

Town of
LAUDERDALE-BY-THE-SEA

4501 Ocean Drive, Lauderdale-by-the-Sea, Florida 33308-3610
Telephone: (954) 776-0576 / Fax (954)776-1857

Date: November 30, 2010
To: Town Commission
Via: Connie Hoffmann, Town Manager
From: Doug Haag, Acting Finance Director
Edner Saint-Jean, Accountant
Subject: Fiscal Year End Budget-To-Actual Report

Attached is the report comparing the FY 2009/2010 actual revenues and expenditures to the budget. In addition, we have provided the detailed finance reports as of September 30, 2010:

- General Fund
- Police Fund
- Sewer Fund
- Capital Project Fund
- Parking Fund

Please keep in mind that the following overview and reports are based on the preliminary unaudited results of the Town's operations thru September 30, 2010. Any adjustments will be reflected in the final audit report, which is scheduled to be presented to the Commission by Grau & Associates no later than February 15, 2011.

Fiscal Year 2009/2010
As of September 30, 2010

Prepared by:
Doug Haag, Acting Finance Director
Edner Saint-Jean, Accountant
Submitted November 30, 2010

Overview

General Fund

The General Fund is used to account for the general operations and functions of the Town that are traditionally associated with local government and are not legally required to be accounted for in other funds. This includes public safety (police, fire, emergency medical services, development and zoning), transportation, maintenance of infrastructure, recreation, general government and administrative services.

Revenues

General Fund revenues are at 101.9% of budget – actual of \$12,148,230 as compared to an amended budget of \$11,919,910. During the budget process we estimated total General Fund revenues of \$11.9 million, so we are slightly over those projections.

Based on a variance analysis, some noteworthy items include the following:

- 1) Utility taxes and franchise fees – These line items made up about 15% of the FY 2010 budget. Utility taxes overall came in higher than expected at 120% of budget while franchise fees were less than budgeted, at 88.8%. Overall, these revenue categories were \$85,500 over budget at year end.
- 2) Licenses and permits – Licenses and permit revenues made up just over 1% of total revenues and ended the year at 87.6% of budget. Total licenses and permits were \$20,960 under budget. Revenues for building & sign permits, fire review fees and zoning permits & fees were all down - most likely due to the economy.
- 3) Fines and forfeitures – These accounted for almost 2% of total revenues last year. Overall, these revenues were at 105.2%, over budget by \$11,121. One of the biggest reasons was that code enforcement fines were up by 231% because of the settlement payments on the outstanding liens. However, this is not necessarily a positive sign as it's partially due to the increase in vacant and abandoned properties due to foreclosures.
- 4) Miscellaneous revenues – These were much higher than anticipated due to the Colon settlement payment of \$43,215 and an insurance reimbursement of \$16,193 for damages to the fire boat.
- 5) Intergovernmental revenues – This is the third largest revenue category (\$1,004,405) after property taxes/assessment fees and utility taxes, making up 8% of last years revenues. Intergovernmental revenues include primarily money we receive from the state in the form of revenue sharing, sales taxes, alcoholic beverage license fees, gas taxes and a communications services tax. There is also a county component of about \$68,000 for grants for the senior center and bus shuttle. Intergovernmental revenues were \$81,000 below last years numbers (a 7% decrease) as a result of the economic difficulties.

For detailed results of revenue activity, please refer to the *General Fund-Detail Revenue* report included here.

Expenses

General Fund expenses were at 91.5% of budget, with actual expenditures of \$10,908,771 as compared to an amended budget of \$11,919,910. All departments finished the year at or below budget. It should be noted that significant budget amendments were approved by the Town Commission for two departments: \$301,491 to Administration to cover the cost of the original Colon payout and \$50,000 to Town Attorney to cover unexpected expenses. Other items to note:

- 1) General Government – The depreciation transfer of \$154,983 is not reflected in the expenditures because it is a transfer within the General Fund from one cash account to another, and not a budget expenditure. This year the transfers totaled \$ 204,316 based on the actual depreciation schedules used by the prior administration. We have some concerns about the need for this practice and are discussing the best approach for the future with our new auditors. Also, the \$112,399 transfer to the emergency reserve account was not made this year because the fund is already sufficient.
- 2) Fire Department – There was a savings in personnel costs due to the former Town Manager’s decision to switch from a full-time fire marshall position to a contract for these services.
- 3) Public Buildings – Electric and communication utilities were under budget by a combined \$40,000
- 4) Recreation – We spent \$12,000 less on special events than budgeted and \$11,000 less for the community center contract.
- 5) Beach – The \$14,000 in buoy maintenance money was not spent because the contract the Town normally piggybacks on expired and there was not time to bid it.

For an overview of the operating results, please refer to the *General Fund Expenses Summary by Department* report. More detailed information can be found in the *General Fund-Expenses Detail* report which is a traditional line-item budget report.

Summary as of September 30, 2010

	<u>Amount</u>	<u>Per Cent of Budget</u>
Budget	\$11,919,910	
YTD Revenues	\$12,148,230	101.9%
YTD Expenditures	\$10,908,771	91.5%
Operating Surplus/(Deficit)	\$ 1,239,459 ¹	10.0%

Projected Fund Balance as of September 30, 2010

The \$1.2 million surplus will fall into the General Fund fund balance. We estimate the fund balance as of September 30, 2010 will be approximately \$3.3 million. In addition, the capital asset depreciation reserves in the General Fund total almost \$2 million. We are preparing an analysis of what asset classifications (streets & roads, buildings, vehicles, etc.) these funds are supposed to eventually replace. That analysis is nearly complete and will let us know how we can utilize these funds

¹ Because depreciation is a cash transfer and not a budget expenditure as discussed above, the projected “surplus” is overstated by \$154,983.

