list the uses permitted in the B-1 district.

Subdivision J. - CF District—Community Facilities

Sec. 30-291. - Community facilities district.

Revised purpose and intent to more accurately reflect the CF zoning district, consistent with the Town's adopted Comprehensive Plan.

ARTICLE VI. - PLANNED UNIT DEVELOPMENT REGULATIONS

Sec. 30-441 - 30-446.

As noted above, we are recommending deleting this section from the code. A copy of the applicable Broward County zoning regulations will be kept on file for administration by the Department.

Sec. 30-447. - Planned residential communities.

Sec. 30-448. - Planned special complexes.

Delete the PRC and PSC sections as these were "zoning districts" created by Ordinance 2007-14, are not currently mapped anywhere in the Town, and were not approved by referendum and are therefore ineffective under the Town Charter restrictions.

Subdivision L. - Supplemental Regulations

Sec. 30-313. - General provisions.

There are the general provisions that are provided in this section of the Code. Revisions proposed to this section are described below:

(1) Revisions are proposed to: remove internal inconsistencies in the language; renumber subsections; add a "table" in the beginning of the section for ease of administration of the regulations; and, move regulation subsections accordingly.

(2) Revisions have been proposed to delete the following general provisions: provisions that are outdated and vague; provisions that are more appropriately regulated by other Town code sections; and, provisions that are regulated by the Florida Building Code. These revisions also include changes to relocate subsections to more appropriate locations.

- Construction and building plans.

Construction and building permits are regulated by Florida Building Code.

- Setback Hardship.

Regulated by Variance requirements of Section 30-9 of Chapter 30.

- Violation or failure to comply with this provision may incur the penalty provided under section 1-12.

All code violations are subject to the provisions as provided in Section 1-12.

- Trees, removal.

Regulated by Article VII Landscape Code Sections 30-480 and 30- 479.

- Parking of Trailers.

Regulated by Subdivision L - Supplemental Regulations and Article II Parking, Stopping or Standing of the Town Code of Ordinances

- Use of Temporary buildings.

Restricted by Florida Building Code.

- Plans and specifications.

Requirements for Site Plan -Regulated by Article IV Site Plan Procedures and Requirements.

Building Permit Plans are regulated by Florida Building Code.

- Facade treatment.

Vague provision. Architectural Design Standards and Aesthetic Facade treatment regulated in Section 30-9.

- Minimum Size of buildings.

Recommend delete from this section and copy into applicable zoning districts.

- Construction of Sheds and shanties.

This provision deals with the construction of such structures, which is regulated by the Florida Building Code.

Regulation of accessory uses and structures is provided for in this section, which would apply to any accessory structure.

- Landscape required for adjacent 50-foot lots under single ownership.

Landscape requirements for all uses are provided in Article VII Landscape Code.

(3) The following proposed revisions would result in a change to the current regulations:

- Requirement for 5 foot landscape strip to divide driveways in the RD-10 zoning district.

Recommend deleting this requirement as it does not result in feasible design of duplex driveways in the RD-10 district, nor does it result in creating an attractive landscape strip area.

- Gravel Driveways.

Gravel driveways are currently prohibited in RS-4, RS-5, and RD-10 zoning districts. We are recommending prohibiting gravel driveways in all zoning districts.

A field survey revealed only one gravel driveway located in an RM-25 zoning district. An existing gravel driveway would be legal nonconforming.

- Elevation of filled land.

Recommend revision to change requirement for approval of plans by the Town Commission, to require approval of plans by the Floodplain Administrator.

Include compliance with engineering standards as part of the criteria for review and approval.

- Decks.

This change is proposed to address ambiguity in the code that has been flagged by the Town Planner.

The intent is to clarify the current code requirement that a deck cannot be higher than the seawall, by providing language that this applies to the portion of a deck that abuts and that is located within 5 feet of a seawall.

ARTICLE I. - IN GENERAL

...

Sec. 30-11. - Procedures and requirements for rezoning.

...

(b) Application process.

(1) An application for a change of zoning district boundaries, a change of zoning district for any plot or an amendment to this chapter may be filed at the initiation of the Town Commission and the owner of the property which is the subject of the change or said owner's designee.

(2) Requirement for Referendum Vote:

a. Residential zoning districts including, but not limited to, R-5, RS-4, RS-5, RD-10, RM-15, RM-16, RM-25 and PUD as of March 20, 2006, may not be re-zoned for any other use whatsoever except by a referendum vote of the registered voters of the Town in the manner established in Article IV, Section 4.7 of the Town Charter.

b. The Town may not create new categories of zoning without approval of such categories by a similar referendum vote; and all provisions of such new categories of zoning must be submitted to the voters for approval.

~~(2)~~ (3) The Town Commission shall hold hearings on the application as required for the adoption of ordinances as set forth in F.S. § 166.041, as it may be amended from time to time. The Town commission at a regularly scheduled meeting, which is held after review of the application by the Planning and Zoning Board, shall hear the first reading of the ordinance approving the application. After considering all relevant information, including recommendations from the Planning and Zoning Board and comments from the public, the Town Commission shall either approve the application on first reading with or without conditions, stipulations, restrictions or limitations as are reasonably required to achieve the purpose of this chapter or deny the application. If the ordinance approving the application is denied on the first reading, the application shall be deemed denied. If the ordinance approving the application is approved on the first reading, then a second reading shall be scheduled. At the second reading of the ordinance approving the application, the Town Commission, after considering all relevant information, including the recommendations of the Planning and Zoning Board and comments from the public, shall either approve the application as presented, approve the application with conditions, stipulations, restrictions or limitations reasonably required to achieve the purpose of the ordinance or deny the application.

ARTICLE VI. - ~~PLANNED UNIT DEVELOPMENT REGULATIONS~~ RESERVED

~~Sec. 30-441. Purpose.~~

~~The purpose of this article is to set forth regulations and development standards for all New Town Planned Unit Development (PUD) zoning districts within the town. The PUD district is intended to apply only to planned developments approved by ordinance of the Broward County Board of County Commissioners prior to September 11, 1991.~~

~~Sec. 30-442. Definitions.~~

~~Master development plan. The ordinance rezoning land to PUD, together with the site plan for PUD drawn in conformity with any conceptual site plan requirements, a development schedule, provisions for the method of administration of all common open space, and a statement that appropriate covenants shall be included in all conveyances requiring the maintenance of private open space for the purposes intended.~~

~~Phase. A specified portion of a planned development that may be developed as an individual component, as specified within the development schedule of a PUD.~~

~~Planned development. An area of land developed as a single entity or in phases in conformity with the master development plan of a PUD.~~

~~Sec. 30-443. Conformance to master development plan.~~

~~(a) In addition to the requirements of this article, all residential uses within PUD districts shall be subject to the general use regulations set forth in the LDR applicable to conventional new Town residential zoning districts.~~

~~(b) No plat approval, final site plan approval or building permits shall be issued by the town, and no development shall commence, unless in conformity with the approved master development plan, unless a change or deviation is approved by the Town of Lauderdale-By-The-Sea as provided for in this article.~~

~~(c) All development shall be in conformity with the final site development plan.~~

~~(d) The master development plan shall set forth the criteria for determining major and minor changes and deviations.~~

~~(e) The approval of a master development plan shall not relieve an applicant from the requirement to comply with final site plan requirements of Article IV of this chapter.~~

~~(f) Subsequent to the approval of the master development plan and any subsequent plat and final site plan, all development within a PUD shall be controlled by the final site plan.~~

~~Sec. 30-444. — Major and minor deviations.~~

~~(a) The approved master development plan shall set forth specific criteria for the determination of what constitutes minor and major deviations from the plan. The [approval authority] may approve minor changes and deviations from the approved master development plan that are in compliance with the applicable provisions and intent of these regulations, and which do not depart from the principal concept of the approved master development plan. Approved minor changes and deviations may become effective without formally amending the master development plan, but shall be recorded in the public records of Broward County, Florida as an addendum to the master development plan.~~

~~(b) Should the determine that a requested change or deviation from the approved master development plan does not comply with the applicable provisions and intent of these regulations, or departs from the principal concept of the approved master development plan or otherwise exceeds the criteria for determining minor changes contained in the master development plan, the shall refer such change to the Planning and Zoning Board for a public hearing and recommendation. The applicant may then request the Town Commission to consider such change or deviation.~~

~~(c) Upon request for a change or deviation from the approved master development plan, the Town Commission may take such action as it deems appropriate. If the Town Commission approves the change or deviation, a new master development plan shall be filed incorporating the changes or deviations, which shall subsequently be recorded in the public records of Broward County, Florida as an amended master development plan.~~

~~(d) All hearings relating to major changes to a master development plan shall proceed in accordance with the requirements of section 30-11, Procedures and Requirements for Rezoning.~~

~~(e) Copies of the recorded master development plan shall be filed with the Town.~~

~~Sec. 30-445. — Common open space.~~

~~(a) All common open space shall be preserved for its intended purpose as expressed in the master development plan. The developer shall choose one or a combination of the following three methods of administering common open space:~~

~~(1) Dedication to the Town of the common open space. This method is subject to formal acceptance by the Town in its sole discretion.~~

~~(2) Conveyance to one or more associations, nonprofit corporations or other appropriate entities provided all persons and entities owning property within the planned development are members of one or more of the associations, nonprofit corporations or other entities so that the common open space will be used as specified on the master development plan and all common open space will be properly maintained.~~

~~(3) Retention of ownership, control and maintenance of all common open space by the developer.~~

~~If the developer elects to administer common open space through one or more associations, nonprofit corporations or other entities, said organizations shall conform to the following requirements:~~

~~a. The organization shall be created prior to the sale of any property within any phase of the PUD.~~

~~b. Membership shall be mandatory for all property owners within the planned development.~~

~~c. The organization shall comply with the following:~~

~~1. Manage all common open space and recreational and cultural facilities that are not dedicated to the public; and~~

~~2. Provide for the maintenance, administration and operation of said land and any other land within the planned development not publicly or privately owned.~~

~~(b) All privately owned open space shall conform to the use intended by, and remain as expressed in, the master development plan through the inclusion of appropriate covenants in all conveyance of land within the PUD. The covenants shall run with the land and be for the benefit of present and future property owners.~~

~~(c) All common open space and public recreational and cultural facilities shall be specifically included in a development schedule to be included in the master development plan and be completed by the developer in accordance with such schedule.~~

~~Sec. 30-446. — General development regulations.~~

~~(a) Minimum size for PUD development shall be five contiguous acres.~~

~~(b) There is no minimum lot size except as specified by the master development plan.~~

~~(c) There is no minimum distance between structures except as specified by the master development plan.~~

~~(d) There is no maximum height except as specified by the master development plan.~~

~~(e) Minimum setback shall be 25 feet for all lots abutting a public road right-of-way.~~

~~(f) There is no minimum setback for lots that do not abut a public road right-of-way except as specified by the master development plan.~~

~~(g) The maximum density permitted in a PUD shall be governed by the adopted future land use plan map.~~

~~(h) Each dwelling unit or other permitted use shall have access to a public street either directly or indirectly via an approach, private road, or other area dedicated to the public or private use or common easement guaranteeing access. The Town shall be allowed access on privately owned roads, easements and common open space to ensure public safety protection of the area, to meet emergency needs, to conduct Town services, and to generally ensure the health and safety of the residents of the PUD.~~

~~(i) All PUDs shall be subject to the regulations pertaining to off-street parking and loading, lighting, landscaping, property maintenance and signs as provided in other articles of the ULDR.~~

Sec. 30-447. — Planned residential communities.

~~(a) Purpose: The planned residential community is intended to encourage the use of innovative land planning and site design techniques to create enhanced living and working environments. The regulations applicable to planned residential communities are intended to encourage the efficient use of land by providing for a variety of residential unit types, conservation of natural amenities as common open space, and providing for accessory and supporting nonresidential uses in accordance with commercial flexibility provisions of town's land use plan.~~

~~(b) Permitted uses:~~

~~(1) Single family and multi-family residences at a density in conformance with the future land use map of the comprehensive plan.~~

~~(2) Special residential facilities, as defined in the special residential facilities permitted uses subsection of the comprehensive plan, future land use element.~~

~~(3) Accessory nonresidential uses that are compatible with planned residential communities, to the extent permitted by the flexibility provisions of the land use plan, limited to the following:~~

~~a. Hotels and motels.~~

~~b. Community facilities and utilities.~~

~~c. Open space, parks and recreation facilities.~~

~~d. Professional offices, personal service and retail sales, including automobile service stations with no on-site repairs.~~

~~e. Aviation and marine facilities.~~

~~Sec. 30-448. — Planned special complexes.~~

~~(a) Purpose: The planned special complex is intended to encourage the use of innovative land planning and site design techniques to accommodate highly intensive uses permitted by the applicable land use plan designation, including public facilities or mixed use developments that may not be appropriately addressed by other planned developments. The flexibility provisions of the land use plan may also be used to provide density and intensity bonuses within a planned special complex that encourages the efficient use of land.~~

~~(b) Permitted uses:~~

~~(1) Cultural, recreation, amusement, exhibition and education centers.~~

~~(2) Community facilities and utilities.~~

~~(3) Aviation and marine facilities.~~

~~(4) Nonspecial complex uses that are compatible with special complexes, limited to the following:~~

~~a. Multi-family residences.~~

~~b. Hotels and motels.~~

~~c. Professional offices, personal services and retail sales.~~

~~d. Warehouses and distribution facilities.~~

~~e. Open space, parks and recreation.~~

- (q) Swimming pools, decks, patios, hot tubs and spas.
- (r) Decks
- (s) Accessory buildings and structures.
- (t) Other mechanical and plumbing equipment.
- (u) Generator regulations.

These general provisions shall govern development within the corporate limits of the Town, as follows:

~~(1) Plans. Individual plans and/or specifications for all buildings shall be submitted to the building inspection department for approval before starting any construction, renovation or removal of same. Approval shall not be given for construction of two or more buildings of any type or kind from the same or identical set of plans and/or specifications.~~

~~(2)~~ (a) Drainage facilities. All improved property, whether new construction or renovation or repair of present property, must provide adequate drainage facilities and drainage fields and all well and drainage locations must be shown on a site plan ~~and must be approved by the Building Inspection and Health Departments in accordance with all applicable regulations.~~

~~(3)~~ (b) Use of buildings. No building or structure shall be erected on any lot for any purpose or use other than as applicable in said district. Non-use variances may be granted pursuant to Section 30-8, Article I- In General .

(c) Moving of Buildings.

No permit shall be granted, nor shall any building or structure be moved into the corporate limits of the Town, and no building or structure shall be moved from one location within the Town to another location within the Town. ~~However, without submittal of an application may be made~~ to the Planning and Zoning Board of the Town to seek its recommendation to permit building or structure to be moved; and should the Planning and Zoning Board make a special finding that said building or structure will conform to the existing Town plan, and in harmony with the existing neighboring structures, such recommendation shall be submitted to the Town Commission for final action of rejection or approval. In any event, should permission be granted by the Town Commission, said building or structure shall, nevertheless, conform to all applicable zoning and building requirements.

~~(4)~~ (d) Fences, Walls and Hedges.

(1) Height, design, and location of fences, walls, hedges.

a. Height. The maximum height of any fence or wall shall be six feet, except where the fence or wall abuts property with business zoning, in which case the maximum height is eight feet. The height of fences, walls, hedges or plantings of whatever composition shall be measured from the natural contour of the ground on adjoining lots.

b. Construction. All fences and walls shall comply with the Florida Building Code.

c. Cement or concrete walls:

1. Cement or concrete walls are permitted in all zoning districts, and must comply with the standards outlined in subsection 2. below.

2. Except when a new wall directly abuts an existing wall or fence preventing compliance with this requirement, walls shall be finished on both sides with materials satisfying industry standards, such as painted stucco, prefinished block, or other prefinished materials, shall be compatible with proposed or existing buildings, and shall meet the following design guidelines:

i. Cement or concrete walls in the RS-4, RS-5 and RD-10 zoning districts which exceed four feet in height must provide a minimum of 25 percent openings to allow air circulation.

ii. Walls shall be designed with changes in material, color, texture, or profile to avoid the massive, linear aspect and monotony of otherwise plain walls. Walls over two feet in height shall not form a continuous straight line without an offset, change of direction, or significant vertical feature every ten feet to break up the length of the wall.

- iii. Walls shall include finishing features such as, but not limited to, changes in texture or color, variety of materials, capstones, decorative painting or bands of tile.
- d. Fence/wall top features. The top of a fence or wall may contain architectural features and light fixtures. However, such features shall not extend more than 18 inches above the maximum height of the fence or wall, and the combined width of the features shall not exceed 20 percent of the total linear length of the fence or wall.
- e. Gates. A fence or wall may have a pedestrian entrance with a gate. Such an entranceway, including any archway, may be no greater than eight feet in height, and no more than eight feet in width. Gates must swing or slide in a manner which does not obstruct public rights of way.
- f. Maintenance. All fences and walls shall be maintained in good repair and in a secure manner. All defective structural and decorative elements shall be repaired or replaced in a workmanlike manner, to match as closely as possible the original materials and construction of the fence or wall. All surfaces shall have all graffiti and loose material removed. Any damaged portion of a fence or wall shall be repaired or replaced in a manner consistent with these standards. Any patching or resurfacing shall match the existing materials and shall be impervious to the elements, when possible.
- g. Hedges. A hedge is defined as any grouping of plants or bushes placed so close together so as to obscure visibility. All hedges shall be planted and maintained by property owners within the property lines and shall not encroach into the adjacent properties or right-of-way (ROW). The height of a hedge shall be maintained not to exceed 12 feet in all zoning districts.
- h. Visibility limitations. No fences or walls shall be constructed within 25 feet of the front property line or within 30 feet of the clear site triangle at the corner of the property on residential lots. No walls, fences, hedges or plantings shall be planted or maintained to a height exceeding 30 inches above the crown of the roadway within sight visibility triangles: within 25 feet of the intersection of the front and side street property lines, within ten feet of any driveway, within ten feet from the intersection point of the edge of a driveway and alley or street, and within 15 feet from the intersection point of the extended property lines at an alley and a street.
- i. Chain link fences. Chain link fences shall be completely hidden from view when viewed from any portion of the right-of-way in RS-5, RD-10 and RM-25 zoned property. Chain link fences are prohibited in any business zoning district.
- j. Placement of finished side. Except when a new wall or fence directly abuts an existing wall or fence preventing compliance with this requirement, fences and walls finished on only one side shall be placed to have the finished side facing out. If a fence or wall is erected and any portion is placed with an unfinished side facing out due to an abutting obstacle, then that portion shall be finished within 180 days of the obstacle being removed.

k. Prohibited fence types. Barbed wire, electrified or razor wire fences, and fences or walls topped with barbed, electric or razor wire are prohibited, and shall not be erected or maintained on any property.

l. Zero lot line lots. Privacy fences and/or walls separating porches, patios, and pools along zero lot liens may be built to height not to exceed eight feet subject to building setbacks requirements of the residential zoning district where fence/walls are erected.

~~(5) Hardship. Setbacks on property which evidence indicates that adherence to established zoning regulations would create hardships to owner for valid and particular reasons may be modified upon appeal to the Board of Adjustment.~~

~~(6) Reserved.~~

~~(7) (e) Regulations applicable to El Mar Drive.~~

(1) Parking, El Mar Drive. It shall be unlawful to use the central park area of El Mar Drive for parking purposes, unless so designated by a sign and ordinance.

~~(8)~~ (2) -Walks, across El Mar. No concrete or other walkways shall be permitted to cross El Mar Drive except at street intersections unless the property owner agrees to provide at all times such maintenance as to ensure an equal level of street and concrete walk. Failure to do so may incur a fine of \$25.00 or removal of such walkway upon written prior notice.

