**Subject:** parking permits for marine turtle field workers

Don,

I'm not sure if you would be the person to contact for this but our sea turtle contractor is requesting 5 parking permits for the city for this upcoming marine turtle nesting and hatching season. The permits would be used by the field workers as part of their regular duties completing the daily surveys or for responding to sea turtle emergencies such as live or dead stranded animals. The dates for the permits would be from 3/1/2012 thru 2/28/2013. If you are not the correct contact for this request would you please direct me to who that might be. Thanks.