Police Forfeiture Fund

The police forfeiture fund is a special revenue fund which means the funds have a restricted use. In this case we are accounting for forfeiture funds which are intended for non-recurring type expenses and training funds. This year the Commission appropriated \$ 150,321 for renovations to the BSO section of the public safety building, however, we only spent \$78,249 on that project. We used a portion of the remaining funds to cover the recent appropriation for additional security cameras, binoculars, traffic count system and the ATV. These are reflected in the YTD expenditures.

Summary as of September 30, 2010

	<u>Amount</u>	<u>Per Cent of Budget</u>
Budget	\$151,821	
YTD Revenues	\$ 698	.5%
YTD Expenditures	\$ <u>96,808</u>	63.8%
Operating drawdown of fund balance	\$ (96,110)	

Note: While the numbers indicate an operating deficit, this was planned for as the budget included an appropriation from fund balance of \$149,769, not all of which was used.

Projected Fund Balance as of September 30, 2010

Prior year fund balance	\$ 291,000
FY 2010 operating drawdown	\$ <u>(96,000)</u>
Balance	\$ 195,000

Of the \$195,000 balance, \$36,000 has been appropriated in FY 2011, leaving \$159,000 still available. The Police Chief advises that is more than enough to fund the upgrades to the surveillance camera system.

Sewer Fund

The Sewer Fund is operated as an enterprise fund which, by definition, is supported primarily by fees charged to users. An enterprise fund must recover all costs, including capital costs such as depreciation or debt service, through those user fees or charges. It is used to account for the operation and maintenance of the Town-owned sewer system and make provision for infrastructure and capital improvements.

Summary as of September 30, 2010

	<u>Amount</u>	<u>Per Cent of Budget</u>
Budget	\$1,224,399	
YTD Revenues	\$ 986,429	80.6%
YTD Expenditures (including encumbrances)	<u>\$1,104,680</u>	90.2%
Operating Surplus/(Deficit)	\$ (118,251)	(9.7%)

Note: We experienced a nearly 10% operating deficit for this past year. Revenues actually came in higher than we projected during the budget process because we determined Fort Lauderdale had not remitted revenues to us for one month in the late spring. We finally received that payment this summer. The previous administration had appropriated \$142,000 of the fund balance as a revenue to balance this fund, but it was only necessary to draw about \$118,000 from the fund balance.

Projected Fund Balance as of September 30, 2010

Prior year undesignated fund balance	\$1,614,000
FY 2010 operating drawdown	<u>\$ (118,000)</u>
Balance	\$ 1,496,000

Of the \$1,496,000 balance, \$416,000 was appropriated to fund operating expenses in FY 2011. If the full rate increase is approved, these funds will not be needed to fund operations and will be available for major capital repairs.

Capital Projects Fund

The Capital Project Fund is used to account for the various capital improvement projects as outlined in our five year plan.

Revenues consisted almost entirely of transfers from the General Fund with a modest amount of \$58,000 from the LAP grant. Expenditures were minimal last fiscal year as a number of the projects that were budgeted did not materialize or were behind schedule. That resulted in a large surplus that will be carried over to fund projects in the five year plan.

Summary as of September 30, 2010

	<u>Amount</u>	<u>Per Cent of Budget</u>
Budget	\$1,686,862	
YTD Revenues	\$1,626,028	96.4%
YTD Expenditures (including encumbrances)	<u>\$ 131,137</u>	7.8%
Operating drawdown of fund balance	\$ 1,494,891	88.7%

Projected Fund Balance as of September 30, 2010

Prior year undesignated fund balance	\$1,805,000
FY 2010 operating surplus	\$1,495,000
Prior year funds designated for capital assets	<u>\$1,160,000</u>
Balance	\$4,460,000

Of the \$4,460,000 balance, \$135,000 was appropriated to fund the capital improvement projects in FY 2011.

Parking Fund

The Parking Fund is also an enterprise fund and, as the name implies, accounts for the operation of the various parking lots throughout the Town. Revenues were down significantly from last year and from budget. It appears that the drop-off in revenues coincided with the issuance of residential parking permits at a reduced rate last year (Summer, 2009). The number of parking citations issued was also down from the prior year. Parking enforcement personnel have observed a higher rate of customers keeping the meters fed.

Summary as of September 30, 2010

	<u>Amount</u>	<u>Per Cent of Budget</u>
Budget	\$ 569,565	
YTD Revenues	\$ 389,881	68.5%
YTD Expenditures (incl. encumbrances)	<u>\$ 511,113</u>	89.7%
Operating drawdown of fund balance	\$ (121,232)	(21.3%)

Note: The operating deficit is higher than expected and will require an additional drawdown of fund balance surplus from prior years. Since these are the preliminary operating results, we won't submit a request for a final appropriation until the final audit results are available.

Projected Fund Balance as of September 30, 2010

Prior year undesignated fund balance	\$ 239,000
FY 2010 operating drawdown	<u>\$ (121,000)</u>
Balance	\$ 118,000

Of the \$118,000 balance, \$36,000 was appropriated to fund operating expenses in FY 2011.