~~(9)~~ (f) Use, public areas. It shall be unlawful for any person or group of persons to use any public area, park, street or thoroughfare as the site or location for the temporary or permanent construction, erection, or installation of ~~shuffleboard courts, tennis courts, croquet courts, putting greens, outdoor fireplaces, or for any and all similar physical installations of any structure~~ of any kind, ~~, or removal of any vegetation or structure thereon temporary or otherwise,~~ without express permission, upon written application, from the Town Commission. See Chapter 17 of the Town Code of Ordinances.

~~Violation or failure to comply with this provision may incur the penalty provided under section 1-12 and/or removal of such installation upon written prior notice. If approved, such use may be terminated or cancelled at any time by the Town Commission effective upon 30 days' written notice.~~

~~(10) Reserved.~~

~~(11) Reserved.~~

~~(12) Reserved.~~

~~(13) Trees, removal. No person or group of persons may remove trees, shrubs or the like from any public area, park, street or thoroughfare without express permission upon written application from the Town Planning and Zoning Board.~~

~~(14) (g) Aesthetic design. Plans and specifications may be disapproved from a standpoint of aesthetic design, as it is deemed unsuitable to the best interests of the Town and its citizens to erect a building, the design of which plainly shows it to~~

No structure shall be of an exhibitionistic character. Examples of which might portray, in form and coloring, a milk bottle, bean pot, articles of food, clothing, a windmill or the like. See Article I - In General, Sec. 30-9 Architectural standards.

~~(15) Trailers. No trailers shall be permitted for transient, temporary or permanent residence, nor shall such trailers be parked, occupied or unoccupied overnight on any public or private property, nor shall hauling trailers be parked overnight on any public or private property within the corporate limits.~~

~~(16) Temporary buildings. It shall be unlawful to occupy for residence any temporary building or utility building until the main building or buildings shall have been at least 50 percent completed.~~

~~(17) Plans and specifications. Plans and specifications for buildings or structures, alterations, repairs, improvements, replacements and additions costing \$5,000.00 or over, whether regulated under the jurisdiction of the State Hotel Commission or not, shall be prepared or approved and bear the seal of a duly registered architect or structural engineer. Nothing in the provision of this subsection shall be construed to allow or permit the successive use of plans and specifications prepared for one location, in another location or locations unless they be revised by the architect or engineer to comply with the provisions of this paragraph.~~

~~(18) Facade. Any building constructed on any interior lot shall be designed in such a manner as to present a facade of pleasing appearance facing the street.~~

~~(19) Size of buildings. Minimum ground floor building area requirements, exclusive of porches, carports, etc., shall be as follows: Ocean Drive, Bougainvillea Drive and Poinciana Street—1,200 ground floor square feet. El Mar Drive—1,200 ground floor square feet. All areas of the inclusive subdivisions known as Silver Shores and Beverly Shores, Golden Shores, Surf and Yacht Estates—1,300 ground floor square feet on waterfront lots and 1,200 ground floor square feet on nonwaterfront lots, all measurements to be defined as interior measurements of exterior walls.~~

~~(20) (h) Two fronts. Any nonresidential use on the first floor of a building that is located in the B-1-A or B-1 zoning district, extending from street to street on inside lots, shall have two fronts-facades and entrances. Double front yard setbacks are not required.~~

~~(21) Sheds and shanties. It shall be unlawful to move, erect or install construction sheds or shanties in or on any property within the Town of Lauderdale-By-The-Sea unless a building permit has first been applied for and/or obtained for the construction in connection with which the aforesaid sheds or shanties shall be used. Said construction sheds or shanties shall be moved, erected or installed only upon a revocable permit issued by the Town Building Inspector. The location of such sheds on the building lot shall be at the direction and by permission of the Building Inspector.~~

~~(22) Front setback, meaning. The term "front setback" wherever used in this article shall be interpreted to mean the setback from the street on which the front of the lot faces.~~

~~(23) Driveways and parking strips~~

(i) Standards for Driveways and Parking Strips.

(1) Driveways and parking strips paved or sealed with any hard surface material shall be provided with catch basin drainage.

(2) Where the contour of the ground causes surface water to drain to the street, said catch basins shall be constructed inside the roadway on Town property or on private property and shall trap the water drained from the premises.

(3) Catch basins shall be of sufficient size and capacity to dispose of said water in accordance with best engineering standards and practices as determined by the Building Inspector.

(4) The area of Town property between the property line and the edge of the roadway shall be graded to an elevation not greater than that of the abutting edge of the roadway.

(5) All grading and paving between the sidewalk and roadway edge on A1A (Ocean Drive) shall be subject to the Florida Department of Transportation specifications and permits requirements for such work shall be obtained from the department of transportation.

(6) Gravel driveways are prohibited.

~~(23.5)~~

(i) Standards for Swales in Single family and two-family (duplex) dwelling.

(1) Paving or construction of the swale area of the public right-of-way in the RS-4, RS-5 and RD-10 zoning districts shall comply with the following:

a. For the purpose of these regulations, the term "swale" is defined as: the land area between the paved roadway surface and the road right-of-way line.

b. Grading: All grassed areas and other permeable areas within the public right-of-way shall be graded so that they are lower than the adjacent public street and driveway pavement. Following construction or reconstruction of the swale area, the property owner adjacent to the swale shall be responsible for maintaining the swale in good condition, regularly watered and mowed.

e. c. Paved driveways are allowed within the swale area connecting to the adjacent property.

d. Maintenance of Swale. Owners of 50-foot lots in the RM-25 zoning district are required to maintain a minimum of 2½ feet of swale on each side of the front~~al~~ property lot line of their property with sodded or seeded grass, except when the maintenance of a grass swale will require the elimination of Code required parking.

~~e.~~ e. Landscaping.

1. Swale areas shall be maintained with grass, ground cover or Xeriscape landscaping.
2. All ground cover or Xeriscape landscaping shall not encroach into the paved roadway or public sidewalk.
3. Ground cover shall be defined as a low-growing plant that, by nature of its growth characteristics, completely covers the ground and does not exceed two feet in height.
4. Single trunk trees shall not be planted closer than one-half the distance between the edge of pavement and the front of the sidewalk or in the absence of a sidewalk, the right-of-way line or property line.
5. Non-native species and hedges are prohibited.
6. In those instances where the abutting property owner plants trees and/or landscaping materials within the swale area of the public right-of-way, any damage caused by roots or broken branches shall be the responsibility of the abutting property owner.
7. Prior to any plantings or removal of trees and/or landscaping materials within the swale area of the public right-of-way, the abutting property owner shall be required to obtain a permit from the Town Manager and comply with the regulations set forth in section 17-5 of the Town Code. Prior to the issuance of any permit, the abutting property owner shall execute an agreement to hold the Town harmless for any damages and/or costs caused by the maintenance and repair of utilities or future right-of-way improvements.
- ~~d-8.~~ 8. Trees shall not be planted closer than 20 feet from the intersection of any street. Trees shall be a minimum of six feet in height at the time of planting. The adjacent property owner shall maintain and trim swale trees. Tree limbs shall be maintained at least eight feet above the sidewalk and ten feet above the roadway. Trees shall not be planted closer than 20 feet from a street light pole, utility pole, fire hydrant, traffic sign, traffic signal pole or street name sign.

~~e. Paved driveways are allowed within the swale area connecting to the adjacent property.~~

(k) Standards for Driveways for Single-family and two-family (duplex) dwellings.

(1) Driveways shall be constructed of non-asphalt pavement such as concrete, pavers, stamped concrete and brick or other material approved by the Town Commission.

~~f. All swales in the RS-5 zoning district that exceed the allowable maximum pavement width whether connected to the driveway or not shall conform to the table outlined in subsection g.~~

~~g.~~ (2) Maintenance of driveways.

The property owner is responsible for maintaining and repairing the entire driveway including any portion in or crossing the swale.

(3) Design of driveways.

a. Driveways shall be setback at least two and one-half feet from the side property line and provide a two and one-half-foot radius (or flare) at the connection with the roadway.

b. Driveways shall be designed with a minimum four inch swale within the right-of-way between the roadway and the property line to enhance drainage to the swale area and not to the adjacent street and not restrict the drainage flow of the swale area.

c. Permeable areas shall be maintained at the grades originally approved unless otherwise authorized by the Town Commission ~~and~~.

d. Design of driveways - single-family and two-family (duplex) dwellings.

1. Single family and two-family (duplex) dwellings shall comply with the following requirements unless an exception is granted by the Town Commission.

RS-4 and RS-5 Zoning District:

Lot Frontage	Maximum Pavement Width
Less than 75 feet	30 feet
75 feet or greater	40% of frontage

RD-10 Zoning District:

Lot Frontage	Maximum Pavement Width
Less than 100 feet	40 feet
100 feet or greater	40% of frontage

~~Driveways in the RD-10 zoning district shall be designed, constructed and maintained with landscape features, at least five feet in width, which divide the driveway in a manner prohibiting uninterrupted paved surfaces in excess of one-half of the maximum allowable pavement width.~~

~~Owners of 50-foot lots in the RM-25 zoning district are required to maintain a minimum of 2½ feet of swale on each side of the frontal property line of their property with sodded or seeded grass, except when the maintenance of a grass swale will require the elimination of Code required parking.~~

~~Adjacent 50-foot lots under single ownership and use shall only be required to landscape the portion of the property at either end of the combined lots.~~

~~(23.6)~~

~~Gravel driveways are prohibited in RS-4, RS-5, and RD-10.~~

~~(23.7)-2.~~ Driveways in RS-4, RS-5, and RD-10 shall be constructed of non-asphalt pavement such as concrete, pavers, stamped concrete, and brick or other material approved by the Town Commission. Asphalt driveways permitted and constructed prior to the effective date of these regulations shall be allowed to continue as a legal nonconformity subject to the following provisions:

~~(1)~~ i. No driveway shall be enlarged upon or altered in any way that increases its nonconformity.

~~(2)~~ ii. Should such driveway be destroyed by any means to an extent that surpasses 50 percent of the replacement cost of the driveway, it shall not be reconstructed except in conformity with the provisions of this section and any other applicable land development regulations.

~~(3)~~ iii. Should such driveway be destroyed by any means to an extent less than 50 percent of its replacement cost, it may be restored only upon application to the building and zoning department.

~~(4)~~ iv. A nonconforming asphalt driveway may be maintained and repairs and alterations may be made. Any repairs, alterations, or resurfacing of the nonconforming driveway by more than 50 percent must comply with the requirements that non-asphalt materials be utilized as referenced above.

~~(24)-(1)~~ Paving drainfield areas. Paving in RS-5, RD-10, RM-25, RM-50, and B-1 zoned areas with asphalt or any other hard surface materials shall be prohibited in the areas under which drainfields or drainage facilities are located. Paving shall be prohibited in any setback area where such paving would interfere with the natural drainage necessary for the area or for the roof water from any construction located on the lot, or where such paving would cause the surface water to drain upon adjoining property.

~~(25)~~ Reserved.

~~(26)~~ (m) Satellite television antennas and dishes.

~~a.~~ (1) Definition. The term "satellite television antenna" or "satellite dish" shall mean an apparatus capable of receiving communications from a transmitter or a transmitter relay located in planetary orbit.

~~b.~~ (2) Compliance with building code. In addition to the requirements set forth in this subsection, all satellite television antennas and satellite dishes installed within the Town greater than two feet in diameter shall comply with all provisions of the building code adopted in this Code.

~~c.~~ (3) Requirements in RS-5 and RD-10 districts. All satellite antennas or satellite dishes located in RS-5 single-family and RD-10 duplex residential districts shall comply with the following:

~~1.~~ a. Setback requirements for satellite television antennas or satellite dishes shall be consistent with the setback requirements set forth in section 30-~~262~~ 261.8

~~2.~~ b. The maximum diameter of satellite television antennas or satellite dishes be ten feet.

~~3.~~ c. Satellite television antennas or satellite dishes will be installed to minimize the height thereof and shall not exceed 12 feet.

~~4.~~ d. All satellite antennas and satellite dishes shall be screened from view from abutting properties and public rights-of-way.

~~5.~~ e. No roof-mounted satellite dish shall be permitted.

~~6.~~ f. No satellite dish shall serve more than one single-family home.

~~7.~~ g. Notwithstanding the provisions of subparagraph ~~(26)~~ (m) c.2 of this section, no satellite dishes or antennas shall be permitted in side yards or front yards.

~~d.~~ (4) Requirements in other districts. Satellite television antennas or satellite dishes located in districts other than single-family districts shall meet the following requirements:

~~1.~~ a. Installation of any satellite television antenna or satellite dish shall conform to all zoning setback requirements for the district in which such antenna or dish is to be installed.

~~2.~~ b. No satellite television antenna or satellite dish installed in a multi-family district shall serve more than one multi-family complex which is controlled by a single property owner, or association or board.

~~3-c.~~ No television antenna or satellite dish installed in a business district shall serve more than one business.

~~4-d.~~ All satellite antennas or satellite dishes installed in zoning districts other than single-family residences shall meet all landscaping, height and installation requirements set forth in subparagraph (26)c. of this section.

~~5-e.~~ No roof-mounted satellite dish shall be permitted.

~~e-(5)~~ Application for installation. All applications for satellite television antenna or satellite dish installations shall be submitted to the Planning and Zoning Board and shall include the following:

~~1-a.~~ Three copies of the survey and three copies of the site plan showing the exact location of the satellite television antenna or satellite dish on the property in compliance with all the codes and ordinances of the Town;

~~2-b.~~ Two sets of signed and certified engineering plans by an engineer registered in the State detailing all installation requirements and specifications mandated by the building code or this Code;

~~3-c.~~ Three copies of a landscaping plan showing placement, size and type of landscape material;

~~4-d.~~ Sufficient information, as determined by the Planning and Zoning Board, that the installation of a satellite television antenna or satellite dish is not erected over a sewer pipe, underground conduit, wire or apparatus or within a public easement or utility easement.

~~f. (6)~~ Application fee. All applications for the installation of a satellite television antenna or satellite dish shall be accompanied by an application fee of \$50.00 payable to the Town.

~~g. (7)~~ Grounding. All satellite television antennas and satellite dishes shall be grounded against direct lightning strike.

~~h. (8)~~ Contest of provisions. Any person wishing to contest any term or provision of this subsection may do so before the Board of Adjustment.

~~i. (9)~~ Small satellite dishes.

~~1-a.~~ The term "small satellite dish" shall mean an apparatus, 18 inches or smaller in diameter, capable of receiving communications from a transmitter or a transmitter relay located in planetary orbit.

~~2-b.~~ The regulations which govern satellite television antennas and satellite dishes as set forth in this section of the Land Development Code shall be applicable to small satellite dishes with the following exceptions:

i. Small satellite dishes may be roof-mounted, provided they are not visible from a point five feet directly above the centerline of the right-of-way immediately to the front of the structure on which they are mounted.

ii. Planning and Zoning Board review for the installation of a small satellite dish is not required. Application for a permit to install a small satellite dish shall be made by submitting a drawing of the dishes along with the manufacturer's specifications for installation to the Town Building Department accompanied by a \$50.00 fee payable to the Town. Review of the application shall be by the Town Building Official or his/her designee and shall be limited to compliance with the manufacturer's specifications for installation, the provisions of this section of the Land Development Code and the applicable provisions of the South Florida Building Code, if any.

~~(27)~~(n) Lighting. Where lighting facilities are provided for parking areas, they shall be designed and installed so as to reflect the light away from any contiguous residential zoned property.

(o) Control of Lighting for Protection of Sea Turtle Nesting Areas.

(1) No lighting shall be installed, maintained or illuminated on public or private property that would directly illuminate the beach from sunset to sunup during the sea turtle nesting period from March 1 through October 31 of each year.

(2) Property owners are responsible for ensuring that all lighting along the beach is controlled so as not to illuminate the beach from sunset to sunup during this period.

(3) Measures to be employed by property owners for the installation, maintenance and control of all lighting in a direct line of sight of the beach, including interior lights visible from the beach through windows, shall be consistent with the standards and guidelines contained in Chapter 62B-55 of the Florida Administrative Code and in Technical Report 97-06 of the Broward County Beach Lighting Management Plan, as amended from time to time. All site plans for new development and redevelopment along the beach shall be required to demonstrate that the proposed development or redevelopment will comply with this section by identifying the specific measures that will be employed to control lighting.

(4) For existing development along the beach, property owners shall be required to immediately implement measures not involving any capital expenditures, such as switching-off exterior lights that illuminate the beach and closing existing draperies to shield interior lights during the turtle nesting period. By March 1, 2003, property owners shall implement all appropriate measures necessary to fully comply with this section.

~~(28)~~(p) Elevation of filled land. There shall be no land filled or elevated resulting in the elevation of the area in question above the natural elevation of the adjacent ground surface without first obtaining the approval of the ~~Town Commission~~ Floodplain Administrator. In order to obtain review and approval by the ~~Town Commission~~ Floodplain Administrator the applicant must first obtain the following:

~~a-~~ (1) A description of the extent to which any watercourse will be altered or relocated as a result of the proposed development;

~~b-~~ (2) A depiction of the elevation in relation to the adjacent property; and

~~c-~~ (3) Engineering calculations confirming that stormwater runoff will be retained on-site and that the proposed development will not create flooding issues on adjacent properties; and

~~Review and approval by the Town Planner.~~

~~(29)~~ (g) Swimming pools, pool decks, patios, hot tubs and spas; setbacks and enclosure required.

(1) No swimming pool, hot tub or spa shall be constructed within a front yard setback, unless the lot is a corner lot. Swimming pools, hot tubs and spas shall have the following minimum setback regulations:

a. All water bearing wall surfaces shall have a minimum five-foot setback from the property lines.

b. All water bearing wall surfaces shall have a minimum five-foot setback from any public right-of-way.

c. Notwithstanding any other regulation of this Code, fencing to enclose a swimming pool, hot tub or spa is permitted in the front setback, but shall not obstruct the view within any sight distance triangle.

d. Screen enclosures, pool decks, patios, porches and terraces:

1. ~~s-~~ Shall be permitted in the required side yard or rear yard only or in the front yard of a corner lot with a pool located in the front yard, and shall be located at least two and one-half feet from lot lines.

2. In addition, the location of screen enclosures, pool decks, patios, porches and terraces shall not obstruct the view within any sight distance triangle and will need to be located outside of any utility easement areas, unless the property owner obtains consent from the applicable utility(s) to allow any of these structures in the easement area, and

~~d-~~ (2) All swimming pools shall be enclosed by an open mesh screen enclosure or a fence or wall a minimum of five feet in height of such design and material as will prevent unauthorized access to the pool area. All screen doors and fence gates shall be equipped with a self-locking mechanism.

~~e-~~ (3) Swimming pools or spas on lots that directly abut a waterway or other water area shall not require enclosure along such waterway or water area.

~~Screen enclosures, pool decks, patios, porches and terraces shall be permitted in the required side yard or rear yard only or in the front yard of a corner lot with a pool located in the front yard, and shall be located at least two and one-half feet from lot lines. In addition, the location of screen enclosures, pool decks, patios, porches and terraces will need to be located outside of any utility easement areas, unless the property owner obtains consent from the applicable utility(s) to allow any of these structures in the easement area, and shall not obstruct the view within any sight distance triangle.~~

(r) Decks.

(1) Decks that abut a plot line that is a waterway may be allowed, but are not required, to extend to the waterway.

(2) There can be a gap between the deck and the dock provided the spacing between the deck and dock is properly secured.

(3) Decks need not be constructed to be flush with any dock or seawall area. However, the portion of decks that abuts and is located within five (5) feet of the seawall cannot be constructed higher than the seawall.

~~(30)~~ (s) Other mechanical and plumbing equipment setback requirements.

(1) Notwithstanding any provision of the Land Development Code which prohibits the use of setback areas, mechanical and plumbing equipment, including, but not limited to, air conditioner units, lawn irrigation pumps, water purification devices, and swimming pool or spa accessories, may be installed in a side or rear setback in all zoning districts, provided that no portion of the equipment may:

- a. Be within five feet of the adjacent property line;
- b. Exceed five feet high;
- c. Exceed eight feet in length; or
- d. Occupy more than 40 square feet of the property.

