

TOWN TOPICS

NEW YEAR'S SHUTTLE

The Pelican Hopper shuttle will provide service to residents on New Year's Eve. The shuttle will only operate within the Town that night from 6PM Wednesday, Dec. 31 until 2AM on Thursday Jan. 1st. Don't drink and drive! Take the Pelican Hopper instead. It's absolutely free!

RECYCLE ON JAN. 1

There will be a regular trash and recycling cart pick-up on Thursday, Jan. 1, if that is your normal trash pick-up day. Holidays generate lots of materials that can be recycled. Since there was no pick-up on Christmas, please be patient and put them in your recycling cart!

EASTER-BY-THE-SEA

The Town's annual Easter-By-The-Sea event is on Saturday, April 4th at Town Hall from 9 to 11:30AM. Volunteers will be needed the week before to help decorate and fill plastic Easter Eggs. For more information on how to help, call 954-640-4200.

Town Greenway Project moving forward!

The **Florida Department of Transportation (FDOT)** and the **Broward Metropolitan Planning Organization (MPO)** approached the Town early last year about creating a Greenway running north to south through **Lauderdale-By-the-Sea** that would provide a pleasant and safe path for pedestrians and bicyclists to enjoy.

The project will be part of a comprehensive Greenway that would run the entire length of **Broward County**. Due to tight land restrictions and high traffic counts on **State Road A1A**, it was decided that **El Mar Drive** was the likely candidate for a Greenway, particularly since it was already being used by Town residents in that manner.

The **Town staff** and **Town Commission** were enthused about the concept because it would give us the chance to obtain grant funds for the expensive drainage and walkway improvements that were needed. However, FDOT was cautioned that El Mar Drive is a Town centerpiece and could only be done with buy-in from our residents and El Mar businesses.

UPCOMING MEETING

The Florida Department of Transportation will present architectural renderings showing what a typical section of what the El Mar Drive Greenway will look like at the next Town Commission meeting on Jan. 13 at 7PM in Jarvis Hall. The public is invited to comment.

[See GREENWAY on Page 9](#)

Study finds current Town parking spaces adequate

The **Town** hired **Desman Associates** last Spring to study our parking system, analyze and make recommendations on several subjects including rates, parking demand and utilization, alternatives and projected cost for providing additional parking, special parking permits, and continuation of the temporary parking exemption program for restaurants.

During the height of the tourist season last Spring, Desman personnel did observations and counts of parking utilization in the Town. That data revealed extremely high utilization in all areas that served beachgoers on weekends and high utilization in those same areas in the evening hours on Friday, Saturday and Sunday. Even during high season there was parking available in areas away from the beach.

PUBLIC ACCESS

- The Town Commission agenda and backup are available in Town Hall. The agenda and backup material is also posted on our Web site on the Friday before the meeting at www.lbts-fl.gov.
- Commission meetings are televised on Channel 78 and our Web site. Meetings are re-broadcast at noon on Monday, Wednesday & Friday (and 7 PM on Thursday). A video archive of all meetings is also available online.
- Commission meetings can also be seen on Channel 99 by AT&T customers who subscribe to U-verse.
- The Town will provide the appropriate auxiliary aids and services under the Americans with Disabilities Act. Please contact the Town Clerk's office at 954-640-4200 for further assistance.

Streetscape project receives top statewide honor

The **Town's Commercial Boulevard Streetscape Improvement Program** received the **President's Award** from the **Florida Redevelopment Association**, a state-wide organization that annually recognizes outstanding urban revitalization projects that transform their communities.

Considered the "Best of the Best," the President's Award honors the top overall project statewide across all categories, acknowledging excellence in design and impact.

FRA President **Jeremy Earle**, who serves as executive director of the **Dania Beach Community Redevelopment Agency**, said all the outstanding submissions made his decision challenging.

"The Town's project completely reconstructed Commercial

Boulevard and adjacent public rights of way between **A1A** and the ocean," Earle said. "By redesigning the public realm, the project addressed drainage problems, added new plazas that mimicked sand dunes, created brick paver promenades and reconfigured parking areas."

AWARD WINNER: The Town's heralded Commercial Boulevard Streetscape Project garnered the top 'President's Award' earlier this year from the statewide Florida Redevelopment Association.

