EARLY MORNING CODE RED CALL APOLOGY

The Town apologizes for today's 4AM CodeRed call concerning the Fourth of July traffic alert.

The call was supposed to go out at 4PM Thursday.

Due to a technical error, the calls did not go out at all. When CodeRed received an error message at 4AM today telling them the calls had not been made, a CodeRed operations specialist pushed out the calls at 4AM.

CodeRed has apologized for the error and is looking into the matter further.

Again, our sincere apologies. We will make certain this does not happen again.

If you have any questions, call Public Information Officer Steve d'Oliveira on Monday at 954-640-4209.