For properties which contain legal nonconforming mechanical and/or plumbing equipment located within a setback area less than five feet from the adjacent property line and installed prior to March 25, 2003, such equipment may be replaced or relocated. However, in no case may the equipment be located within a setback area less than three feet eight inches from the adjacent property line.

~~(31)~~(t) Accessory buildings and structures.

~~(1)~~ (1) On a lot containing a single-family, duplex or townhouse dwelling, side and rear yard setbacks not abutting a street may be reduced to five feet for accessory uses and structures.

~~a-(2)~~ (2) Accessory buildings may not exceed one story on any lot containing a single-family detached dwelling unit.

~~b-(3)~~ (3) Accessory buildings shall not exceed half the height of any principal building on lots containing two-family or multiple-family dwellings. On any plot containing grouped dwellings of varying heights, accessory buildings shall not exceed half the height of the lowest building on the plot.

~~c-(4)~~ (4) One-story accessory buildings shall be at least ten feet from any other accessory building and ten feet from any principal building on the same plot or parcel.

~~d-(5)~~ (5) The aggregate floor area of all accessory buildings shall not exceed five percent of the plot area.

~~e-(6)~~ (6) No accessory building shall contain more than 50 percent of the floor area of the principal building.

~~f-(7)~~ (7) Accessory buildings in commercial zoning districts may be allowed, subject to Town Commission approval. Staff shall apply the standards listed above as best as possible before the Town Commission reviews the accessory building in the commercial zoning district.

~~(32)~~(u) Generator regulations. Except for generators serving a public purpose and owned and operated by the Town, and which are therefore exempt from these regulations, portable or permanent generators temporarily or permanently placed on the ground, on a stand or on a trailer, shall not be placed in the required front setback or any street side setback. Generators shall be located in accordance with the following requirements:

~~(a)~~ (1) One portable or permanent generator with an output of not more than 60 KW shall be allowed in a required side or rear yard setback provided said generator meets the following conditions:

~~1-~~ a. The generator is set back a minimum of five feet from the property line.

~~2-~~ b. The generator shall not, at any time or for any purpose, exceed the maximum decibels allowed at the property line as set forth in section 13-6 of the Code.

~~3-~~ c. The highest point on the generator shall not exceed a maximum of seven feet above the neighboring property owner's grade.

~~4.~~ d. The generator is completely screened from adjacent properties by a wall at least four feet high or the same height as the generator (including the height of the exhaust muffler), whichever is greater.

~~5.~~ e. The generator's exhaust is, as much as practically feasible, vented upwards or directed away from neighboring properties.

~~6.~~ f. The generator shall be used only during periods of power outages or for periodic testing and necessary maintenance operation and shall not be used to sell power back to a power company or for use by power customers during periods of peak demand.

~~7.~~ g. The generator shall be operated for routine testing and maintenance purposes not more than one time in any seven-day period and no test shall exceed 30 minutes. Testing of emergency generators is permitted Monday through Thursday only (excluding holidays), between the hours of 11:00 a.m. and 12:00 p.m. or 2:00 p.m. and 3:00 p.m.

~~8.~~ h. Testing may be conducted when the unit is being repaired, provided that such testing period shall not exceed 30 minutes and shall be conducted only between the hours of 10:00 a.m. and 5:00 p.m. Monday through Saturday, excluding holidays.

~~9.~~ i. Generators are not permitted on the roof of a building.

~~(b)~~ (2) Provided that a portable or permanent generator is permanently or temporarily placed on the ground, on a stand, or on a trailer and is not located within required side or rear yard setback areas, the following conditions shall apply:

~~1.~~ a. If the generator's output capability is greater than 60 KW, it shall be placed on the property only in conformance with the setback requirements applicable to a principal structure.

~~2.~~ b. The generator shall not, at any time or for any purpose, exceed the maximum decibels allowed at the property line as set forth in subsection (a)(2) of this section.

~~3.~~ c. If the generator's output capacity is greater than 100 KW, it shall be subject to site plan review as defined in section 30-121 of the Code of Ordinances and shall be housed in an enclosed building with landscaping as approved by the Planning and Zoning Board.

~~4.~~ d. If the generator is greater than 60 KW and is 100 KW or less, and is visible from a street or public way, it shall be completely screened from adjacent properties by a wall at least four feet high or the same height as the generator (including the height of the exhaust muffler), whichever is greater.

~~5.~~ e. If the generator is 60 KW or less and is visible from a street or public way, its location shall be subject to approval by the Planning and Zoning Board. Intervening landscape material shall not be considered when determining a generator's visibility.

~~6-f.~~ The generator's exhaust is, as much as practically feasible, vented upwards or directed away from neighboring properties.

~~7-g.~~ The generator shall be used only during periods of power outages, periods of power reductions resulting from the exercise of utility load control programs or for periodic testing and necessary maintenance operation and shall not be used to sell power back to a power company.

~~8-h.~~ The generator shall be operated for routine testing and maintenance purposes not more than one time in any seven-day period and no test shall exceed 30 minutes. Testing of emergency generators is permitted Monday through Thursday only (excluding holidays), between the hours of 11:00 a.m. and 12:00 p.m. or 2:00 p.m. and 3:00 p.m.

~~9-i.~~ Testing may be conducted when the unit is being repaired, provided that such testing period shall not exceed 30 minutes and shall be conducted only between the hours of 10:00 a.m. and 5:00 p.m. Monday through Saturday, excluding holidays.

~~10-j.~~ Generators are not permitted on the roof of a building.

~~(e)~~ (3) Notwithstanding subsection (a), the Director of Development Services or designee may grant a setback waiver allowing a generator with an output capability in excess of 60 KW to be located within a required side or rear yard setback, provided the applicant submits to the Town a site plan and evidence or testimony substantiating each of the following conditions:

~~1-a.~~ The output of a 60 KW or less generator is incapable of providing enough electricity for the basic necessity of occupying a building and/or protecting interiors or possessions in a building from the damaging effects of prolonged loss of power.

~~2-b.~~ The proposed location is not merely for the convenience or preference of the applicant, but that there is no other location outside of the required setbacks that will provide for safe placement of the generator.

~~3-c.~~ The proposed location represents the minimum intrusion into the required setback(s) necessary to safely accommodate the generator.

~~(d)~~ (4) The following requirements shall apply to fuel storage tanks for generators for single-family and duplex structures:

~~1-a.~~ One (1) above ground tank not to exceed six feet in height and 250 gallons shall be permitted. Up to two above-ground tanks, not to exceed a total collective capacity of 250 gallons, and subject to the requirements of this subsection, shall be allowed in lieu of one 250-gallon above-ground tank. Above ground fuel storage tanks shall be completely screened from adjacent properties by a at least four feet high or the same height as the tank itself. Fuel storage tanks shall be subject to the same setback and location regulations for generators provided in this subsection except that a fuel storage

tank may also be placed in the street side yard, setback a minimum of five feet from the property line. Upon a showing that it is impossible to place the tank in the rear yard, or to comply with the setbacks on either side yard, the Town Manager may approve a waiver to the minimum tank setback requirement, provided the tank is set as close as possible to the building, fully screened as required in this section, and that both the tank and the screening are setback a minimum of three feet from the property line.

~~2~~ b. In lieu of an above ground fuel storage tank, one underground fuel storage tank, not to exceed 500 gallons, shall be permitted subject to the same setback and location regulations for generators provided in this subsection. However, underground fuel storage tanks may be located within the required front yard setback or required side yard setback, provided it is not located within five feet of any public right-of-way or utility easement.

~~(e)~~ (5) The following requirements shall apply to fuel storage tanks for generators for all other structures (excluding single-family and duplex):

~~1~~ a. All tanks shall be subject to the same setback and regulations for generators provided in this subsection. Fuel storage tanks shall comply with the Florida Building Code (FBC) and the Florida Fire Prevention Code (FFPC).

~~2~~ b. Any tank over 1,000 gallons, not located within an enclosed building or underground, shall be subject to site plan review as defined in section 30-121 of the Code of Ordinances.

~~3~~ c. Underground fuel storage tanks may be located within the required front yard setback provided they are not located within five feet of any public right-of-way or utility easement.

~~4~~ d. All tanks shall be completely screened from the right-of-way and neighboring properties by a wall. If the wall exceeds the maximum height of walls within the zoning district, but it is the minimum height necessary to adequately screen the tank, then this section shall prevail over any other wall height restrictions.

~~(f)~~ 6. All fuel storage tanks shall be properly permitted in accordance with all applicable county, state, and federal regulations.

~~(g)~~ 7. If an administrative waiver is not granted pursuant to subsection (c) the applicant may appeal the administrative decision to the Board of Adjustment pursuant to section 30-7 of the Code.

AGREEMENT

Between

BROWARD COUNTY

and the

TOWN OF LAUDERDALE-BY-THE-SEA

related to

ANNEXATION OF THE "INTRACOASTAL/BEACH AREA"

This is an Agreement, made and entered into by and between: BROWARD COUNTY, a political subdivision of the State of Florida, acting by and through its Board of County Commissioners, hereinafter referred to as "COUNTY," and the TOWN OF LAUDERDALE-BY-THE-SEA, a Florida municipal corporation, hereinafter referred to as "TOWN."

WHEREAS, in order to establish the background, context, and frame of reference for this Agreement and the objectives and intentions of COUNTY and TOWN, the following statements, representations, and explanations are predicates for the undertakings and commitments included within the provisions which follow and shall be construed as essential elements of the mutual considerations upon which this Agreement is based; and

WHEREAS, it is the purpose and intent of this Agreement for COUNTY and TOWN to provide for a means by which each governmental entity may exercise cooperatively its respective powers and privileges in order to achieve a smooth transition of the Intracoastal/Beach Area from the COUNTY to the TOWN; and

WHEREAS, this Agreement is an interlocal agreement entered into pursuant to Section 163.01, Florida Statutes, the Florida Intergovernmental Cooperation Act of 1969, as amended. Prior to the effectiveness of any provisions of this Agreement and any amendments hereto, this Agreement including any amendments shall be filed as provided by Section 163.01(11); and

WHEREAS, the State of Florida approved Chapter 99-465, Laws of Florida (1999), during the 1999 legislative session which resulted in the portions of the unincorporated area in Broward County described in Section 4 of Chapter 99-465, Laws of Florida (1999) (hereinafter sometimes referred to as the "Intracoastal/Beach Area"), being annexed into the municipal boundaries of the TOWN after the electors in the Intracoastal/Beach Area voted to annex into TOWN; and

WHEREAS, annexation of the Intracoastal/Beach Area into the TOWN will be effective October 1, 2001; and

WHEREAS, it is mutually beneficial to TOWN and COUNTY to ensure a smooth transition of the Intracoastal/Beach Area from the COUNTY to TOWN; NOW, THEREFORE,

IN CONSIDERATION of the mutual terms, conditions, promises, and covenants hereinafter set forth, COUNTY and TOWN agree as follows:

ARTICLE 1

DEFINITIONS AND IDENTIFICATIONS

- 1.1 Agreement - means this document, Articles 1 through 6, inclusive. Other terms and conditions are included in the exhibit that is expressly incorporated by reference.
- 1.2 Board - The Broward County Board of County Commissioners.
- 1.3 Town Contract Administrator - The Town of Lauderdale-By-The-Sea Town Manager is the Town Contract Administrator.
- 1.4 County Contract Administrator - The Broward County Administrator is the County Contract Administrator.

ARTICLE 2

SERVICES AND REVENUE

The obligations and commitments of COUNTY and TOWN regarding transition of the Intracoastal/Beach Area from COUNTY to TOWN under this Agreement are as set forth in Exhibit A, which is attached hereto and incorporated herein by this reference. In addition, TOWN shall hire a qualified professional or professionals to perform a study and develop a neighborhood plan. COUNTY shall contribute Twenty-five Thousand Dollars (\$25,000.00) to TOWN for the study and development of the neighborhood plan. The study and neighborhood plan shall be done by a qualified professional (or professionals) who is not an employee of TOWN. The Twenty-five Thousand Dollars (\$25,000.00) to be contributed by COUNTY shall be payable to TOWN within thirty (30) days of submission of a written invoice referencing this Agreement and sufficient documentation of TOWN's payment of such amount to the professional or professionals conducting the study and developing the neighborhood plan.

ARTICLE 3EFFECTIVENESS, TERM

This Agreement shall become effective on October 1, 2001. The obligation of COUNTY to continue providing services identified in Exhibit "A" shall terminate as provided in Exhibit A. Notwithstanding any other provision to the contrary, if a COUNTY obligation to act or to provide service identified in Exhibit "A" pursuant to this Agreement exists after September 30, 2002, COUNTY shall have the right to discontinue providing such service at any time by giving at least 30 days' prior written notice to TOWN, after which time it shall be TOWN's obligation and responsibility to act or provide such service.

ARTICLE 4GOVERNMENTAL IMMUNITY AND LIABILITY RISK

Nothing contained in this Agreement is intended to serve as a waiver of sovereign immunity by any party. TOWN assumes the risk for any and all loss and liability which results from this Agreement, if any, which are not the fault of COUNTY. COUNTY urges TOWN to insure against potential loss and liability through TOWN's insurance carrier as COUNTY does not assume or accept responsibility or liability for TOWN by any means, whether insurable or otherwise, when such loss or liability is not the fault of COUNTY; provided COUNTY shall be liable for any loss and liability caused by COUNTY.

ARTICLE 5TERMINATION

In the event of breach, this Agreement may be terminated by the aggrieved party, acting by and through its governing body, upon not less than thirty (30) days written notice to the other party. Such written notice shall specifically identify the breach. This Agreement may also be terminated by either parties' Contract Administrator upon such notice as such Contract Administrator deems appropriate under the circumstances in the event such Contract Administrator determines that termination is necessary to protect the public health or safety. Notice of termination shall be provided in accordance with the "NOTICES" section of this Agreement.

ARTICLE 6MISCELLANEOUS6.1 OWNERSHIP OF DOCUMENTS

Any and all reports, photographs, surveys, and other data and documents created in connection with this Agreement are and shall remain the property of the party that created same and TOWN shall accept from COUNTY for lawful management, retention, destruction, and/or disclosure any such document delivered to TOWN by COUNTY.

6.2 AUDIT RIGHT AND RETENTION OF RECORDS

TOWN and COUNTY shall have the right to audit the books, records, and accounts that are related to this Agreement. TOWN and COUNTY shall keep such books, records, and accounts as may be necessary in order to record complete and correct entries related to this Agreement.

TOWN and COUNTY shall preserve and make available, at reasonable times for examination and audit, all financial records, supporting documents, statistical records, and any other documents pertinent to this Agreement for the required retention period of the Florida Public Records Act (Chapter 119, Fla. Stat.), if applicable, or, if the Florida Public Records Act is not applicable, for a minimum period of three (3) years after termination of this Agreement. If any audit has been initiated, the books, records, and accounts shall be retained until completion of the audit; provided, that if audit findings have not been resolved, such books, records, and accounts shall be retained until resolution of the audit findings.

6.3 NONDISCRIMINATION

Neither party shall unlawfully discriminate against any person in its operations and activities or in its use or expenditure of funds in fulfilling its obligations under this Agreement. Each party shall affirmatively comply with all applicable provisions of the Americans with Disabilities Act (ADA), including Titles I and II of the ADA (regarding nondiscrimination on the basis of disability), and all applicable regulations, guidelines, and standards. In addition, each party shall take affirmative steps to ensure nondiscrimination in employment against disabled persons.

Each party's decisions regarding the delivery of services under this Agreement, if any, shall be made without regard to or consideration of race, age, religion, color, gender, sexual orientation (Broward County Code, Chapter 16 ½), national origin, marital status, physical or mental disability, political affiliation, or any other factor which cannot be lawfully used as a basis for service delivery.

Neither party shall engage in or commit any discriminatory practice as described in or in violation of the Broward County Human Rights Act (Broward County Code, Chapter 16½) in performing any services, if any, pursuant to this Agreement.

6.4 INDEPENDENT CONTRACTOR

No partnership, joint venture, or other relationship is created hereby. Neither COUNTY nor TOWN extends to the other's agent(s) any authority of any kind to bind them in any respect whatsoever.

6.5 THIRD PARTY BENEFICIARIES

Neither TOWN nor COUNTY intend to directly or substantially benefit a third party by this Agreement. Therefore, the parties agree that there are no third party beneficiaries to this Agreement and that no third party shall be entitled to assert a claim against either of them based upon this Agreement.

6.6 NOTICES

Whenever either party desires to give notice to the other, such notice must be in writing, sent by certified United States Mail, postage prepaid, return receipt requested, or by hand delivery with a request for a written receipt of acknowledgment of delivery, addressed to the party for whom it is intended at the place last specified. The place for giving notice shall remain the same as set forth herein until changed in writing in the manner provided in this section. For the present, the parties designate the following:

FOR BROWARD COUNTY:

Broward County Administrator
Governmental Center, Room 409
115 South Andrews Avenue
Fort Lauderdale, Florida 33301

FOR TOWN:

Town Manager
4501 Ocean Drive
Lauderdale-By-The-Sea, Florida 33308

6.7 ASSIGNMENT

Neither this Agreement nor any interest herein shall be assigned, transferred, or encumbered.

6.8 WAIVER OF BREACH

Neither COUNTY's nor TOWN's failure to enforce any provision of this Agreement shall be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach of a provision of this Agreement shall not be deemed a waiver of any subsequent breach and shall not be construed to be a modification of the terms of this Agreement.

6.9 COMPLIANCE WITH LAWS

Each party shall comply with all federal, state, and local laws, codes, ordinances, rules, and regulations with respect to its commitments, duties, responsibilities, and obligations pursuant to this Agreement.

6.10 SEVERANCE

In the event a court of law should find any part of this Agreement to be invalid or unenforceable, the remaining terms of the Agreement shall be considered unaffected and enforceable to the fullest extent of the law, provided the parties' original intent is not materially affected by exclusion of an unenforceable or invalid provision.

6.11 JOINT PREPARATION

In interpreting this Agreement, no significance shall be given to the fact that one party may have authored the Agreement; rather, this Agreement shall be construed as a mutually acceptable document fully and fairly negotiated by the parties hereto.

6.12 PRIORITY OF PROVISIONS

If there is a conflict or inconsistency between any term, statement, requirement, or provision of any exhibit attached hereto, any document or events referred to herein, or any document incorporated into this Agreement by reference and a term, statement, requirement, or provision of Articles 1 through 6 of this Agreement, the term, statement, requirement, or provision contained in Articles 1 through 6 shall prevail and be given effect.

6.13 CONSTRUCTION OF AGREEMENT

The truth and accuracy of each "Whereas" clause set forth above are acknowledged by the parties and same are hereby incorporated into and made a part of this Agreement. It is the intent of the parties that this Agreement shall be liberally construed and interpreted consistent with the "Whereas" clauses set forth herein so as to fully effectuate its purposes and intent.

6.14 JURISDICTION, VENUE, WAIVER OF JURY TRIAL

This Agreement shall be interpreted and construed in accordance with and governed by the laws of the state of Florida. Any controversies or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted to the jurisdiction of the state courts of the Seventeenth Judicial Circuit and venue for litigation arising out of this Agreement shall be in such state courts. By entering into this Agreement, TOWN and COUNTY hereby expressly waive any rights either party may have to a trial by jury of any civil litigation related to this Agreement.

6.15 AMENDMENTS

No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by the Board and TOWN.

6.16 PRIOR AGREEMENTS

This document represents the final and complete understanding of the parties and incorporates or supersedes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein. The parties agree that there is no commitment, agreement, or understanding concerning the subject matter of this Agreement that is not contained in this written document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representation or agreement, whether oral or written.