The Town also incorporated an extensive public art program in the project, and included sustainability features and materials such as using locally-sourced recycled construction products and materials, new LED light fixtures, new street furniture made of recycled wood or plastic, and native drought-tolerant landscape plantings."

Earle noted that the Town's project had a profound economic impact on the Town.

"Pedestrian traffic has increased upward of 60 percent, businesses are reporting significant increases in sales, property values are increasing, and the hospitality industry is seeing increased private sector interest and investment," he said.

Commission approves upgrades to Friedt Family Park

The **Town Commission** approved the following recommendations by the **ad hoc committee** it appointed to study improvements at Friedt Family Park on **Bougainville Drive** (behind Town Hall).

- **Tennis:** Resurface the courts with a softer surface material better suited for older players and replace the old fencing. The estimated cost is \$51,500. The court lights will be replaced and upgraded at an additional cost of \$33,000. The committee noted the Town has collected \$90,000 in tennis key fees over the past 14 years, so these expenditures are, in effect, being financed by the tennis players.

- **Bocce:** Upgrade the bocce ball court to meet federal handicap requirements and address drainage issues. The estimated cost is cost \$7,500. The Municipal Services crew will handle the project.

- **Basketball:** Retrofit the backboard poles with clear acrylic backboards, new bracket arms and heavy duty rims. The cost estimate is \$5,100.

- **Old Soccer Field:** The Town removed the soccer

goals last year after repeated problems with the individuals playing soccer not respecting the privacy and peace of the people living next to the park. The ad hoc committee recommended keeping this area of the park a green play area for small children to play in, and lining the perimeter with **Adirondack** chairs, umbrellas and shade trees. The estimated cost is \$10,000.

- **Fountain Area** (next to Community Church): The committee recommended removing the fountain which is in poor shape and upgrading the **Melvin I. Anglin Courtyard** by creating a more welcoming area where people can play card or board games. Plans include adding tables, chairs, landscaping and a walkway connecting **Poinciana Street** and **Bougainville Drive**. The estimated cost of this work is \$74,000. The work will be done over two years due to

budgetary constraints.

Committee member **Ann Marchetti** will solicit donations from local hospitals to replace the fitness trail.

In addition, the committee recommended installing lighting around the playing areas; planting more trees and adding umbrellas, as well as refurbishing the **Horseshoe Court** and repainting the **Shuffleboard Court**.

AD HOC COMMITTEE

Serving on the Friedt Family Park Ad Hoc Committee were Orazio Arcidiacono, Buster Celestino, Wolfgang Gebell, Ann Marchetti, Robert Porges, Alan Robins, Michael Rolfs and Ron Piersante.

Christmas-By-The-Sea a wonderful community event!

It was a grand night with holiday lighting all around!

Santa arrived on time, the newly-decorated Christmas tree with a starfish topper lit up **Anglin's Square** and very talented area school children performed on stage. New Yuletide vendors provided early shopping opportunities while children took part in various activities, such as cookie and ornament decorating.

The 2nd Annual Best Dressed Window Award went to **Garden of Love Florist**. There were 23 participants in this year's Window-By-The-Sea Contest. Competition was fierce although the winner was unanimous as rated by three impartial judges: **Father Michael Greer** of **Assmption Catholic Church**, **Rabbi Benzion Singer** of **Chabad Lauderdale-By-The-Sea** and **Pastor Jim Goldsmith** of the **Community Church**. We thank them for generously donating their time. All the businesses were winners as the decorated windows continued to attract interest all along **Commercial Boulevard**.

Villas By The Sea and **Florida Development Group** came on board as Snowflake Sponsors this year. Their \$5,000 sponsorships allowed us to improve the stage and its sound capability. Holiday Sponsorships of \$1,000 from the **Village Grille** and **Aruba Beach Café's** supported the children's activities and set the stage for Santa.

The following businesses donated to the holiday lighting program, which created a wonderland atmosphere from Tradewinds Avenue to the pavilion: **101 Ocean**, **Aleksandra's Treasures, Inc.**, **Argenti Designer Jewelers**, **Athena-By-The-Sea**, **Beach King**, **Blue Moon Fish Co.**, **By The Sea Vacation Villas**, **Country Ham N' Eggs**, **Distinctive Realty**, **Divine Hair and Spa**, **Dr. Sam Laffer-Pain Relief Center**, **Flynn Engineering Services, P.A.**, **Frame n Art**, **Gold Coast Scuba**, **Harmony Hair and Spa**, **Kilwins**, **Laspadas**, **Mulligans Beach House**, **Optical By The Sea**, **Pronto Café**, **Seagrape Commons** and **Walgreens**.

