Harbor Drive Drainage Project

March 30, 2012

The Town of Lauderdale-By-The Sea is improving the drainage on Harbor Drive.

The \$330,000 project will be constructed by E & M Equipment Corp. The Project will require road closures on Harbor Drive at different times. The Contractor is expected to start mobilizing around April 4, 2012 with the estimated completion date of early August 2012.

The Town Parking Lot on East Tradewinds just north of Commercial Blvd. will serve as a staging point for equipment and materials. In the event that employee permit parking spaces are not available, employee parking permits will be honored at the A1A Parking Lot (north of Commercial Blvd. between A1A and Bougainvillea Drive).

We will work hard to keep the inconveniences this project may cause to a minimum and we appreciate your cooperation and understanding. If you have questions regarding this project I can be reached at 954-640-232 or at DonP@LBTS-fl.gov

Sincerely,

Don Prince
Public Works Director