6.17 AGREEMENT FOR FIRE AND EMERGENCY MEDICAL SERVICES (EMS)

The parties have entered into a separate agreement, dated January 25, 2000 and amended September 19, 2000, titled, "INTERLOCAL AGREEMENT Between BROWARD COUNTY and TOWN OF LAUDERDALE-BY-THE-SEA Providing for DELIVERY OF EMERGENCY MEDICAL SERVICES BY BROWARD COUNTY WITHIN THE MUNICIPAL SERVICES BENEFIT UNIT AND COOPERATIVE DELIVERY OF FIRE PROTECTION SERVICES IN ACCORDANCE WITH A MUTUAL RESPONSE PLAN". It is not the intent of the parties to alter or affect the terms of such Fire and EMS agreement, and in the event of a conflict, the terms of the Fire and EMS agreement shall prevail.

6.18 AGREEMENT FOR BROWARD COUNTY BUILDING SERVICES

The parties have entered into a separate agreement, dated August 20, 1996, titled, "INTERLOCAL AGREEMENT Between BROWARD COUNTY and TOWN OF

LAUDERDALE-BY-THE-SEA FOR ISSUANCE OF PERMITS, INCLUDING INSPECTIONS, PLAN REVIEW AND BUILDING OFFICIAL SERVICES TO BE PERFORMED BY THE BROWARD COUNTY BUILDING AND PERMITTING DIVISION". It is not the intent of the parties to alter or affect the terms of such Building Services agreement, and in the event of a conflict, the terms of the Building Services agreement shall prevail.

6.19 REPRESENTATION OF AUTHORITY

The individuals executing this Agreement on behalf of any entity hereby represent and warrant that they are on the date of this Agreement duly authorized by all necessary and appropriate action to execute this Agreement on behalf of their principal.

6.20 MULTIPLE ORIGINALS

Multiple copies of this Agreement may be executed by all parties, each of which, bearing original signatures, shall have the force and effect of an original document.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement: BROWARD COUNTY through its BOARD OF COUNTY COMMISSIONERS, signing by and through its Chair or Vice Chair, authorized to execute same by Board action on the 23rd day of October 20 01, and TOWN, signing by and through its Mayor and Town Clerk, duly authorized to execute same.

EXHIBIT A

The respective obligations and commitments of the COUNTY and TOWN are as follows:

1. Types of Services Transitioned to TOWN - Except as otherwise provided in this Agreement, TOWN shall be responsible for all municipal-level services beginning October 1, 2001. This transition does not include Fire Protection and Emergency Medical Services or building services which shall continue to be provided by COUNTY pursuant to separate agreements.
2. Building Code Services - All outstanding building permits shall be inspected and finalized by COUNTY, including expired building permits which are renewed. Any permit application submitted before the effective date of the annexation shall be issued, inspected, and finalized by COUNTY. Any permit application submitted after the effective date of the annexation shall be issued, inspected, and finalized by TOWN. COUNTY shall continue to monitor and enforce building code violations for compliance for a period of time not to exceed one year from the effective date of the annexation. After that time, TOWN shall be notified that COUNTY will close its files, after which it shall be TOWN's responsibility to ensure compliance. All records for all building permits issued by COUNTY prior to the effective date of the annexation shall remain as part of COUNTY's public records and COUNTY shall endeavor not to destroy such records unless they are first offered to TOWN at no charge payable to COUNTY by TOWN. COUNTY shall provide TOWN officials, with free, open, and unlimited access to all records needed in the performance of their duties during regular business hours that are being maintained by COUNTY.
3. Zoning Code Services - All records for all zoning permits issued by COUNTY prior to the effective date of the annexation shall remain as part of COUNTY's public records and COUNTY shall endeavor not to destroy such records unless they are first offered to TOWN at no charge payable to COUNTY by TOWN. COUNTY shall continue to monitor and enforce pending zoning matters as of the effective date of annexation for compliance for a period of time not to exceed one year from the effective date of the annexation. After that time TOWN shall be notified that COUNTY will close its files, after which it will be TOWN's responsibility to ensure compliance in those matters. All outstanding applications for zoning permits, including but not limited to variances and site plans and certificates of use, shall be inspected and finalized by COUNTY. TOWN shall be responsible for the review and approval of all applications for the extension of the effectiveness of variances approved by COUNTY prior to October 1, 2001. Any permit application submitted after the effective date of the annexation shall be issued, inspected, and finalized by TOWN.

Zoning designations under the Broward County Zoning Code shall remain in effect until TOWN adopts an ordinance changing the zoning designations. Upon annexation, TOWN

shall be responsible for enforcement of all other provisions of the TOWN's code of ordinances within the annexed area.

4. Engineering and Right-of-Way Management - COUNTY and TOWN acknowledge that jurisdiction and responsibility for, and title to, all public roads and public rights-of-way associated therewith lying within the Intracoastal Beach/Area described in Chapter 99-465, Laws of Florida (1999), including, but not limited to, those described in Exhibit "B," hereinafter referred to as "transferred roads," shall transfer from the COUNTY to the TOWN effective October 1, 2001, pursuant to Section 12 of Chapter 99-465, Laws of Florida (1999). TOWN and COUNTY agree and acknowledge that all legal rights, title, interest, and responsibilities, including, but not limited to, the planning, design, construction, improvement, and maintenance of the transferred roads are relinquished by COUNTY and accepted by TOWN effective October 1, 2001, however:
 - A. All records for all permits issued by COUNTY prior to the effective date of the annexation shall remain as part of COUNTY's public records and COUNTY shall endeavor not to destroy such records unless they are first offered to TOWN at no charge payable to COUNTY by TOWN.
 - B. All outstanding engineering permits shall be inspected and finalized by COUNTY.
 - C. Bonds held for outstanding Engineering permits will be maintained until successful completion of the one-year warranty maintenance period.
 - D. Any permit issued after the effective date of the annexation shall be issued, inspected, and finalized by TOWN, except as provided herein below and except as otherwise provided for in Exhibit "A."
 - E. COUNTY shall continue to monitor outstanding engineering permits for compliance through the warranty maintenance period until final acceptance by COUNTY. After acceptance, COUNTY shall notify TOWN that COUNTY will close its files, and it shall be the TOWN's responsibility to ensure compliance.

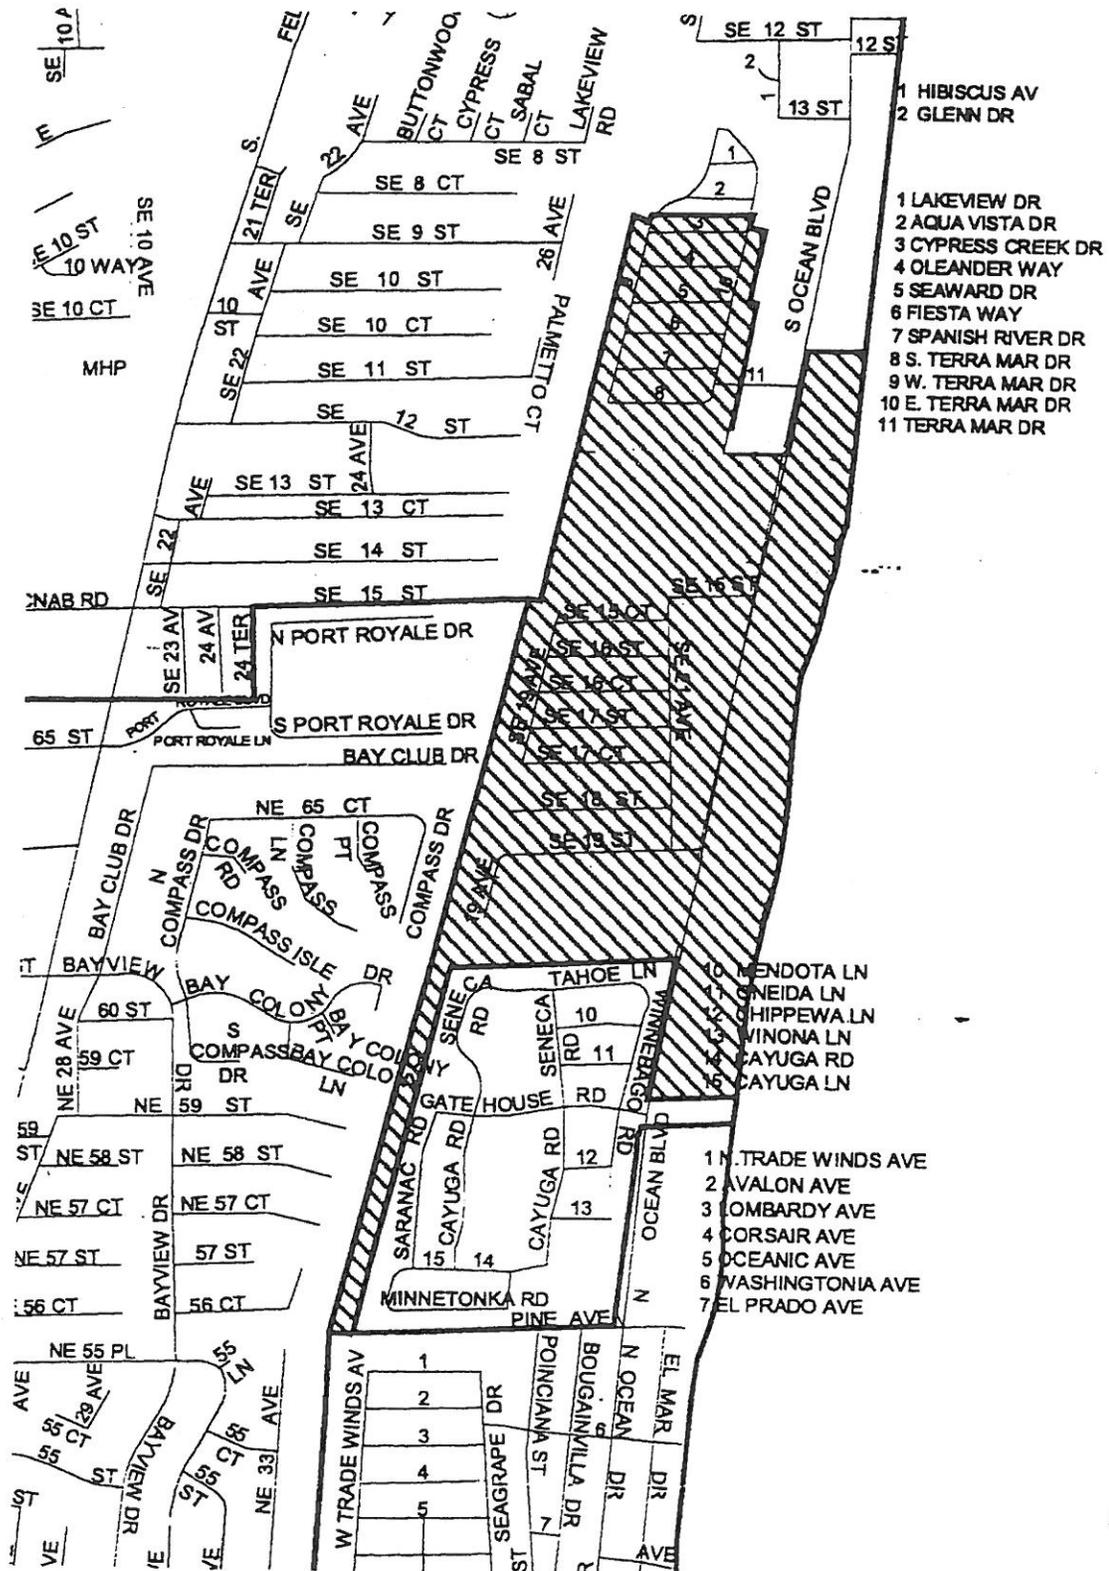

5. Street Maintenance - Upon the effective date of the annexation, TOWN hereby irrevocably accepts responsibility for maintenance of the transferred roads. However, COUNTY shall complete any street maintenance project in process as of the effective date of the annexation.

6. Planning and Development Review - COUNTY shall be responsible for review and approval of all applications for plats or applications for amendments to plats within the annexed area which are received by Broward County prior to October 1, 2001. All plats approved by the Broward County Board of County Commissioners prior to the effective date of the annexation shall be entitled to be recorded as if such a plat was still located within the unincorporated area. TOWN shall be responsible for neighborhood planning as of the effective date of annexation. COUNTY shall be responsible for the review and approval of all final site plan applications which are received by Broward County prior to October 1, 2001. COUNTY shall be responsible for review and approval of all

applications for amendments to site plans that received a development order from Broward County prior to October 1, 2001 if the application for amendment is filed with Broward County prior to October 1, 2001. The Future Unincorporated Land Use Element of the Broward County Comprehensive Plan shall remain in effect until TOWN adopts an ordinance changing such land use designation by a majority of the full governing board of TOWN. Upon annexation, TOWN shall be responsible for implementation and administration of the Future Unincorporated Land Use Element of the Broward County Comprehensive Plan within the annexed area.

7. Waterway Management and Maintenance - Upon the effective date of the annexation, TOWN agrees to accept conveyance and ownership of all water bodies which shall irrevocably and unconditionally become owned by TOWN upon the effective date of this Agreement. All storm sewers and associated storm water outfalls serving roads that are transferred to TOWN as part of the annexation shall be owned by TOWN. Storm sewers and the associated outfalls that primarily serve roads that will remain COUNTY's responsibility shall remain the responsibility of COUNTY. Such storm sewers and associated outfalls that will transfer to TOWN are identified on Exhibit "C."
8. Allocation of Revenues - TOWN shall coordinate the notification and filing for the necessary steps to ensure that all appropriate State revenue sources, franchise fees and utility taxes applicable to the Intracoastal/Beach Area currently being collected by COUNTY are transitioned to TOWN and any such revenues, fees or taxes shall be collected by TOWN. Such revenues earned on or after October 1, 2001 shall belong to TOWN. Upon TOWN's request, COUNTY shall make documents relating to these revenues available to TOWN for inspection. If revenues due TOWN are received by COUNTY, those revenues shall be remitted to TOWN without payment of interest by COUNTY. Revenues earned prior to October 1, 2001 shall belong to COUNTY.
9. Garbage Collection - COUNTY shall continue to provide waste collection and recycling services until December 31, 2001.
10. Beach Access Easements - TOWN agrees to accept from COUNTY, in substantially the form set forth in Exhibit D, conveyance and ownership of two (2) easement parcels designated for beach access in accordance with the terms of such easements and TOWN shall keep open and maintain such easements in perpetuity for the benefit of the general public (such form being that provided in Section 125.411, Fla. Stat.).

QUITCLAIM DEED

(Pursuant to F. S. 125.411)

THIS DEED, made this ____ day of _____, _____, by BROWARD COUNTY, a political subdivision of the State of Florida (the "GRANTOR"), whose address is Governmental Center, Room 423, 115 South Andrews Avenue, Fort Lauderdale, Florida 33301, and THE TOWN OF LAUDERDALE-BY-THE-SEA, a Florida municipal corporation (the "GRANTEE"), whose post office address is: 4501 Ocean Drive, Lauderdale-By-The-Sea, Florida 33308.

WITNESSETH:

That GRANTOR for and in consideration of the sum of TEN DOLLARS (\$10.00) to it in hand paid by GRANTEE, the receipt whereof is hereby acknowledged, has granted, bargained and sold to GRANTEE, its heirs, successors and assigns, forever, those certain easements over the following described lands, lying and being in Broward County, Florida, to wit:

PARCEL ONE:

A parcel of land in Government Lot 1, Section 7, Township 49 South, Range 43 East, Broward County, Florida, bounded as follows: On the North by a line parallel to and 3,450 feet southerly from, measured at right angles to, the East and West Quarter/Section line in Section 6, of said Township and Range; on the South by a line 3,460 feet southerly from, measured at right angles to, the said East and West Quarter line; on the West by the East right of way line of State Road A-1-A, and on the East by the Atlantic Ocean.

PARCEL TWO:

The South 10 feet of the following described parcel: A parcel of land in Section 7, Township 49 South, Range 43 East, Broward County, Florida, bounded as follows:

On the South by a line parallel to and 1,180 feet northerly from, measured at right angles to, the South boundary of the Northwest one-quarter (NW 1/4) of the Southeast one-quarter (SE 1/4) of said Section 7, and the easterly extension of said South boundary. On the North by a line 300 feet northerly from, measured at right angles to, the South boundary hereof. On the West by the easterly right-of-way line of State Road No. A-1-A. And on the East by the waters of the Atlantic Ocean.

Originally conveyed to Grantor by Order of Taking issued by the Circuit Court of the Seventeenth Judicial Circuit for Broward County, No. 71-4390 "J" Franza, dated May 26, 1972, recorded in the Official Records of Broward County at Book _____, Page _____.

SUBJECT TO all existing public purpose utility and government easements and rights of way.

AND FURTHER SUBJECT TO THE CONDITION THAT THIS GRANT IS GIVEN TO GRANTEE TO HAVE AND TO HOLD the same expressly and solely for beach access in accordance with the terms of such easements and the party of the second part shall keep open and maintain such easements in perpetuity for the benefit of the general public. In the event the easements are no longer used for the express purposes provided herein, then the said party of the first part, its successors and assigns, shall have the right to re-enter and retake the easements.

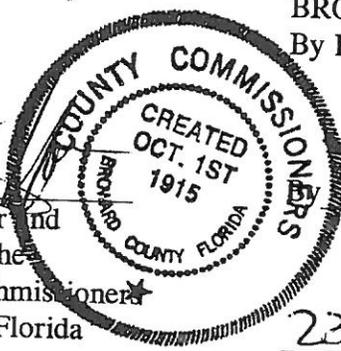

IN WITNESS WHEREOF, GRANTOR has caused these presents to be executed in its name by its Board of County Commissioners acting by the Chair or Vice Chair of said Board, the day and year aforesaid.

Exhibit "A"

Unified Land Development Regulations

September 2007

1 **Amending Section 24-4.3(g) as follows:**
2

- 3 (1) Upon approval of a site plan by the Town Commission, the applicant shall have one (1)
4 year to secure a building permit from the Town's permitting authority when the property
5 which is the subject of the site plan is west of the coastal construction line and eighteen
6 (18) months when the property is east of the coastal construction line.
7 (2) The granting of approval for a major site plan amendment recommences the running of
8 the above referenced time periods. The granting of approval of a minor site plan
9 amendment does not recommence the running of the above referenced time periods.
10 (3) If an application fails to secure a building permit in allowed time, all previous approvals
11 shall become null and void.
12 (4) A clearing and grubbing permit shall not constitute a building permit for site plan review
13 purposes.
14 (5) The Town Commission, at its discretion, may extend the approval of a site plan for an
15 additional time period not to exceed one-year, provided a request for extension is filed
16 prior to the expiration of the original one-year period. In granting such extensions the
17 Town Commission may require modifications to or impose additional conditions on the
18 site plan.
19
20

21 **Amending Section 24-4.4(a) (1) as follows:**
22

23 (11) Pervious area and greenspace.

- 24 a. The area covered by structures and impervious surface shall not exceed seventy-five
25 percent (75%) for commercial and seventy-five percent (75%) for residential uses. For
26 the purposes of this requirement all other use, such as, but not limited to, utilities,
27 transportation and office park, shall be included in the commercial category. In mixed
28 use developments, the most restrictive of the applicable impervious area limitations
29 shall be utilized.
- 30 1. Pervious areas may be used to satisfy requirements for landscaping and setbacks,
31 buffer strips, drain fields, passive recreation areas, or any other purpose that does
32 not require covering with a material that prevents infiltration of water into the
33 ground. Pervious brick material may not be counted towards the required
34 landscaped pervious area. If a property fronts the beach and the property owner
35 has riparian rights on the beach, the portion of the property that has beach area
36 cannot be counted towards the required landscaped pervious area.
- 37 2. In the case of the use of an impervious material which does not cover all the
38 surface to which it is applied, credit towards the computation of the pervious area
39 shall be given according to the percentage of pervious area that is retained.
- 40 (a) Pervious paving blocks may not be used within major driveways, loading
41 zones, actively used parking stalls in commercial or industrial
42 developments, or any other area that may cause a liability to the property
43 owner.
- 44 (b) Pervious paving blocks may be used in overflow parking areas, park and
45 recreation parking facilities, and residential areas. In all cases where the

1 pervious paving blocks are used where pedestrian traffic is prevalent, the
 2 block voids shall be planted with a non-runner species of grass in the
 3 block voids, such as but not limited, to zoysia and bermuda grass.
 4 However, pervious brick material may not be counted towards the
 5 required landscaped pervious area.
 6

7 3. In cases where the ULDR town zoning code allows some required parking stalls
 8 to be grassed, no credit towards the computation of pervious area shall be granted
 9 for such areas.