We are grateful for the community support we received which allowed our holiday vision to become a reality. Kudos to **Danny Carter** of **LBTS Dance Moves**, who once again

Garden of Love Florist owner Dolores Hamilton (l) won the Windows-By-The-Sea award for the 'Best Dressed' holiday window decoration in December. Town staff member Pat Himelberger, who organized this year's Christmas-By-The-Sea event, presented Dolores with a plaque for her efforts.

arranged a great entertainment program.

We extend thanks to our volunteers: **Guy Contrada** who staged **Santa's Village** and entertained the excited children waiting for Santa; Santa himself, who always patiently hears the children's wishes; **Driftwood Beach Club** and the **LBTS Lodging Association** for staffing the Letters to Santa and the ever popular Cookie Decorating booths; **Oasis Realty** and **Dynamic Chiropractic** for staffing the Holiday Tattoos and Ornament Decorating booths; **Marie Chiarello**, who helped staff plan the event and who unfailingly was available for meetings, phone calls, craft expertise and event set up; **Jim Silverstone** (Santa), and last but not least, **Betty Husney**, **Hilda Navarro** and **Debbie Hime** who staffed the children's game **Toss It!**

Thanks to the dedicated volunteers who helped with Halloween!

Vice Mayor Chris Vincent, who headed up this past October's **Halloween Celebration**, extended a heartfelt thank you to all the volunteers and Town residents who helped out with the event this year:

"I want to thank **Ken** and **Wayne** from **Interior Digs**, **Karen Bertocci**, **Don Prince**, **Steve d'Oliveira** and all of the Town staff members who pitched in; the **Volunteer Fire Department**, **Martha Marchelos** from **Athena-By-The-Sea Restaurant**; **Sunny** and **Bernie Eckhardt**; **Regis** and **Alana Brady**; **Mayor Scott Sasser** and his wife, **Teresa**; **Town Commissioner Mark Brown**; **Cindy Wood**; and last but not least, my wife **Christine**, and daughter, **Paige**."

Some of the costumes at the Town's Halloween Celebration.

Christmas-By-The-Sea Holiday Photos!

Santa Claus, Christmas cookies, the fantastic youth entertainment and shopping were all huge hits this year!

The business holiday decorations were all fantastic and families enjoyed the merry atmosphere downtown!

License plate cameras help police make arrests

The Town's License Plate Reader cameras

-- installed on **Commercial Boulevard** and on **State Road A1A** at the north and south ends of Town -- are helping Town police officers fight crime.

The cameras read the license plate of every vehicle entering and leaving Town and their software checks the plate against police "hot lists." Patrol deputies are notified within seconds via their laptop computers if the vehicle's owner is wanted by authorities.

Since the cameras were installed in mid-October, the **Broward Sheriff's Office** has made three arrests to date with information provided by the cameras. Deputies arrested a driver with an outstanding warrant for violating his

probation on grand theft charges. A maid who stole credit cards from a **Lauderdale-By-The-Sea** hotel room was also arrested. **Capt. Fred Wood**, who oversees BSO in **Lauderdale-By-The-Sea**, said the maid told police she was working when the stolen credit cards were illegally used, but the

cameras showed she left work early that day.

And in December, the cameras alerted BSO to a car registration that lapsed several months ago. The driver was a convicted felon on probation who also had a loaded, stolen gun in the vehicle.

Valuable program

"This system adds an important investigative tool for the deputies here in Town," Wood said. "Anytime you can use technology to enhance public safety, it's a positive step."

The camera system, long-championed by **Town**

GROUND PATROL: BSO Sgt. Pete LaGana is alerted on the laptop computer in his patrol vehicle when the Town's License Plate Reader cameras identify a "hot list" vehicle.

SKY PATROL: The Town's License Plate Reader cameras hang over Commercial just east of the Intracoastal Waterway bridge on the south side of the roadway.

Commissioner Stuart Dodd, was purchased with money from the **Law Enforcement Trust Fund**, which is funded with cash and property confiscated from criminals.

Initial controversy

Despite the obvious benefits to law enforcement and public safety, the license plate cameras were not without controversy.

Shortly after they were installed, the **Florida Department of Transportation** directed several cities, including the Town of **Lauderdale-By-The-Sea**, to remove the cameras because they were hanging over the state's right-of-way.

The **Florida Police Chiefs Association** appealed to the **Governor's Office** to intervene. The Governor's office indicated that FDOT's directive would be suspended and that it will work with the Chief's Association to find common ground on the issue.

"The **Town Commission** recognized the benefit that this technology could provide to the BSO staff in **Lauderdale-By-The-Sea** and were committed to getting it up and running," Wood said. "Early on we are already seeing the benefit of their foresight."

COP Bike Unit members serve as ambassadors

The **Broward Sheriff's Office Citizen Observer Patrol (COP)** program recently started the first-ever bike unit in **Lauderdale-By-The-Sea**.

The new program not only increases the visibility of law enforcement, but makes it easier for COP members to meet people and more readily provide them with help.

"They are very accessible and approachable to the public for answering questions and providing directions," said BSO **Capt. Fred Wood**, who oversees BSO operations in Lauderdale-By-The-Sea. "During peak traffic times they can also maneuver throughout the Town much more readily than in a patrol car."

"They are very accessible and approachable to the public..."

— Capt. Fred Wood

in **El Prado Park** in mid-November when an 80-year old man developed stroke-like symptoms.

"We were already there and were beckoned immediately," he said. "I was speaking on the radio with BSO dispatch while **Officer Les Kafka** directed ambulance and fire rescue personnel to the scene."

Bike unit members travel in pairs. While able to patrol anywhere in the Town, the unit's primary focus is the downtown area and all along Commercial.

"The bike unit will complement our COP car patrols," Wood said. "While looking for suspicious activity or potential hazards, the access of the

bikes will allow COPs to act as ambassadors to our community. Their close interaction with the public is very

conducive to our law enforcement procedures."

Besides Johansen, the COP Bike Unit members include **Maj. Lou Barbara**, **Sgt. Philip Wojahn**, **Sgt. Tim Bokovoy**, and officers **Lisa Quaranto**, **Dan Ford**, **Tom Ferris** and **Kafka**.

"BSO **Deputy Ben Koos** is our COP Liaison with BSO and has been a strong supporter to help get the unit going," Johansen said.

The unit's training emphasizes safe riding skills and how to navigate around obstacles and other hazards they could encounter, including curbs, sandy or wet pavement, moving vehicles and even pedestrians.

Wood isn't aware of other BSO jurisdiction in Broward using COP bike units, although two BSO districts have called him to inquire about starting one

up in their community, as did the **City of Indian Rocks Beach**, Fla.

How to Join

To learn more about the Citizens Observer Patrol, go to www.sheriff.org/about_bso/community/cops.cfm. If you have questions about the LBTS program or would like to possibly join, please call Capt. Wood at **954-640-4240**.

TRAFFIC STOP: COP Bike Unit members Les Kafka (l) and Tom Ferris (r) chat with a Town resident and her guest in Anglin's Square during this year's annual Christmas-By-The-Sea.

The COP program uses resident volunteers as an extra set of eyes and ears for the police. COP members radio BSO if they spot criminal or suspicious activity. They also handle traffic control and other routine police matters, freeing up BSO's full-time police deputies to spend more valuable time on patrol.

Col. Bill Johansen, who heads up the COP program in LBTS, said bike unit members were at the **Farmer's Market**

PARKING (continued from Page 1)

Rather than let high season data dictate parking policy decisions, Town staff and Desman's project team also studied parking data from the computerized pay stations located in the Town's four busiest parking lots for the ten month period of January through October 2014. Data for that same period was also obtained from the **Pay-By-Phone** parking database. The analysis gave a clearer picture of how often, in what months, on what days of the week, and during what times of day parking demand approached the capacity of public parking spaces in our four biggest parking lots.

The data revealed that, even in peak tourist season, there are parking spaces available in several of the lots on weekends and plenty of available spaces during the week. The **El Mar Parking Lot** next to **Country Ham N' Eggs** is the only lot that is consistently full during peak periods.