10 b. Each proposed development shall include provisions for the application of best
 11 management practices to enhance retention areas such as grass ponds, grass
 12 swales, French drains, or combinations thereof, and shall meet all requirements of
 13 the applicable 208 Areawide Wastewater Treatment Plan.

24 ARCHITECTURAL STANDARDS.

25
 26 Compliance with standards required.

27
 28 All development, including new construction, reconstruction, alterations and additions within the
 29 B-1-A, B-1, R-5, RD-10, RM-25, and RM-50 districts of the Town shall comply with the
 30 following architectural standards.
 31

32 1. The architectural type shall be in accordance with the classical style of the Spanish,
 33 Venetian, Italian or other Mediterranean or similar harmonious architecture, except that
 34 buildings the Town Commission has designated as a "historical landmark" shall conform to
 35 the architecture or the existing building.

36 2. Marked stucco to simulate shutters flanking window openings, and indiscriminate use of
 37 stucco "scoring" or "cut lines," unless they perform a function in the design, shall not be
 38 permitted.

39 3. Where particular treatments such as scoring, slump brick or other architectural motifs are
 40 employed, these shall "return" on the abutting elevations.

41 4. Indiscriminate use of brick shall not be permitted.

42 5. Where wood or metal columns are used, the same shall be well-proportioned.

43 6. Shutters shall be architecturally designed to enhance the structure and all tracks and
 44 housing shall be concealed from view when not in use.

45 7. Rooftop equipment such as that used in air-conditioning and any other type of mechanical
 46 or service equipment shall be screened from view.

- 1 8. Air cooled condensing and/or compressor equipment, water cooling towers and other type
 2 of mechanical equipment or apparatus installed on or attached to a premises shall be
 3 screened from view from the street, waterway, or adjoining properties by a wall and
 4 landscaping.
- 5 9. Exposed concrete or masonry block shall not be permitted. With the exception of red or
 6 other brick, crab orchard or other stone, and architecturally formed and detailed concrete,
 7 all masonry surfaces shall be stuccoed.
- 8 10. If metal garage doors are used, they shall be painted.
- 9 11. No exposed air conditioning ductwork or exposed solar tanks shall be permitted.
- 10 12. Buildings and structures shall not be of a design that is plainly of an exhibitionistic
 11 character in form and coloring. By way of example, a milk bottle, bean pot, articles of
 12 food, clothing, a windmill or the like would be in violation of this provision.
- 13 13. The materials, slope, construction, locations and design of awnings and canopies shall be
 14 subject to approval by the town.
- 15 14. Any building extending from street to street on inside lots shall have two (2) fronts.
- 16 15. Façade. Any building constructed on any lot shall be designed in such a manner as
 17 to présent a façade of pleasing appearance facing all streets.
- 18 16. The plans and specifications shall be in accordance with all other applicable code
 19 provisions.

20

21 **Adding new Section 30-11 of the ULDR called Rezoning Procedures as follows:**

22

23

24 PROCEDURES AND REQUIREMENTS FOR REZONING

25

26 Purpose.

27

28 It is the purpose of this article to establish procedures and requirements for the rezoning of lands
 29 within the Town.

30

31 Application process.

32 (a) An application for a change of zoning district boundaries, a change of zoning district for any
 33 plot or an amendment to this chapter may be filed at the initiation of the Town commission and
 34 the owner of the property which is the subject of the change or said owner's designee.

35 (c) The Town commission shall hold hearings on the application as required for the adoption of
 36 ordinances as set forth in Section 166.041, Florida Statutes, as it may be amended from time to
 37 time. The Town commission at a regularly scheduled meeting, which is held after review of the
 38 application by the planning and zoning board, shall hear the first reading of the ordinance
 39 approving the application. After considering all relevant information, including
 40 recommendations from the planning and zoning board and comments from the public, the Town
 41 commission shall either approve the application on first reading with or without conditions,
 42 stipulations, restrictions or limitations as are reasonably required to achieve the purpose of this
 43 chapter or deny the application. If the ordinance approving the application is denied on the first
 44 reading, the application shall be deemed denied. If the ordinance approving the application is

1 approved on the first reading, then a second reading shall be scheduled. At the second reading of
 2 the ordinance approving the application, the Town commission, after considering all relevant
 3 information, including the recommendations of the planning and zoning board and comments
 4 from the public, shall either approve the application as presented, approve the application with
 5 conditions, stipulations, restrictions or limitations reasonably required to achieve the purpose of
 6 the ordinance or deny the application.

7
 8 Standards, guidelines and review criteria.
 9

10 With respect to any pending legislation concerning a rezoning or amendment or supplement to
 11 these regulations, the reviewing agency(ies) shall consider and evaluate changes in relation to all
 12 pertinent factors, including, but not limited to, the following:
 13

14 (1) The character of the district and its peculiar suitability for particular uses as well as the
 15 compatibility of the district with surrounding districts and uses and the impact upon
 16 neighboring communities and residences.

17 (2) Conservation of the value of buildings and encouraging the most appropriate use of land
 18 and water throughout the Town.

19
 20 (3) The applicable portions of any current municipal plan and programs, such as land use,
 21 trafficways, recreation, schools, neighborhoods, drainage and housing.
 22

23 (4) The needs for the Town for land areas for specific purposes to serve population and
 24 economic activities.
 25

26 (5) Whether there have been substantial changes in the character of development of areas in
 27 or near the area under consideration.
 28

29 (6) The facts and opinions presented to the reviewing agencies through public hearings.
 30

31 (7) The anticipated impact of the developmental proposal or the maximum development
 32 permissible under the requested zoning upon the natural environment, the economy, the
 33 housing market and existing and programmed public facilities and services, both within
 34 and beyond the property.
 35

36 (8) The impact of the proposed development on the existing road network.
 37

38 (9) The impact of the proposed development on the Town road network and the ability of the
 39 existing (which shall include planned and funded improvements) to service the proposed
 40 development or number of units sought.
 41

42 (11) Consistency with the comprehensive plan.

1
2 (12) Compatibility and consistency with abutting land use, developments, zoned property,
3 and platted property and the impact on said properties.

4
5 Application requirement.

6
7 (a) An application for an amendment to a provision of this chapter shall contain information
8 sufficient in detail to reasonably appraise the Town manager, the planning and zoning
9 board and the Town commission of the nature and substance of the proposed amendment
10 and the reasons therefore.

11
12 (b) An application for the rezoning of a particular parcel of land other than an application
13 initiated by a Town agency shall contain the following:

14 (1) Proof of ownership of the property; and if the owner is not the applicant, proof of the
15 applicant's authority to make such application.

16 (2) A survey or sketch and description of the property.

17
18 (3) Other information as required on an application form to be prepared by the Town
19 Manager.

20
21 Notification requirements shall be in a method described in the Town code of Ordinances for
22 quasi-judicial proceedings as amended from time to time.

23
24 **Adding Section 30-12 titled Vested Rights Determinations as follows:**

25
26 **VESTED RIGHTS DETERMINATIONS.**

27
28 (1) The Town recognizes that certain land development rights of property owners may be vested
29 with respect to approved land uses, density or intensity of development and/or staging or phasing
30 of development. Any person claiming vested rights to develop property shall make application
31 for a vested rights determination.

32 a) The Town Manager or his or her designee shall review the application and any supporting
33 documents and shall consult with other staff and the Attorney's Office. Within forty-five (45)
34 days after the receipt of a complete and sufficient application, the Town Manager or his or her
35 designee shall either grant the application for vested rights or respond to the applicant in writing
36 the reason or reasons for denial. The decision shall be mailed by U.S. Mail to the address
37 indicated on the application, return receipt requested.

38 b) If the applicant disagrees with the determination of the Town Manager, he or she may appeal
39 the decision of the staff by notifying the Town in writing that he or she is appealing the decision.
40 The notification shall be received by the Town no later than thirty (30) days after the Town
41 "renders" his or her decision on the application. If the notification is not received within thirty
42 (30) days after rendition of the decision, the applicant is deemed to have waived his or her right

1 to challenge the decision. For the purposes of this section, the term "renders" means the date the
 2 applicant initials or otherwise indicates receipt of the decision. However, in the event the
 3 decision is not accepted or is returned, the term "renders" means ten (10) calendar days after the
 4 date the decision was mailed.

5 c) Upon receipt by the Town of a timely notice of appeal, the appeal shall be assigned to a
 6 hearing officer. The procedures for conducting hearings shall be approved by a Resolution of the
 7 Town Commission. The hearing shall be set for no later than sixty (60) days from the date of the
 8 notice of appeal unless an extension of time is requested or agreed to by the applicant.

9 d) The Town Attorney shall represent the Town in the administrative hearing. The hearing
 10 officer shall determine whether vested rights have been created pursuant to the provisions set
 11 forth within this section, applicable statutes, or established case law and shall determine whether
 12 any time limitation is applicable to such vested rights.

13 e) Nothing in this Section prohibits the Town staff from reconsidering and reversing a denial of a
 14 vested rights application at any time prior to the start of the hearing before the Hearing Officer.

15 f) The hearing officer shall within forty-five (45) days of the hearing issue a proposed order
 16 which shall include findings of fact and conclusions of law with respect to the claim of vested
 17 rights.

18 g) The Town Commissioners shall within thirty (30) days of receipt of the proposed order issue
 19 its determination which shall be in the form of a resolution.

20 **Renumber the complete quasi-judicial proceedings Section 1-13 of the code from the**
 21 **general section of the code and moved into the new ULDR Section 30-13.**
 22

23 **Amend Section 1-13(d) (2) as follows:**
 24

25 (2) Notification and required forms to be completed by affected persons, the petitioner and
 26 the town.

27 a. At least ~~thirty (30)~~ fifteen (15) calendar days prior to the proceeding, town shall
 28 provide a legal advertisement to be published in a newspaper of general paid
 29 circulation in Broward County and of general interest and readership in the
 30 community, not one of limited subject matter. Said notice shall state the name of
 31 the petitioner for the requested action, the date, time and location of the
 32 proceeding, and the location and times where and when the petition and any back-
 33 up information may be reviewed. In addition, the notice shall inform all affected
 34 persons that they will be allowed to present evidence at the hearing, bring forth
 35 witnesses, and cross-examine witnesses provided they notify and file the required
 36 forms provided by the town clerk's office, the substance of which is described in
 37 subsection (d) below.

38 b. No later than ~~thirty (30)~~ fifteen (15) calendar days prior to the proceeding, a mail
 39 notice containing the same information as the legal advertisement shall be sent to
 40 each real property owner within three hundred (300) feet of the subject property

1 as each is listed in the records of the county property appraiser. Mail notice may
 2 be provided by bulk mail, first class mail or certified mail, return receipt
 3 requested.
 4

5 **Adding new general provisions to the ULDR Section 30-20 as follows:**
 6

7 GENERAL PROVISIONS

8 Title.

9 These regulations shall be known and referred to as the "Lauderdale-by-The-Sea Unified Land
 10 Development Regulations". The abbreviated reference will be " LBS ULDR" or "ULDR" or
 11 "LDR".
 12

13 Legislative intent.

14 It is the intent of the Town Commission that the LBS ULDR set forth uniform regulations for the
 15 development or redevelopment of property in the Town that are consistent with:

- 16 1. The Town of Lauderdale-By-The-Sea Charter,
- 17 2. The Town of Lauderdale-By-The-Sea Comprehensive Plan,
- 18 3. The goals, objectives and policies contained in the Comprehensive Plan,
- 19 4. Chapter 163, Florida Statutes.

20 Purpose.

21 These regulations are enacted to protect, promote, improve and enhance the public health, safety
 22 and general welfare of the citizens of the Town of Lauderdale-By-The-Sea, through the adoption
 23 of minimum regulations controlling the use of land, buildings and structures, and improvements
 24 thereto.

25 These regulations implement the goals, objectives and policies of the adopted Comprehensive
 26 Plan of the Town of Lauderdale-By-the-Sea regarding preservation of community character;
 27 maintenance of a rational pattern of land use; protection of natural resources; assurance of
 28 adequate public infrastructure concurrent with development impacts; protection and
 29 enhancement of taxable values of land and buildings; and, appropriate administration of
 30 procedures and enforcement activities.
 31

32 General rules of interpretation.

33 Certain words or phrases used in these regulations are defined in the ULDR. If a word or phrase
 34 has been defined, than it shall have the meaning provided in the definition.

35 Where a word or phrase has not been defined, then the definition of the word or phrase contained
 36 in the most recent edition of Webster's Unabridged Dictionary shall prevail.

37 To resolve any ambiguity in the construction or meaning of any section of these regulations, the
 38 following rules shall apply, in descending order of importance:

- 1 1. Adherence to literal meaning.
- 2 2. Adherence to commonly accepted meaning.
- 3 3. Expressions of intent by the Town Commission as contained in the enacting legislation.
- 4 4. Legislative history and conditions surrounding adoption of the regulation.
- 5 5. The history of interpretation by the administrators of the regulation.

6 No interpretation is permitted which would give one person or entity a greater right or privilege
 7 to use property than is given to surrounding property owners.

8 Interpretation should, in all cases, favor the least intrusive use of property, rather than an
 9 expansion, intensification, or increase in use.

10
 11 Compliance with regulations required.

12 Except as hereinafter provided, no land or water area, nor building or structure, may be used
 13 unless it is for a purpose permitted in the district in which it is located, and in accordance with
 14 area and dimensional requirements, off-street parking and loading, open space, pervious area,
 15 height, bulk, design, and all other provisions of the ULDR regulating the development of land.
 16 Furthermore, no building shall be erected, converted, enlarged, reconstructed, moved, or
 17 structurally altered except in conformance with these regulations.

18
 19 Non-binding effect of staff decisions.

20 An action taken or comment made by any Town employee regarding a development for which
 21 approval by the Town Commission is required is advisory and not binding upon the Town
 22 Commission in its review of the application for a development permit; nor does it carry with it
 23 any right to approval of the development permit applications. No act or omission by a Town
 24 employee in the interpretation of administration of the ULDR is binding if the act or omission
 25 results in an incorrect interpretation or application of the ULDR.

26
 27 Enforcement

- 28 1. It shall be the duty of the Town Manager or his/her designee to administer the enforcement
 29 of the provisions of these regulations and to refuse to issue any permit for any building or
 30 for the use of any premises, which would violate same.
- 31 2. For the purpose of inspection, the Town Manager or his/her designee shall have free access
 32 to materials and work at all times and shall have the power to stop work pending
 33 investigation as to materials, work, grades, use, and other provisions of these regulations.
- 34 3. In case any building is erected, constructed, reconstructed, altered, repaired, or converted,
 35 or any building or land is used in violation of these regulations, enforcement of the ULDR
 36 may take the form of code enforcement action, notice to appear for violation of code,
 37 injunctive relief, or any other administrative or judicial means of enforcement.

1 Violations and penalties.

2 Any person, firm, corporation or other entity which shall violate or fail to comply with any of the
 3 provisions of these regulations or with any of the requirements thereof, or who shall build or
 4 alter any buildings in violation of any detailed statement or plan submitted and approved
 5 hereunder, shall be guilty of a Town ordinance violation and shall be liable to a fine of not more
 6 than five hundred dollars (\$500.00) per day. Each day such violation shall be permitted to exist
 7 shall constitute a separate offense.

8 The owner or owners of any building or premises, or part thereof, where anything in violation of
 9 these regulations shall be placed or shall exist, and any architect, builder, contractor, agent,
 10 person, or corporation employed in connection therewith and who has assisted in the commission
 11 of any such violation may be guilty of a separate offense, and upon conviction, fined as
 12 hereinbefore provided.

13
 14 Computation of time.

15 All reference to day(s) means calendar day(s)

16 If the last day of a time period is a Saturday, Sunday or legal holiday, the period shall run until
 17 the end of the next day that is neither a Saturday, Sunday nor legal holiday.

18
 19 **Adding additional definitions to the ULDR Section 30-20 as follows:**

20
 21 **DEFINITIONS.**

22 Purpose.

23 The purpose of this article is to provide rules of interpretation of words and phrases, and to
 24 define words, phrases and abbreviations contained within this chapter.

25 Word usage.

26 In the interpretation of this chapter, the following provisions and rules of this section shall be
 27 observed and applied, except when the context clearly requires otherwise:

 29 derivative forms.

30 2. Words or terms in the singular form shall include the plural form, and words or terms in the
 31 plural form shall include the singular form.

32 3. The masculine gender shall include the feminine, and the feminine gender shall include the
 33 masculine.

34 4. The word "shall" is mandatory.

35 5. The word "may" is discretionary and is not mandatory.

36 6. The word "person" includes individuals, firms, corporations, associations, trusts, and any
 37 other similar entity either singular or plural.

38 7. The word "town" shall mean the Town of Lauderdale-By-The-Sea.

1 8. The phrase “planning and zoning board” shall mean the Town of Lauderdale-By-The-Sea
 2 Planning and Zoning Board.

3 9. The phrase “local planning agency” shall mean the Town of Lauderdale-By-The-Sea Local
 4 Planning Agency.

5 Abbreviations.

 11 Florida for no more than eight (8) individuals who require treatment, care, rehabilitation or
 12 education. The facility is usually referred to as a group home. This includes individuals who are
 13 elderly, dependent children, physically disabled, developmentally disabled, or individuals not
 14 overtly of harm to themselves or others. The facility provides a family living environment
 15 including supervision and care necessary to meet the physical, emotional and social needs of the
 16 individuals. It may or may not provide education or training. It may or may not have more than
 17 one (1) kitchen within the housing facility. There may be more than one (1) special residential
 18 facility category 1 on a parcel.

19 Community residential facility, category 2. A housing facility that is licensed by the State of
 20 Florida for nine (9) to sixteen (16) non-elderly individuals who require treatment, care,
 21 rehabilitation or education. The facility is usually referred to as a group home. This includes
 22 individuals who are dependent children, physically disabled, developmentally disabled, or
 23 individuals not overtly of harm to themselves or others. The facility provides a family living
 24 environment including supervision and care necessary to meet the physical, emotional and social
 25 needs of the individuals. It may or may not provide education or training. It may or may not
 26 have more than one (1) kitchen within the housing facility. There may be more than one (1)
 27 special residential facility category 2 on a parcel.

28
 29 Community residential facility, category 3.

30 1. A housing facility that is licensed by the State of Florida for more than sixteen (16) non-
 31 elderly individuals who require treatment, care, rehabilitation or education. This includes
 32 individuals who are dependent children, physically disabled, developmentally disabled, or
 33 individuals not overtly of harm to themselves or others; or

34 2. Any housing facility licensed by the State of Florida for more than eight (8) unrelated
 35 elderly individuals; or

36 3. Governmentally subsidized housing facilities entirely devoted to care of the
 37 elderly, dependent children, the physically handicapped, developmentally disabled, or
 38 individuals not overtly of harm to themselves or others; or

39 4. Any not-for-profit housing facility for unrelated elderly individuals; or

- 1 5. Any housing facility that provides a life-care environment. A life-care environment
 2 shall include, but is not limited to, creation of a life estate in the facility itself and provision
 3 of off-site or on-site medical care.
- 4 Contiguous. The state of sharing an edge or a boundary, such that there is no space in
 5 between the edge or boundary.
- 6 Density, net. The number of dwelling units existing or proposed in an area divided by the net
 7 acreage of the area.
- 8 Development. The use of any structure, land or water; the change, expansion or addition to any
 9 use, land or water; the carrying out of any building activity, or the making of any change in the
 10 appearance of any structure, land or water, or the subdividing of land into two (2) or more
 11 parcels.