Desman was also asked to look at possible locations for a parking garage and the projected cost. It concluded that the only financially feasible site to build a garage would be at the Town-owned **A1A Parking Lot** just north of **Commercial Boulevard**. While the financial analysis indicated the parking system would have sufficient revenues to finance the construction of a garage, the cost per parking space added would be almost \$45,000 and the garage would supply far more parking than demand warranted. In addition, the

construction of the garage would take much-needed parking spaces out of use for an 18-month to 2-year period.

They also looked at the possible purchase of land and construction of a surface lot. Because of high land costs in the Town, Desman projected the cost per parking space added in a new surface lot to be \$29,000. It pointed out that there were multiple advantages of that approach over building a garage; less costly by millions of dollars, it could be funded by the parking system without incurring any debt. The Town would also not be building more spaces than are currently needed, and it would not take any existing parking out of use during construction. For years, some residents and business owners have suggested that the private sector could be prevailed upon to build a garage. Desman's analysis of that issue shows that it is simply not financially feasible. A garage is only viable if all revenues from the entire parking system support it. After hearing Desman's workshop presentation on Dec. 9, the **Town Commission** unanimously felt that the idea of building a parking garage should be shelved for now. Over the next six months, there will be discussion on how to get drivers to utilize the parking spaces that go unused, the possible acquisition of parcels for surface parking, and increasing parking rates in some locations to encourage beachgoers not to park in the most desirable parking spots for retail and restaurant visitors.

GREENWAY (continued from Page 1)

Over the past nine months, residents and business owners attended three workshops to provide feedback on the various options FDOT had developed. At the second and third meetings, FDOT refined and narrowed the options based on what it had heard from residents at the preceding workshops.

At the Dec. 8 meeting, there was a consensus that the Greenway should be a walkway, preferably meandering, with benches, trees, and lighting located in the existing median, except in the downtown area where the median is not wide enough to accommodate it (due to the parking spots on either side of the median). Staff and residents made it clear that drainage also needed to be improved. The FDOT and MPO staff indicated that drainage would be part of the El Mar project.

Residents also warmed to the idea of reducing traffic to one broad lane in each direction at just the north and south ends of El Mar Drive to create more attractive public spaces at the main entrances to the Town's signature seaside street.

FDOT is now working on architectural renderings

showing what typical sections of the road will look like and will present those renderings at the Town Commission meeting on **Jan. 13 in Jarvis Hall at 7PM**. The public is once again invited to comment.

Once a design concept is approved, the Town will ask the MPO to prioritize the project for funding and get it placed into FDOT's work program. At that point, design will commence and additional workshops will be held to get feedback on more specific aspects of the design, such as paving and landscape features, lighting, street furniture, lane widths, etc.

Once the design phase of the project is completed and an estimate of the construction cost is known, the MPO would have to approve the funds for the construction of the project. (The MPO is a transportation planning agency that makes key decisions about the expenditure of federal and state funds to support a regional transportation system that enhances the community's environmental and economic well-

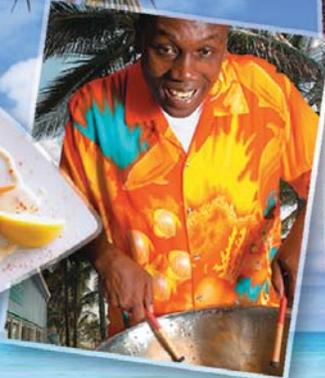

being.) **Town Commissioner Mark Brown** is the Town's representative to the MPO and has worked hard behind the scenes to bring the Greenways Project to Lauderdale-By-The-Sea.

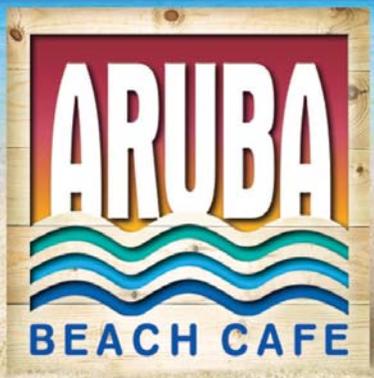

Town residents provided key feedback to FDOT about the El Mar Greenway Project at the Dec. 8th public workshop in Jarvis Hall.

TOWN EVENTS

Shall We Dance?