 21 quarters by one (1) family living as a single housekeeping unit.
- 22 Dwelling, apartment hotel. A building designed for, or containing, both apartment dwellings and
 23 individual hotel guest rooms under resident supervision.
- 24 Dwelling, bed and breakfast. A building or part thereof, other than a motel or hotel. Where
 25 sleeping accommodations and breakfast are provided for transient guests, and which also serves
 26 as the residence of the operator.
- 27 Dwelling, condominium. A dwelling based upon a condominium form of ownership of real
 28 property created pursuant to Chapter 718, Florida Statutes.
- 29 Dwelling, condominium hotel. A hotel or motel comprised of units that are owned by an
 30 individual, corporation, or any other legal entity having mandatory membership into an
 31 association comprised of all owners within the same development, and is a building or buildings
 32 collectively, "facility" containing individual guest rooms, units, or efficiencies for which daily,
 33 weekly or monthly lodging is provided as transient accommodations.
- 34 Dwelling, duplex. A dwelling unit within the whole of a residential building that is divided
 35 vertically or horizontally into two (2) dwelling units, each unit having direct and individual
 36 access to the outside.
- 37 Dwelling, efficiency. A furnished dwelling unit partitioned or separated into one bathroom, one
 38 living area, inclusive of sleeping area dwelling which contains a cooking area, but no stove or
 39 oven.

- 1 Dwelling, multi-family. A dwelling unit within a residential building containing or designed to
 2 contain three (3) or more dwelling units. The term multi-family dwelling includes, but is not
 3 limited to, townhouse, apartment or condominium.
- 4 Dwelling, single family. A building comprised of a completely detached residential dwelling
 5 unit, designed for and occupied by one (1) family only.
- 6 Dwelling, timeshare. An accommodation of a timeshare plan, as defined in Chapter 721, Florida
 7 Statutes, which is divided into timeshare periods. Any timeshare dwelling unit in which a door or
 8 doors connecting two or more separate rooms capable of being locked to create two (2) or more
 9 separate dwelling units may only constitute one timeshare unit for purposes of Chapter 721,
 10 Florida Statutes, but shall count as two (2) or more dwelling units for purposes of density
 11 calculations.
- 12 Dwelling, townhouse. A dwelling unit within the whole of a residential building that is divided
 13 vertically into three (3) or more dwelling units, each unit having direct and individual access to
 14 the outside.
- 15 Easement. A right of use acquired to use or control property of another for a designated purpose.
- 16 Essential Services. The erection, construction, alteration or maintenance by public utilities or
 17 municipal or other governmental agencies, of underground or overhead gas, electrical, steam or
 18 water transmission or distribution systems, including poles, wires, mains, drains, sewers, pipes,
 19 conduits, cables, fire alarm boxes, police call boxes, traffic signals, hydrants, transformer
 20 substations and other similar equipment and accessories in connection therewith, reasonably
 21 necessary for the furnishing of adequate service by such public utilities or municipal or other
 22 government agencies or for the public health or safety or general welfare.
- 23 Family. One (1) or more persons occupying a dwelling and living as a single housekeeping unit.
- 24 Floor area. This term shall mean the total gross floor area contained within the external
 25 perimeter of the exterior enclosing walls.
- 26 Grade. For the purpose of calculating building height or structure, grade level shall mean 24
 27 inches above the crown of the highest adjoining road. For the purpose of calculating the height
 28 of fences and privacy walls, grade shall mean the actual elevation of the ground adjacent to the
 29 exterior face of such fence or privacy wall.
- 30 Grade level, established. The lowest habitable first floor elevation permitted by the regulations
 31 of all local, county, state and federal government agencies having jurisdiction over the subject
 32 property.
- 33 Hedge. Any grouping of plants or bushes placed so close together so as to obscure visibility.
- 34 Height. The height of a building or structure is measured from grade level to the highest point
 35 of a flat roof or to the average median level between the fascia and peak of a gable or hip roof.
- 36 Home Office. An office designed for and operated as a business located in a dwelling unit and
 37 carried on by persons residing permanently and continuously in the dwelling unit during such
 38 time that the home office is utilized; utilizing only telephones, computers or other common
 39 office equipment that is kept completely within the home office. A home office is incidental and
 40 secondary to the use of the dwelling for residential purposes, occupying no more than ten percent

- 1 (10%) of the gross floor area of the residential dwelling unit, and displaying no signage of any
 2 type, nor merchandise of any type, and shall preclude any business operation that requires or
 3 permits employees, customers, clients delivery of goods, new materials, or merchandise, or
 4 patrons to visit the dwelling.
- 5 Hotel. One (1) or more buildings or structures, or part of one or more buildings or structures
 6 kept, used, advertised as or held out to be a place where sleeping accommodations, with or
 7 without meals, are provided for transient lodgers; and, where a guest register or record is kept;
 8 and, where each room or unit contains a full bathroom consisting of a minimum of a toilet, sink
 9 and shower or bathtub; and, where no kitchen facilities are provided.
- 10 Kitchen. A room or portion of a room within a building used for the storage and preparation of
 11 food and containing a sink with running water, a refrigerator, range and oven.
- 12 Lot. A parcel or tract of land occupied or intended to be occupied by a primary structure or use,
 13 and their ancillary structures and uses, together with such yards and open spaces as required by
 14 this chapter. A lot may consist of one or any combination of one (1) or more platted lots, legal
 15 lots of record and unplatted land.
- 16 Lot area. The total area of land contained within the lot lines.
- 17 Lot, corner. A lot situated at the intersection of two (2) streets and having street frontage along
 18 two (2) or more sides of the lot.
- 19 Lot line, front. The line dividing a lot from the street that provides direct access to the lot. On a
 20 corner lot, the shorter of two (2) front lot lines as above defined shall be considered the front lot
 21 lines for the purposes of determining required lot width and required front yard depth unless the
 22 property owner executes and records a designation of a different side. Provided that prior to
 23 recording a designation the designation must be reviewed and approved by the Town
 24 Commission following a public hearing. On through lots, both front lot lines as above defined
 25 shall be considered to be front lot lines for the purpose of determining required yards. A front lot
 26 line must have a minimum twenty-five (25) foot setback from the adjacent right of way.
- 27 Lot line, rear. The line opposite and most distant from the front lot line. In the case of a
 28 triangular lot wherein the two (2) side lot lines converge toward a point in the rear yard, the rear
 29 lot line shall be considered to be a line at least ten (10) feet in length within the lot and parallel
 30 to and at the maximum distance from the front lot line.
- 31 Lot line, side. Any lot line other than a front lot line or rear lot line.
- 32 Lot, legal of record. Any lot that has been validly recorded in the public records of the county in
 33 which the lot was located at the time of recording, and that complied with all applicable laws,
 34 ordinances and regulations at the time of recordation, including but not limited to, those
 35 pertaining to dimension and area.
- 36 Lot, platted. A parcel or tract of land designated and identified as a single unit of area in a
 37 subdivision plat that has been officially recorded in the appropriate public records.
- 38 Lot, through. An interior lot having frontage on two (2) streets.
- 39 Motel. See hotel.
- 40 Navigable channel. The center forty-five (45) percent of the width of a canal basin or waterway
 41 and a minimum width of forty (40) feet.

- 1 Nonconforming structure. Any structure that is in compliance with the zoning regulations
2 applicable at the time the structure was established and for which all required permits, which
3 structure would be prohibited, restricted or would otherwise not conform to the ULDR.
4 Nonconforming structures shall include those structures that do not comply with the yard, lot
5 coverage, height or any other structural restrictions of the ULDR.
- 6 Nonconforming uses. A building or land occupied by a use that does not conform with the
7 regulations of the zoning district in which it is situated.
- 8 Parcel/Plot. A tract of land under common ownership and developed or proposed for
9 development as a unified whole, which contains one (1) or more platted lots.
- 10 Personal services. Any business activity primarily engaged in providing services involving
11 the care of one's person or their apparel, eyewear, jewelry and other items worn on one's
12 person, which may include barbershops, beauty salons, dry cleaning pick-up service,
13 seamstress, shoe repair, tailor, and other similar uses. Astrologists and other fortune telling
14 activities, medical services, mortuaries, and related businesses shall not be considered
15 personal service establishments
- 16 Pervious area. The non-compacted land located at ground level, open to the sky allowing
17 passage of air and water to the subsurface and used or set aside for landscaping.
- 18 Planning and zoning board. The Planning and Zoning board (PZB) of the Town of
19 Lauderdale-By-The-Sea, Florida.
- 20 Plot. A parcel of ground containing more than one (1) lot upon which a building and its
21 accessory buildings have been or may be erected.
- 22 Porch. A roofed space attached to the outside of any outer wall of a building, one (1) or
23 more stories in height, open on one (1) or more sides, which have screen or glass enclosure.
24 An open or unenclosed porch is one without railing, glass, canvas, screen or similar
25 materials on the open sides.
- 26 Principal building. A building occupied by and devoted to a permitted principal use.
- 27 Professional Office. Office space designated to provide suitable space for use by those
28 having great skill and experience in a particular field of activity, such as but not limited to
29 architects, engineers, real estate agents, accountants, attorneys, and the like.
- 30 Re-development. The recycling or restoration of property to its highest and best use.
- 31 Residential use. Use of land for one (1) or more dwellings, dwelling units, hotel or motel
32 units.
- 33 Restaurant. An establishment primarily engaged in serving food with accessory beverages that
34 are consumed on the same premises as the establishment.
- 35 Right-of-way. Land conveyed or dedicated by plot, deed, easement or other conveyance that is
36 devoted to, required for or intended for the use of the public as a means of public traverse and
37 other public purposes.
- 38 Roof, flat. A roof having a slope of less than ten percent (10%). Where more than twenty-five
39 percent (25%) of the roof area of a building is a flat roof, then the entire roof shall be deemed be
40 a flat roof.

- 1 Roof, gable. A roof that slopes downward from a central ridge to form a gable, which is a
2 triangular portion of the wall between roof sections.
- 3 Roof, gambrel. A roof with two slopes on each of a central ridge, the lower slope being steeper
4 than the upper slope.
- 5 Roof, hip or hipped. A roof with sloping ends and sloping sides.
- 6 Roof, mansard. A roof that has two slopes on each of the four sides, the lower slope being almost
7 vertical to the ground, and the upper being almost horizontal to the ground.
- 8 Setback, front. A yard extending across the full width of the lot, lying between the front lot line
9 and the nearest point of any building or structure.
- 10 Setback, rear. A yard extending the full width of a lot, lying between the rear line of the lot and
11 the nearest line of the principal building.
- 12 Setback, side. A yard between a building or structure and adjacent side lot line of the lot and
13 extending from the front yard to the rear yard.
- 14 Sidewalk café. A use located on a sidewalk or portion of the right-of-way which is associated
15 with a restaurant or food establishment where food or beverages are delivered and licensed for
16 consumption on the premises. It shall be characterized by the presence of tables and chairs and
17 may be shaded by awnings, canopies or umbrellas if permits for same have been issued.
- 18 Story. A portion of a building, above the grade on which the building is located, between the
19 upper surface of any floor and the upper surface of the floor next above. If there is no floor next
20 above, then the story shall be measured from the upper surface of the last floor to the top of the
21 tie beam.
- 22 Street. A public thoroughfare or any other vehicular access way other than an alley, recorded in
23 the public records of Broward County, Florida, for the purpose of providing access to and from
24 abutting properties.
- 25 Street line. The public or private right-of-way line denoting the outside boundary of a street.
- 26 Structure. Anything constructed or erected, the use of which requires a location on the ground or
27 attached to something having a location on the ground, including but not limited to buildings,
28 fences, signs, swimming pools, swimming pool decks, tennis courts, tents, canopies and walls.
29 Driveways and sidewalks constructed at grade are not considered structures.
- 30 Swale. A shallow trough depression that holds or carries water mainly during rainstorms.
- 31 Tent. Any structure or enclosure, the roof of which and/or one half of the sides are silk, cotton,
32 canvas, fabric or material.
- 33 Tie beam. A horizontal timber or beam that connects two (2) opposite members or wall
34 structures, situated at the top or near the top of the members wall structures, and so placed to
35 keep the members or wall structures vertical to the ground.
- 36 Trailer: Any vehicle without motive power designated to be coupled or drawn by a motor
37 vehicle and constructed so that no part of its weight or that of its load rests upon the towing
38 vehicle.
- 39 Vehicle. Any wheeled device used or intended for use in carrying people, animals, goods or
40 equipment.

1 Vehicle, commercial. See Town Code of Ordinances.

4 as means of transportation on water.

5 Waterway. Any navigable waterway that provides access for a watercraft to and including the
6 Intracoastal Waterway.

7 Yard. See "setback."

8
9 **Adding new section relating to nonconforming uses and structures as follows:**

10
11 NONCONFORMING USES AND STRUCTURES

12
13 Existing use.

14 Any lawful use of land or structure, excluding signs, existing on the effective date of this chapter
15 and which by the terms thereof has become a nonconforming use is hereby declared not to be in
16 violation at this chapter's effective date. Such a nonconforming use shall be subject to all of the
17 provisions of this article pertaining to its continuance, change and discontinuance.

18
19 Nonconforming use; extensions.

20 The nonconforming use of a building may be extended throughout any part of a building clearly
21 designed for such use but not so used at the effective date of this chapter. Any nonconforming
22 use which occupied a portion of a building not originally designed or intended for such use shall
23 not be extended to any other part of the building. No nonconforming use shall be extended to
24 occupy any land outside the building on the same plot not used for such nonconforming use of
25 land at the effective date of this chapter. The nonconforming use of land shall not be extended to
26 any additional land not so used at the effective date of this chapter.

27
28 Nonconforming use, repair, alteration, enlargement.

29 No structure utilized for a nonconforming use shall be enlarged, extended, reconstructed or
30 structurally altered unless the use is changed to one which complies with the provisions of this
31 chapter; provided that repairs, maintenance and improvement may be carried out in any twelve-
32 month period in an amount not to exceed twenty-five (25) percent of the assessed value of the
33 structure for that year, and provided that such work does not increase the cubical content of the
34 building nor the floor area devoted to the nonconforming use or increase the number of dwelling
35 units. Nothing in this article shall prevent or excuse compliance with applicable laws or
36 resolutions relative to the safety and sanitation of a building occupied by a nonconforming use.

37
38 Reconstruction after catastrophe.

39 If any nonconforming structure or if any building in which there is a nonconforming use is
40 damaged by fire, flood, explosion, collapse, wind, war or other catastrophe to such an extent that
41 surpasses fifty (50) percent of the replacement cost of the building or structure, it shall not be
42 again used or reconstructed except in full conformance with the regulations of the district in
43 which it is located.

44 Change of nonconforming use.

1 (a) In any residential district, any change of a nonconforming use in a conforming building shall
2 be to a conforming use.

3 (b) In a residential district, a nonconforming use and a nonconforming building shall be
4 changed only to a use permitted in the particular residential district involved except as provided
5 in subsection (d) below.

6 (c) Any change of a nonconforming use of land shall be to a conforming use except as provided
7 in subsection (d) below.

8 (d) There may be a change of tenancy, ownership or management of a nonconforming use,
9 provided that there is no change in the specific character of such nonconforming use except as
10 may be permitted by this chapter. For example, a nonconforming professional office may
11 continue as a nonconforming professional office after a change in tenancy, ownership or
12 management but may not continue as another commercial or business use. Likewise, a retail
13 store may continue as another type of retail store but not as a laundromat or other type of service
14 establishment.

15
16 Discontinuance or abandonment of a nonconforming use.

17 (a) If for any reason a nonconforming use of land ceases or is discontinued for a period of more
18 than sixty (60) days, the land shall not thereafter be used for the same or any other
19 nonconforming use.

20 (b) If for any reason the nonconforming use of a building ceases or is discontinued for a period
21 of sixty (60) days or more (not including periods when restoration is in progress), the building
22 shall not thereafter be used for the same or any other nonconforming use.

23 (c) Any part of a building, structure or land occupied by a nonconforming use which is
24 abandoned shall not again be occupied or used for a nonconforming use.

25 (d) Any part of a building, structure or land occupied by a nonconforming use which is changed
26 to or occupied by a conforming use shall not thereafter be used or occupied by a nonconforming
27 use.

28
29 Continuance of nonconforming uses and structures.

30 Any legal nonconforming use or structure may be continued.

31
32 Unlawful use not authorized.

33 Nothing in this chapter shall be interpreted as authorization for or approval of the continuation of
34 the use of a structure or premises in violation of any ordinance in effect at the effective date of
35 this chapter.

36
37 District or regulation change.

38 The foregoing provisions of this article shall also apply to buildings, structures, land, premises or
39 uses which hereafter become nonconforming due to a change or a reclassification of district or
40 become nonconforming due to a change in district regulations. When a period of time is
41 specified in this article for the removal or discontinuance of nonconforming buildings, structures
42 or uses, said period shall be computed from the effective date of such reclassification or change
43 of regulations.

1 Nonconformity other than use.

2 The foregoing provisions of this article are intended to apply only to nonconforming uses and are
 3 not intended to apply to buildings and structures and their plots existing at the effective date of
 4 this chapter which do not meet the regulations of this chapter for height, yards, plot size, plot
 5 area, coverage, separation or other similar dimensional requirements or limitations and
 6 maintenance requirements. Any additions, extensions or alterations to such existing buildings or
 7 structures shall comply with all applicable provisions of this chapter.

8
 9 Illegal use.

10 The casual, temporary or illegal use of land or a building shall not be sufficient to establish the
 11 existence of a nonconforming use or to create any rights in the continuance of such a use.
 12

13 **Adding a section to the ULDR for the adoption of a Zoning Map as follows:**

14
 15 Map of zoning districts.

16 Zoning districts established by this chapter are bound and defined as shown on the zoning map of
 17 the Town of Lauderdale-By-The-Sea that, together with all information depicted on the map, is
 18 incorporated into and made a part of this chapter.

19 The official zoning map shall be maintained as a digital format document. The most recent
 20 version of the map shall be kept on file, in printed form, in the Development Services office of
 21 the Town. The Town Commission may amend the zoning map from time to time by ordinance.
 22 The official zoning map shall be notated to list all revision dates.

23
 24 Interpretation of district boundaries.

25 The following rules shall be used to determine the precise location of any zoning district
 26 boundary shown on the zoning map of the Town of Lauderdale-By-The-Sea:

- 27 1. Boundaries shown as following or approximately following the limits of any municipal
 28 corporate line shall be construed as following such limits.
- 29 2. Boundaries shown as following or approximately following streets shall be construed as
 30 following the centerlines of such streets.
- 31 3. Boundary lines shown as following or approximately following platted lot lines or other
 32 property lines as shown on the Town of Lauderdale-By-The-Sea Official Zoning Map shall
 33 be construed as following such lines.
- 34 4. Boundaries shown as following or approximately following the centerlines of waterways or
 35 canals shall be construed as following the centerline of such watercourses and, in the event
 36 of a natural change in the location of such water bodies, the zoning district boundary shall
 37 be construed as moving with the centerline.
- 38 5. Each parcel of land within the Town shall be zoned in a zoning district that allows only
 39 those uses permitted by the Town of Lauderdale-By-The-Sea Uniform Land Development
 40 Regulations.