Danny Carter of **Dance Moves** in LBTS offers free seaside dance instruction in the downtown **Ocean Plaza** on the **second and fourth Sundays** of the month from **5 to 7PM**. The free program continues through the end of May.

Jarvis Hall Series

The Town's **Evening at Jarvis Hall Series** continues on **Jan. 14** at **7PM** in **Jarvis Hall** with a free seminar on buying and using the latest electronic devices. On **Feb. 11** from **6 to 8:30PM** in Jarvis Hall, be sure to drop by the **Third Annual Community Center Art Exhibit**. And on **March 25th** from **7 to 8:30PM**, join us for an evening of **Theater & Poetry**. For more info, please call **954-640-4225**.

Join Kiwanis Club!

The **Lauderdale-By-The-Sea Kiwanis Club** invites you to attend its upcoming membership drive on **Tuesday, Jan. 20** from **5 to 7PM** at the **Chatham Restaurant**,

4331 N. Ocean Drive. There will be food and special

drink prices.

Kiwanis, a service organization that strives to help children in need worldwide, is celebrating its 100th anniversary. For more info, call **954-229-1922** or go to its Web site at **www.lbts-kiwanis**.

LBTS EVENTS ONLINE

Please be sure to check out the Town's events Web site at **www.lbtsevents.com**.

Pro Footvolley Tour coming to LBTS

The **Pro Footvolley Tour** begins its 2015 season in **Lauderdale-By-The-Sea** with an exciting double-header weekend event on **Jan. 24** and **25** on the beach in front of **El Prado Park**. The Pro Open on **Saturday** is at noon. On **Sunday** at 5PM, the top players will swap jerseys and play for country pride in the **International Challenge!** Players from Brazil, USA, Italy and Colombia are confirmed.

BSO Shred-A-Thon is Saturday, Jan. 10th

The **Broward Sheriff's Office** in Lauderdale-By-The-Sea will hold a free **Shred-A-Thon** and unused prescriptions take back program on **Saturday, Jan. 10** from

10AM to 1PM at **Assumption Catholic Church**, 2001 S. Ocean Blvd. There is a 5-box minimum for the Shred-A-Thon.

Participants in **Operation Medicine Cabinet** who return unused or expired prescription medication will receive a **\$5 gift card** as long as supplies last.

The Shred-A-Thon provides residents with a safe way to dispose of check stubs, credit card offers, receipts and any other paperwork that contains sensitive financial information.

Taste-of-the-Beach is Wednesday, Feb. 25

Taste of the Beach, the **Chamber of Commerce's** annual fundraiser, will be held under a tent in **El Prado Park** from **6 to 9PM** on **Wednesday, Feb. 25**. El Prado Park is on the beach just east of Town Hall, 4501 N. Ocean Drive. In addition to beer and wine, attendees can sample a wide variety of seafood and other local culinary fare from the area's best local restaurants. For more info, please call the chamber at **954-776-1000**.

Independent Living ramp program

The **Center for Independent Living** has a **Ramps for Independence Project** open to Town residents with disabilities or seniors who meet income eligibility guidelines. The program provides financial assistance for access modifications to your residence. You must own your home, condo or townhome. For more information, please contact **Bob Davis** at **954-722-6400** or e-mail him at **bdavis@cilbroward.org**.

Rummage Sale!

The **Lauderdale-by-the-Sea Garden Club** will hold its annual **Rummage Sale** on **Saturday, Jan. 31** from **8:30AM to 12:30PM** in Jarvis Hall. If you want to clean out your closet and contribute to this event, please call **954-267-9181**. The items for sale include books, linens, housewares, white elephants, plants, baked goods and more.

Arts & Crafts Show

The **LBTS Chamber of Commerce's** spring **Arts & Crafts Show** will be held on **March 7** and **8** from **10AM to 5PM**. The outdoor weekend festival in Anglin's

Square feature numerous arts and craft vendors from around the region and state. For more info, call **954-776-1000**.

Beach Clean-up

The **Florida Community Support** organization sponsors a beach clean-up on the **second Saturday** of each month. Volunteers meet at the **Sea Watch Restaurant** at 9AM. The clean-up ends at 11AM. Supplies provided on a first come basis. For more info, please call **Eric Yankwitz** at **954-590-8658**.