1 Statement of purpose and intent of zoning districts.

2 The following portions of this section define the purpose and intent of the zoning districts
 3 established by this chapter:

- 4
- 5 1. Motel (R-5) district is intended to implement motel uses at the fifty (50) motel units per
 6 acre maximum or at the twenty-five (25) dwelling units per acre maximum, classification
 7 of the Town of Lauderdale-By-The-Sea Future Land Use Plan by providing for areas of
 8 motel development approved by ordinance adopted by the Broward County Board of
 9 County Commissioners prior to September 11, 1991.
- 10 2. Low density dwelling (RS-4 & RS-5) districts. The RS-4 (four) and RS-5 five (5) units per
 11 acre maximum) districts are intended to implement the low single-family residential
 12 classifications of the Town of Lauderdale-By-The-Sea Future Land Use Plan.
- 13 3. Low medium density dwelling (RD-10) district. The RD-10 district is intended to
 14 implement the low medium multi-family residential, ten (10) dwelling units per acre
 15 maximum, classification of the Town of Lauderdale-By-The-Sea Future Land Use Plan by
 16 providing for low-medium density dwelling districts in the town.
- 17 4. Medium-high density dwelling (RM-25) district. The RM-25 district is intended to
 18 implement the medium-high multi-family residential, twenty-five (25) dwelling units per
 19 acre maximum, classification of the Town of Lauderdale-By-The-Sea Future Land Use
 20 Plan.
- 21 5. High density dwelling (RM-50) district. The RM-50 district is intended to implement the
 22 high multi-family residential, fifty (50) dwelling units per acre maximum, classification of
 23 the Town of Lauderdale-By-The-Sea Future Land Use Plan.
- 24 6. Commercial (B-1 and B-1-A) districts. The B-1 and B-1-A districts are intended to
 25 implement the commercial classification of the Town of Lauderdale-By-The-Sea Future
 26 Land Use Plan by providing for a business area to service shopping and personal service
 27 needs.
- 28 7. PUD. The PUD district is intended to implement the high multi-family residential, fifty
 29 (50) dwelling units per acre maximum, classification of the Town of Lauderdale-By-The-
 30 Sea Future Land Use Plan by providing for areas of planned, mixed use development
 31 approved by ordinance adopted by the Broward County Board of County Commissioners
 32 prior to September 11, 1991.
- 33 8. Community facilities (CF) district. The CF district is intended to implement the community
 34 facility classification of the Town of Lauderdale-By-The-Sea Future Land Use Plan.
- 35 9. Recreation and open space (P) district. The P district is intended to implement the
 36 recreation and open space classification of the Town of Lauderdale-By-The-Sea Future
 37 Land Use Plan by providing for areas for the development of nonprofit active or passive
 38 recreational facilities and the preservation of open space.

1 ESTABLISHMENT OF ZONING DISTRICTS.

2
3 Establishment of zoning districts.

4 The incorporated areas of the Town of Lauderdale-By-The-Sea, Florida are hereby divided into

26 dwelling unit in a multiple dwelling shall be 400 square feet; and the minimum floor area of a rental
27 sleeping room in a hotel, motel, lodging house, tourist home or similar use shall be 150 square feet.

28
29 **Amending Section 24-5.36 (c) (2) and (4) of the RS-5 zoning district to include RS-4 and**
30 **RS-5 Town wide is changed as follows:**

31 (2) Side setback. No building or any part thereof shall be erected on any lot closer than
32 ~~eight (8)~~ seven and one half (7.5) feet to either side lot line in areas zoned RS-4, RS-
33 5, and RD-10.

34 (3) Rear setback. No residence or accessory building thereof shall have a rear setback of
35 less than ten (10) for a single story and less than twelve (12) feet for two (2) stories;
36 except that where the rear of RS-4, RS-5, and RD-10 zoned lots abut the Intracoastal
37 or inland waterways, a minimum ~~twenty-five-foot~~ fifteen (15) rear setback from the
38 seawall shall be required.

39 **Amending Section 24-5.36 (e) to include additional landscaping requirements for corner**
40 **lots in the RS-5 zoning district:**

41 (e) Corner lot Landscaping.

42 In instances where a property owner selects and the Commission approves an alternate
43 front yard, as provided for in Section 24-5.5 of the Code of Ordinances, additional street
44 side landscaping will be required to provide screening of the reduced setback. The Town

1 Manager or his designee will review the landscape plan and make a recommendation to
 2 the Town Commission. The Town Commission has final authority to approve or
 3 disapprove the design and layout of the additional landscaping. On a corner lot no fences,
 4 walls or hedges shall be erected or maintained at a street-bordering corner to a height
 5 exceeding 30 inches above the crown of the most adjacent roadway in the area forming an
 6 imaginary triangle bounded on two sides by the two lot lines intersecting to form such
 7 corner, with the third side of such triangle being formed by the imaginary line between the
 8 imaginary points located along each of such intersecting lot lines a distance of 25 feet from
 9 the point of intersection. If a parcel has a circular shape at the corner where two paved
 10 thoroughfares intersect, then the two lot lines of the sides of the property which border the
 11 bordering streets shall be imaginarily extended to form the point of intersection of said two
 12 lot lines for the purposes of measurement.

13
 14 **Adding new section of Planned Unit Development to the ULDR code:**

15 PLANNED UNIT DEVELOPMENT REGULATIONS.

16 Purpose.

17
 18 The purpose of this article is to set forth regulations and development standards for all New
 19 Town Planned Unit Development (PUD) zoning districts within the town. The PUD district is
 20 intended to apply only to planned developments approved by ordinance of the Broward County
 21 Board of County Commissioners prior to September 11, 1991.

22 Definitions.

- 23 1. Master development plan. The ordinance rezoning land to PUD, together with the site plan
 24 for PUD drawn in conformity with any conceptual site plan requirements, a development
 25 schedule, provisions for the method of administration of all common open space, and a
 26 statement that appropriate covenants shall be included in all conveyances requiring the
 27 maintenance of private open space for the purposes intended.
- 28 2. Phase. A specified portion of a planned development that may be developed as an
 29 individual component, as specified within the development schedule of a PUD.
- 30 3. Planned development. An area of land developed as a single entity or in phases in
 31 conformity with the master development plan of a PUD.

32 Conformance to master development plan.

- 33 1. In addition to the requirements of this article, all residential uses within PUD districts shall
 34 be subject to the general use regulations set forth in the LDR applicable to conventional
 35 new Town residential zoning districts.
- 36 2. No plat approval, final site plan approval or building permits shall be issued by the town,
 37 and no development shall commence, unless in conformity with the approved master
 38 development plan, unless a change or deviation is approved by the Town of Lauderdale-
 39 By-The-Sea as provided for in this article.
- 40 3. All development shall be in conformity with the final site development plan.

1 4. The master development plan shall set forth the criteria for determining major and minor
2 changes and deviations.

3 5. The approval of a master development plan shall not relieve an applicant from the
4 requirement to comply with final site plan requirements of article 100, division 6, "site
5 plans."

6 6. Subsequent to the approval of the master development plan and any subsequent plat and
7 final site plan, all development within a PUD shall be controlled by the final site plan.

8 Major and minor deviations.

9 1. The approved master development plan shall set forth specific criteria for the determination
10 of what constitutes minor and major deviations from the plan. The may approve minor
11 changes and deviations from the approved master development plan that are in compliance
12 with the applicable provisions and intent of these regulations, and which do not depart from
13 the principal concept of the approved master development plan. Approved minor changes
14 and deviations may become effective without formally amending the master development
15 plan, but shall be recorded in the public records of Broward County, Florida as an
16 addendum to the master development plan.

17 2. Should the determine that a requested change or deviation from the approved master
18 development plan does not comply with the applicable provisions and intent of these
19 regulations, or departs from the principal concept of the approved master development plan
20 or otherwise exceeds the criteria for determining minor changes contained in the master
21 development plan, the shall refer such change to the planning & zoning board for a public
22 hearing and recommendation. The applicant may then request the Town Commission to
23 consider such change or deviation.

24 3. Upon request for a change or deviation from the approved master development plan, the
25 Town Commission may take such action as it deems appropriate. If the Town Commission
26 approves the change or deviation, a new master development plan shall be filed
27 incorporating the changes or deviations, which shall subsequently be recorded in the public
28 records of Broward County, Florida as an amended master development plan.

29 4. All hearings relating to major changes to a master development plan shall proceed in
30 accordance with the requirements of article 100, division 10, "zoning map amendments."

31 5. Copies of the recorded master development plan shall be filed with the Town .

32 Common open space.

33 1. All common open space shall be preserved for its intended purpose as expressed in the
34 master development plan. The developer shall choose one (1) or a combination of the
35 following three (3) methods of administering common open space:

36 A. Dedication to the Town of the common open space. This method is subject to formal
37 acceptance by the Town in its sole discretion.

38 B. Conveyance to one or more associations, nonprofit corporations or other appropriate
39 entities provided all persons and entities owning property within the planned
40 development are members of one or more of the associations, nonprofit corporations

1 or other entities so that the common open space will be used as specified on the
 2 master development plan and all common open space will be properly maintained.

3 C. Retention of ownership, control and maintenance of all common open space by the
 4 developer.

5 If the developer elects to administer common open space through one (1) or more
 6 associations, nonprofit corporations or other entities, said organizations shall conform to the
 7 following requirements:

8 A. The organization shall be created prior to the sale of any property within any phase
 9 of the PUD.

10 B. Membership shall be mandatory for all property owners within the planned
 11 development.

12 C. The organization shall comply with the following:

13 1) Manage all common open space and recreational and cultural facilities that are
 14 not dedicated to the public; and

15 2) Provide for the maintenance, administration and operation of said land and any
 16 other land within the planned development not publicly or privately owned.

17 2. All privately owned open space shall conform to the use intended by, and remain as
 18 expressed in, the master development plan through the inclusion of appropriate covenants
 19 in all conveyance of land within the PUD. The covenants shall run with the land and be for
 20 the benefit of present and future property owners.

21 3. All common open space and public recreational and cultural facilities shall be specifically
 22 included in a development schedule to be included in the master development plan and be
 23 completed by the developer in accordance with such schedule.

24 General development regulations.

25 1. Minimum size for PUD development shall be five (5) contiguous acres

26 2. There is no minimum lot size except as specified by the master development plan.

27 3. There is no minimum distance between structures except as specified by the master
 28 development plan.

29 4. There is no maximum height except as specified by the master development plan.

30 5. Minimum setback shall be twenty-five (25) feet for all lots abutting a public road right-of-
 31 way.

32 6. There is no minimum setback for lots that do not abut a public road right-of-way except as
 33 specified by the master development plan.

34 7. The maximum density permitted in a PUD shall be governed by the adopted future land use
 35 plan map.

36 8. Each dwelling unit or other permitted use shall have access to a public street either directly
 37 or indirectly via an approach, private road, or other area dedicated to the public or private
 38 use or common easement guaranteeing access. The Town shall be allowed access on
 39 privately owned roads, easements and common open space to ensure public safety

1 protection of the area, to meet emergency needs, to conduct Town services, and to
 2 generally ensure the health and safety of the residents of the PUD.

- 3 9. All PUDs shall be subject to the regulations pertaining to off-street parking and loading,
 4 lighting, landscaping, property maintenance and signs as provided in other articles of the
 5 ULDR.

6
 7 Planned residential communities.

- 8 1. Purpose: The planned residential community is intended to encourage the use of
 9 innovative land planning and site design techniques to create enhanced living and working
 10 environments. The regulations applicable to planned residential communities are intended
 11 to encourage the efficient use of land by providing for a variety of residential unit types,
 12 conservation of natural amenities as common open space; and providing for accessory and
 13 supporting nonresidential uses in accordance with commercial flexibility provisions of
 14 town's land use plan.

15 2. Permitted uses:

16 A. Single-family and multi-family residences at a density in conformance with the future
 17 land use map of the comprehensive plan.

18 B. Special residential facilities, as defined in the special residential facilities permitted
 19 uses subsection of the comprehensive plan, future land use element.

20 C. Accessory nonresidential uses that are compatible with planned residential
 21 communities, to the extent permitted by the flexibility provisions of the land use plan,
 22 limited to the following:

23 1) Hotels and motels.

24 2) Community facilities and utilities.

25 3) Open space, parks and recreation facilities.

26 4) Professional offices, personal service and retail sales, including automobile
 27 service stations with no on-site repairs.

28 5) Aviation and marine facilities.

29
 30 Planned special complexes.

31 1. Purpose: The planned special complex is intended to encourage the use of innovative
 32 land planning and site design techniques to accommodate highly intensive uses permitted by
 33 the applicable land use plan designation, including public facilities or mixed use
 34 developments that may not be appropriately addressed by other planned developments. The
 35 flexibility provisions of the land use plan may also be used to provide density and intensity
 36 bonuses within a planned special complex that encourages the efficient use of land.

1 2. Permitted uses:

- 2 A. Cultural, recreation, amusement, exhibition and education centers.
- 3 B. Community facilities and utilities.
- 4 C. Aviation and marine facilities.
- 5 D. Nonspecial complex uses that are compatible with special complexes, limited to the
 6 following:
- 7 1) Multifamily residences.
- 8 2) Hotels and motels.
- 9 3) Professional offices, personal services and retail sales.
- 10 4) Warehouses and distribution facilities.
- 11 5) Open space, parks and recreation.

12

 6

7 **Amending Section 24-5.146 relating to the control of Boats, boats lifts, boathouses and**
 8 **anchorage as follows:**

9
 10 (a) *Intent.* The intent of this section is to permit construction in and upon the waterways
 11 of docks, boat slips, wharves, finger piers, boat lifts dolphins, fender or mooring piles
 12 and other related structures which do not interfere with navigation, endanger life or
 13 property, or delay the public reasonable viable access to public waterways. Structures
 14 not similar in nature to those listed herein shall be prohibited. The requirements
 15 contained in this section shall apply and control the development on the waterways
 16 Town-wide.

17
 18 **Amending Section 24-5.146 (3) (c) relating to the control of boat davits and similar forms of**
 19 **boat lifting device as follows:**

20
 21 (c) Boat davits, elevators lifts, cradle lifts, floating lifts, or any other similar form of boat
 22 lifting device may be constructed or erected to extend into any canal, basin or
 23 waterway in a fully raised position, a distance not to exceed ~~ten (10)~~ twenty (20)
 24 percent of the width of the canal, basin or waterway or a distance of twenty (20) feet,
 25 whichever is less, as measured from the recorded property line.

26
 27 **Amending Section 24-5.148 (4) (a) relating to fences and adding new section 24-5.148 (4)**
 28 **(h), (i), (j), and (k) as follows:**

29 **General Provisions**

30 4. Height of fences, walls, hedges.

31 a. Fences and walls. The height of fences and walls constructed with louvered panels,
 32 wire or other composition of materials that permit air circulation shall be constructed
 33 and maintained not to exceed a height of six (6) feet in ~~RS-5, RD-10, and RM-25~~
 34 ~~zoned property residential zoning districts, except where a residential lot abuts~~
 35 property with business zoning, a fence or wall may be a maximum height of eight (8)
 36 feet. Permission of air circulation shall mean that the type of material utilized for
 37 construction shall be so positioned so as to maintain a minimum of three-quarters of
 38 an inch between horizontally or vertically positioned panels or boards, which shall not
 39 exceed six (6) inches in width, irrespective of whether or not a shadowbox design is
 40 utilized. In the case of cement type wall construction, not less than twenty-five

1 percent (25%) of the area of said wall shall be constructed with decorative brick and
 2 provide openings to permit air circulation. A hedge is defined as any grouping of
 3 plants or bushes placed so close together so as to obscure visibility.

4 h. Fences finished on only one side shall be placed to have the finished side facing out.

5 i. Fences, walls and hedges shall comply with the clear sight distance requirements of the
 6 regulations for "minimum sight distance" set forth in this code.

7 j. Barbed wire, electrified or razor wire fences, and fences or walls topped with barbed,
 8 electric or razor wire shall not be erected or maintained on any property.

9 k. Fences and walls not located in required setbacks may not exceed eight (8) feet.

10
 11 **Amending Section 24-5.148 (29) relating to swimming pools and deck setback requirements**
 12 **as follows:**

13
 14 (29) Swimming pools, decks, patios, hot tubs and spas; setbacks and enclosure required. No
 15 swimming pool, hot tub or spa shall be constructed within a front yard setback. Swimming
 16 pools, hot tubs and spas shall have the following minimum setback regulations:

17 a. All water bearing wall surfaces shall have a minimum ~~eight (8)~~ five foot setback from
 18 the side and rear property lines.

19 b. All water bearing wall surfaces shall have a minimum ten (10) foot setback from any
 20 public right-of-way.

21 All swimming pools shall be enclosed by an open mesh screen enclosure or a fence or wall
 22 a minimum of five (5) feet in height of such design and material as will prevent
 23 unauthorized access to the pool area. All screen doors and fence gates shall be equipped
 24 with a self-locking mechanism.

25 Swimming pools or spas on lots that directly abut a waterway or other water area shall not
 26 require enclosure along such waterway or water area.

27 Screen enclosures, pool decks, patios, porches and terraces shall be permitted in the
 28 required side yard or rear yard only and shall not be located less than ~~five (5)~~ two and a
 29 half (2 ½) feet from plot lines. In addition, the location of screen enclosures, pool decks,
 30 patios, porches and terraces will need to be located outside of any utility easement areas
 31 unless the property owner obtains consent from the applicable utility(s) to allow any of
 32 these structures in the easement area.

33
 34 Decks that abut a plot line that is a waterway may be allowed, but are not required, to
 35 extend to the waterway. There can be a gap between the deck and the dock provided the
 36 spacing between the deck and dock is properly secured. Decks need not be constructed to
 37 be flush with any dock or seawall area. However, decks cannot be constructed higher than
 38 the seawall.

1 **Adding Section 24-5.148 (31) related to the control of accessory buildings and structures as**
 2 **follows:**

3
 4 Accessory buildings and structures. On a lot containing a single family, duplex or townhouse
 5 dwelling, side and rear yard setbacks not abutting a street may be reduced to five (5) feet for
 6 accessory uses and structures.

- 7 a. Accessory buildings may not exceed one (1) story on any lot containing a single
 8 family detached dwelling unit.
- 9 b. Accessory buildings shall not exceed half the height of any principal building on lots
 10 containing two-family or multiple-family dwellings. On any plot containing grouped
 11 dwellings of varying heights, accessory buildings shall not exceed half the height of
 12 the lowest building on the plot.
- 13 c. One-story accessory buildings shall be at least ten (10) feet from any other accessory
 14 building and ten (10) feet from any principal building on the same plot or parcel.
- 15 d. The aggregate floor area of all accessory buildings shall not exceed five percent (5%)
 16 of the plot area.
- 17 e. No accessory building shall contain more than fifty percent (50%) of the floor area of
 18 the principal building.
- 19 f. Accessory buildings in commercial zoning districts may be allowed, subject to Town
 20 Commission approval. Staff shall apply the standards listed above as best as possible
 21 before the Town Commission reviews the accessory building in the commercial
 22 zoning district.

23
 24 **Amending Section 24-5.149 dealing with parking as follows:**

25 **OFF-STREET PARKING AND LOADING REQUIREMENTS**

26 Minimum parking required.

- 27 1. Dwellings, single-family and two-family, and **condominiums**: Two (2) parking spaces per
 28 dwelling.
- 29 7. Medical, dental, **dental lab**, chiropractic, etc., clinics: One (1) parking space for each two
 30 hundred (200) square feet of gross floor area.

31
 32 **Adding new Section relating to landscaping as follows:**

33
 34 **LANDSCAPE CODE.**

35
 36 **Intent.**

37
 38 **The intent of these regulations is to protect, preserve and enhance the natural environment and**
 39 **beauty of the Town; to promote cleaner air quality and energy conservation by providing for**

1 landscaped areas containing trees and other plants and arranging them in a pleasing manner in
2 relation to non-pervious areas and structures; and to encourage use of xeriscaping, Right Tree
3 Right Place (RTRP) and Crime Prevention Through Environmental Design (CPTED) principles.
4

5 The provisions of this article shall be a minimum standard for landscaping new development or
6 for redevelopment.
7

8 Definitions.

9

10 Access way: A vehicular roadway intersecting a public right-of-way.

11 Berm: A mound of earth configured in a manner that supports landscaping.

12 Buffer: An area of land along or within a plot in which landscaping is used to provide a
13 separation.

14 CPTED: Acronym for Crime Prevention Through Environmental Design; a design approach to
15 reduce crime and fear of crime by creating a safe climate within a building environment.

16 Canopy: The upper portion of a tree consisting of limbs, branches, leaves and fronds.

17 Clear Trunk: The distance between the top of the root ball along the vertical trunk or trunks of a
18 tree to the point at which lateral branching or fronds begin.

19 Clear wood (Graywood): The portion of the palm tree that is mature hardwood measured from
20 the top of the root ball to the base of green terminal growth of fronds.

21 Diameter (Caliper): The diameter of a dicot or conifer tree trunk as measured six (6) inches
22 above grade, if no more than three (3) inches in diameter; or at least twelve (12) inches above
23 grade, if no more than five (5) inches in diameter, and for anything greater than five (5) inches in
24 diameter measured four and one-half (4 ½) feet above grade. The diameter of a monocot is the
25 diameter of the tree trunk measured one (1) foot above the ground.

26 Dripline: The natural outside end of the branches of a tree or shrub projected vertically to the
27 ground.

28 Excavation: To make a hole by, unearthing, scraping or digging out.

29 Ground cover: A low growing plant that by the nature of its growth characteristics, completely
30 cover the ground and does not usually exceed two (2) feet in height.

31 Hedge: A close planting of shrubs that forms a compact, dense, visually opaque living barrier
32 when mature.

33 Impervious Area: The area of a plot covered by buildings or other structures including but not
34 limited to swimming pools, patios, sidewalks, driveways, etc.

35 Interior parking: Parking spaces not contiguous to, nor directly abutting a perimeter.

36 Irrigation: A permanent, artificial watering system designed to transport and distribute water to
37 plant material.

38 Landscape/Landscaping: When used as a noun, term means living plant materials such as
39 grasses, groundcover, shrubs, vines, trees or palms and nonliving durable materials commonly
40 used in environmental design such as, but not limited to, rocks, pebbles, sand, walls or fences,
41 aesthetic grading or mounding, but excluding paving and structures. When used as a verb, term
42 means the process of installing or planting materials commonly used in landscaping or
43 environmental design.

44 Lawn/turf/sod: Upper layer of soil bound by grassy plant roots and covered by viable grass
45 blades.

1 Mulch: An organic material such as compost, wood chips, wood shavings, bark, or pine straw
 2 used to reduce evaporation, prevent erosion, control weeds, enrich the soil and lower soil
 3 temperature.

4 Owner/builder: Owner of the subject property to whom a building permit has been issued.

5 Penninsular or island landscape area: A pervious area set aside for landscaping, located at the
 6 end of a parking row where it abuts an aisle or driveway and, also, intermittently located within
 7 the parking rows.

8 Perimeter: The boundary line separating one (1) parcel of land from another or a parcel of land
 9 from a right-of-way. If the property is on a waterway, the perimeter shall be the bulkhead line.

10 Pervious area: The area of a plot remaining after the impervious areas are subtracted.

11 Redevelopment: Any increase in building height, floor area or number of units, when
 12 reconstruction or remodeling exceeds twenty-five percent (25%) of the assessed valuation of a
 13 building.

14 Right Tree Right Place (RTRP): The process of selecting the right tree to be placed within the
 15 area of electric utilities whether overhead or underground, using the local electric utility RTRP
 16 guidelines on file in the Town.

17 Root ball: The earthen ball encompassing the root system.

18 Runoff: Water that is not absorbed by the soil or landscape to which it is applied and flows from
 19 the area.

20 Shade tree: A single trunk dicot or conifer tree which by virtue of its natural shape provides at
 21 maturity a minimum shade canopy thirty (30) feet in diameter.

22 Shrub: A woody plant with multiple stems produced from the base.

23 Street tree: A tree which is located within twelve (12) feet of the edge of pavement or curb of a
 24 street or such other distances determined by the Town.

25 Tree: A woody perennial plant, possible shrubby when young, with one (1) main stem or trunk
 26 that naturally develops diameter and height characteristics of a particular species.

27 Understory: Plant material developed as an undergrowth associated in the habitat with trees.

28 Vehicular Encroachment: Any protrusion of a motor vehicle outside of the boundaries of a
 29 vehicular use area into a landscape area.

30 Vehicular use area: Areas used for the display or parking of any type of vehicle, boat or
 31 construction equipment, whether self-propelled or not, and all land upon which such vehicles
 32 traverse.

33 Vine: A plant whose natural growth characteristics produces climbing stems.

34 Xeriscape: A landscaping method that maximizes the conservation of water by use of site-
 35 appropriate plants and an efficient watering system.

36
 37 Landscaping Required.

38
 39 No person shall carry out any development, redevelopment (see definition in this section), or use
 40 of any parcel of land for any purpose, nor shall any permit for building or paving be issued
 41 unless landscaping is installed in accordance with the requirements of this section.

42
 43 A landscaping permit shall be required for the installation, removal, or replacement of any
 44 required landscaping in accordance with the provisions of this section.

1 Landscape Plan Required.

2
3 Prior to the issuance of a landscape permit, a landscape plan shall be submitted to the Town. The
4 landscape plan shall include, but not be limited to, the following:

- 5
6 1. Name, address and telephone number of the person who has prepared the landscape plan.
7 Landscape plans shall be prepared by a landscape architect, or other person authorized
8 pursuant to Chapter 481, pt. II, F.S. as amended. Landscape plans for single-family and
9 duplex dwellings may be prepared by the owner of the property.
- 10
11 2. A landscape plan drawn at a scale no less than one (1) inch equal to ten (10) feet showing
12 all permanent structures/buildings, plus the location, size, description and specifications of
13 materials, grade of plantings, mulch specifications, protective structures such as curbs, the
14 number of interior parking spaces and the square foot area of the vehicular use area, and
15 perimeter and interior landscape area. New trees shown shall be spaced so as not to
16 conflict with normal canopy development. An existing desirable tree proposed to be
17 retained on site shall be left with root pervious area surrounding it sufficient to support the
18 species and canopy.
- 19
20 3. The landscape plan shall be designed so that landscaping shall not be adversely affected
21 by factors such as salt exposure, prevailing winds, overhead obstructions, utility services,
22 deep shadows, unusual soil conditions and shall identify and show location of existing
23 trees on the site and the perimeter adjacent to development site.
- 24
25 4. An irrigation plan shall be drawn at a scale no less than one (1) inch equal to ten (10) feet
26 showing the location of existing tress, vegetation and ecological communities to remain;
27 location of existing buildings, paving and site improvements to remain; location of
28 proposed buildings, paving, site improvements and water bodies; Main location, size and
29 specifications; valve location, size and specifications; pump location, size and
30 specifications; backflow prevention device type; controller locations; zone layout plan.

31
32
33 Installation.

- 34
35 1. All landscaping and irrigation of landscaping shall be installed according to accepted
36 planting procedures prior to the issuance of a certificate of occupancy or final use
37 approval with the Town reserving the right to inspect all landscaping.
- 38 2. All landscape material shall be installed in accordance with sound landscaping practices
39 and xeriscaping shall be encouraged. All landscape materials shall be graded at least
40 Florida number 1 or better according to the Florida Department of Agriculture and
41 Consumer Services Division of the Plant Industry Grades and Standards for Nursery
42 Plants. Xeriscaping may include the use of soil amendments to increase the water
43 holding capacity of sandy soil or improve the drainage of heavy soils or other applicable
44 principles or techniques. Alternatives to the use of turf, such as drought resistant shrubs
45 and ground cover, are also encouraged. Condominant (V-Crotched) trees are not
46 acceptable.

- 1 3. New trees required to be installed shall be planted so normal growth and aesthetic
 2 appearance will no be impaired. Potentially large trees shall be planted following Right
 3 Tree Right Place principles regarding utility lines or lighting and shall no be planted too
 4 close to structures or in an area where they will obstruct emergency vehicle access.
- 5 4. Trees shall be installed as follows:
- 6 a) Shade trees shall be located a minimum of fifteen (15) feet away from structures
 7 and thirty (30) feet away from other shade trees.
- 8 b) Non-shade trees shall be located a minimum of five (5) feet away from structures,
 9 fifteen (15) feet from other non-shade trees, twenty-two and one half (22 ½) feet
 10 from shade trees. Palms may be planted closer to each other to form multiples or
 11 clusters.
- 12 c) Trees shall be planted no closer to an impervious area than half of the minimum
 13 size of the required planting area for the particular tree species.
- 14 d) Trees which are in excess of the minimum number required by this section may
 15 be spaced closer to each other with the species and distance determined by the
 16 Town.
- 17 e) Where a conflict in spacing or canopy spread occurs between required trees and
 18 existing off site and onsite trees, the requirements of this section may be modified
 19 as determined by the Town.
- 20 f) When braced, trees shall be braced so as not to girdle, scar, perforate or otherwise
 21 inflict damage to the tree.
- 22 g) For all properties requiring the installation of twenty (20) or more trees, a
 23 minimum of twenty percent (20%) of the required trees shall be native species,
 24 and not more than twenty-five percent (25%) of the required trees may be palm
 25 trees.
- 26 h) Palm trees shall have a minimum clear trunk measurement of four (4) feet. Palms
 27 having an average mature spread of crown less than twelve (12) feet may be
 28 substituted by grouping three or more palms so as to create the equivalent crown
 29 spread.
- 30 i) Shade and street trees shall have a minimum trunk caliper of two (2) inches, and a
 31 minimum height of ten (10) feet; and a minimum crown spread of six (6) feet.
- 32 j) Any property owner may apply for a permit to plant a tree(s) in the swale area of
 33 a street abutting the property owned by the applicant provided that the mature
 34 height and spread of the tree shall not interfere with any public utility service. The
 35 location and species of the tree(s) shall conform to Right Tree Right Place
 36 guidelines and shall be approved by the Town.
- 37 k) Shrubbery, when installed to screen a vehicular use area, shall be a minimum of
 38 twenty-four (24) inches high, be full to base, be spaced a maximum of thirty (3)
 39 inches on center. Shrubbery, when installed to screen a vehicular use area, shall
 40 be permitted to grow and shall be maintained at a maximum height of forty-eight
 41 (48) inches. All other shrubbery shall be permitted to grow to a maximum of
 42 seventy-two (72) inches high.
- 43 l) All plant beds shall be excavated to a minimum depth of twenty-four (24) inches
 44 and back filled with a suitable soil consisting of fifty (5) percent composted
 45 organic matter, well-mixed with native soil. Backfill material shall be free from
 46 rock, construction debris, or other extraneous material. Planting beds shall be free

1 from construction debris and planted with ground cover or lawn or when not
 2 otherwise provided in these regulations, mulched with an appropriated organic
 3 material to a depth of two (2) inches.

4 m) Finished grade of landscaped areas shall be at or below the grade of adjacent
 5 vehicular use areas or public sidewalks, except for mounding or other surface
 6 aesthetics. Grade shall be designed to receive roof and surface runoff and to assist
 7 xeriscape plantings. Any overflow shall be routed underground as necessary.

8 n) All undeveloped or cleared portions of a parcel of land shall be planted with
 9 ground cover or lawn so as to leave no exposed soil in order to prevent dust or
 10 soil erosion.

11 Irrigation.

12
 13 Sufficient irrigation, as determined by the Town in accordance with the design of the landscaped
 14 area and the requirements of the plant material to be used, shall be supplied to all landscaped
 15 area. When required, irrigation systems shall be installed to provide coverage to target area,
 16 minimizing spray upon public sidewalks, streets or adjacent properties. Irrigation systems
 17 compatible with xeriscaping principles shall be encouraged. This may include the use of low
 18 volume, low pressure, subsurface irrigations systems, and other such methods that encourage
 19 water conservation. All automatic lawn or landscape irrigation systems shall be equipped with and
 20 operate a moisture sensor or approved automatic switch that overrides the irrigation cycle when
 21 adequate rainfall has occurred.

22
 23 On lots under five thousand (5,000) square feet in size requiring landscape upgrades, irrigation
 24 may be accomplished by the installation and use of hose bibs.

25 Maintenance of landscaped Areas.

26
 27
 28
 29 1. The owner, tenant and/or agent, if any, shall be jointly and severally responsible for the
 30 proper maintenance and protection of landscaping and irrigation systems existing or
 31 hereafter installed. Maintenance shall include watering, weeding, mowing, fertilizing,
 32 treating, mulching, trimming, removal or replacement of dead or diseased plants and
 33 removal of refuse and debris on a regular basis so as to continue a healthy growing
 34 condition and present a neat and well-kept appearance at all times. If landscaping is
 35 found to be in a state of decline, dead or missing, it shall be replaced with equivalent
 36 landscape material.

37
 38
 39 2. A landscape sight triangle shall be provided and visibility maintained between two and
 40 one half (2 ½) feet to eight (8) feet of elevation with a minimum of:

41
 42
 43 a) Ten (10) feet from the intersection point of the edge of a driveway and alley or
 44 street. Fifteen (15) feet from the intersection point of the extended property lines
 45 at an alley and a street. Twenty-five (25) feet from the intersection point of the
 46 extended property lines at a street and a street.

1 b) Plant materials that block visibility shall be removed by the property owner or
 2 maintained so as to allow clear visibility of oncoming traffic.

3 3. Landscaping shall be inspected periodically by the Town to insure proper maintenance.

4
 5 Landscape Requirements for Vehicular Use Areas.

6
 7 1. In order to improve the appearance of vehicular use areas and to protect and preserve the
 8 appearance, character and value of the surrounding neighborhoods, promote better air
 9 quality and thereby promote the general welfare by providing for installation and
 10 maintenance of landscaping, screening and aesthetic qualities, the following minimum
 11 vehicular use area landscape requirements are established. The section is not applicable
 12 to areas used for parking or other vehicular uses under or within buildings and parking
 13 areas serving single or two-family dwellings.

14
 15 2. On the site of a building or structure or on an open lot providing a vehicular use area,
 16 landscaping shall be provided in a square footage equal to a minimum of twenty percent
 17 (20 %) of the gross vehicular use area. This square footage shall abut and extend no
 18 further than ten (10) feet away from a vehicular use area. The landscape area required
 19 from a vehicular use area shall consist of perimeter, peninsular, and interior landscape
 20 areas as follows:

21
 22 Perimeter landscape area - Along the perimeter of a parcel of land that abuts a street,
 23 exclusive of vehicular access points, a perimeter landscape area shall be provided.
 24 The depth of the perimeter landscape area shall be a minimum of five (5) feet and an
 25 average of ten (10) feet. The ten (10) feet of perimeter landscape area closest to the
 26 vehicular use area may be counted as part of the twenty percent (20 %) minimum
 27 vehicular use area landscape requirement.

28
 29 Along the perimeter of a parcel of land that does not abut a street, the minimum
 30 depth of the landscape area shall be two and one-half (2 ½) feet.

31
 32 Peninsular and Island landscape areas. All parking areas shall be so arranged that if
 33 there are ten (10) or more contiguous parking stalls along the same parking aisle, the
 34 eleventh space shall be a landscaped peninsula a minimum of five (5) feet in width.
 35 Other suitable solutions or innovative designs may be submitted when approved by
 36 the DRC and appropriate board and commission. In addition, there shall be a
 37 minimum of one (1) tree and three (3) shrubs for every two hundred (200) square feet
 38 of required landscaped area.

39
 40
 41 Tree Protection.

42
 43 1. All trees retained on a site shall be protectively barricaded before and during construction
 44 activities. Underground utility lines shall be routed around existing trees to the outside of
 45 the dripline where possible. If this is not possible, a tunnel made by a power-driven soil
 46 auger may be used under the tree. Installation of fences and walls shall take into

1 consideration the root systems of any existing trees. Post holes and trenches close to trees
 2 shall be dug by hand and adjusted as necessary to avoid damage to major roots.
 3 Continuous footers for masonry walls shall be ended at the point where major roots are
 4 encountered and these roots bridged.

5
 6 2. No excavation or other subsurface disturbance may be undertaken, excluding the
 7 maintenance of an existing utility's facility, within the dripline of any tree with a caliper
 8 of eighteen (18) inches or more in diameter. However, cases where the applicant can
 9 show extreme hardship, the Town may approve a method of excavation that would
 10 minimize the impact on the tree. The installation of any impervious surface in the
 11 proximity to any tree eighteen (18) inches in diameter or more shall only be performed
 12 pursuant to approval of a licensed landscape architect.

13
 14 3. All newly planted trees shall be properly guyed and staked at the time of planting to
 15 insure establishment and erect growth. Trees shall be re-staked in the event of blow-over
 16 or other failure of the staking and guying.

17 18 19 Tree Removal and Replacement.

20
 21 1. It shall be unlawful to: Cut down, destroy, remove, relocate or effectively destroy
 22 through damaging any tree within the Town which has a caliper of four (4) inches or
 23 larger without first obtaining approval by the Town and a permit from Broward County;
 24 or allow any dead tree that has a caliper of four (4) inches or larger to remain on any
 25 property.

26
 27 2. If removal or replacement of a tree or trees occurs in conjunction with a development
 28 permit, the applications shall be considered part of the development site plan and no
 29 development permit shall be issued without an approved tree removal permit. Removal,
 30 replacement, relocation or contribution to a landscape fund shall take place before a
 31 Certificate of Occupancy is granted.

32
 33 3. No permit shall be required for the removal of trees which cause immediate jeopardy to
 34 life, limb or property caused by an event of a storm, accident or other act of God of an
 35 emergency nature to be determined by the Town.

36 37 38 Landscape Requirements by Zoning Districts.

39 40 1. Single Family and Two-family Residential Districts:

41 a) A minimum of twenty-five percent (25 %) of the total gross area of a plot shall be
 42 devoted to landscaped pervious area. Pervious brick material may not be counted
 43 towards the required landscaped pervious area. If a property fronts the beach and
 44 the property owner has riparian rights on the beach, the portion of the property
 45 that has beach area cannot be counted towards the required landscaped pervious
 46 area.

- 1 b) All plots of seven thousand (7,000) square feet or less shall contain a minimum of
 2 three (3) trees and twenty (20) shrubs, except all corner plots shall contain five (5)
 3 trees and twenty (20) shrubs.
 4 c) All plots over seven thousand (7,000) square feet shall contain a minimum of four
 5 (4) trees and thirty (30) shrubs, except corner plots shall contain six (6) trees and
 6 thirty (30) shrubs.
 7 d) On a corner lot no fences, walls or hedges shall be erected or maintained at a
 8 street-bordering corner to a height exceeding 30 inches above the crown of the
 9 most adjacent roadway in the area forming an imaginary triangle bounded on two
 10 sides by the two lot lines intersecting to form such corner, with the third side of
 11 such triangle being formed by the imaginary line between the imaginary points
 12 located along each of such intersecting lot lines a distance of 25 feet from the
 13 point of intersection. If a parcel has a circular shape at the corner where two
 14 paved thoroughfares intersect, then the two lot lines of the sides of the property
 15 which border the bordering streets shall be imaginarily extended to form the point
 16 of intersection of said two lot lines for the purposes of measurement.

17
 18 2. Multi-family Districts:

- 19 a) A minimum of twenty-five percent (25%) of the total gross area unless reduced
 20 by overlay district modifications. Area of a plot shall be devoted to landscaped
 21 pervious area. Pervious brick material may not be counted towards the required
 22 landscaped pervious area. If a property fronts the beach and the property owner
 23 has riparian rights on the beach, the portion of the property that has beach area
 24 cannot be counted towards the required landscaped pervious area.
 25 b) A minimum of one (1) tree per one thousand (1,000) square feet of total plot area.

26
 27 3. All other Districts.

- 28 a) The pervious area shall contain a minimum of two (2) trees and five (5) shrubs
 29 for every two thousand (2,000) square feet.
