TASTE OF THE BEACH

Taste of the Beach, an annual culinary affair sponsored by the Lauderdale-By-The-Sea Chamber of Commerce, is set for Tuesday, Feb. 24th from 5 to 9 PM at El Prado and the beach (a half block north of Commercial Boulevard). Advance tickets are \$35. Tickets at the door are \$37. The event features seafood from 35 local restaurants. For more info, call the Chamber at 954-776-1000.

HOMESTEAD SIGN-UP DATES

There are two remaining special homeowner sign-up dates for Homestead, Senior and other property tax exemptions for Town taxpayers. Deputy Property Appraisers will visit Jarvis Hall, 4505 Ocean Drive, on Feb. 2nd & March 2nd between 11:30 AM & 1 PM.

PAUL WINKLER REMEMBERED

The Town was saddened in November by the passing of Paul K. Winkler, a former Town Commissioner and former director of the Town's Chamber of Commerce. Winkler, 84, lived in Town for 35 years and was active in many civic projects.

More riders needed to save Pelican Hopper funding!

The **Pelican Hopper**, a free shuttle transportation service provided by the **Town** and **Broward County Transit**, needs more riders! The Pelican Hopper has operated in Town for several years, but the Town is in danger of losing this public service unless it attracts more riders. The Town receives a **\$59,000** annual grant from **Broward County** to operate the service.

"We're having single-digit ridership," **Town Manager Esther Colon** said. "Unless our Pelican Hopper ridership increases, we may lose County funding."

The air-conditioned shuttle bus, which starts its daily route in front of **Publix Supermarket** at the **Village Shopping Center** in **Sea Ranch Lakes**, takes 45 minutes to make a complete run south down to **Galt Ocean Mile** before heading north to **Terra Mar Island** and then returning back to Publix.

Town installs video security cameras to help nab criminals

The **Town** wants criminals to know they're being watched. The Town has installed seven high-resolution video security cameras in Town. Six are located at the Town's three entrance and exit points: the **Commercial Boulevard** bridge over the **Intracoastal Waterway**, as well as the north and south entrance points to the Town on **State Road A1A**. A seventh camera is portable and can be moved to any area in Town where police feel there is a valid need.

The security cameras were installed in December by **Security 101**, a Pompano Beach firm hired by the **Town**. The **\$64,000** used to buy the cameras came from the Town's **Law Enforcement Trust Fund**, which is money and property seized by police from criminals.

BSO Chief Scott Gooding said more and more cities are deploying security cameras to help fight crime. In the near future, several more cameras will be purchased and placed in key areas. The video cameras record traffic in and out of Town 24 hours per day.

Take steps to help endangered loggerhead sea turtles in 2009

With the start of Florida's annual **sea turtle season** on **March 1st**, Town residents and business owners are reminded to please take steps to help protect **threatened loggerhead sea turtles**.

Bright lights along the beach not only deter some adult loggerheads from nesting, but can cause serious problems when the tiny hatchlings emerge from the nests.

The incubation of each nest takes about 50 days. After this

Hatchlings head for the ocean.

period, about 100 hatchlings scurry toward the ocean. If bright artificial lights are present,

however, the sea turtle hatchlings will often become disoriented and travel in the wrong direction.

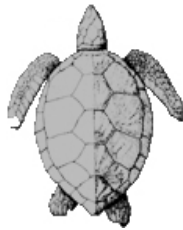

Even the hatchlings that reach the ocean face tough odds to survive. Estimates are that only one in 1,000 to 10,000 hatchlings reach adulthood.

Broward County, which operates a sea turtle conservation program, has several helpful recommendations. If you observe an adult sea turtle or hatchling, please adhere to the following rules and guidelines:

— It is normal for sea turtles to crawl on the beach at night. Do not report normal crawling or

HOW TO HELP

If you happen to come across a **sea turtle hatching** crawling towards the road or a parking lot, you can take the following steps:

□ Call the **Broward Sea Turtle Hotline** at **954-328-0580**. A

qualified sea turtle expert will be sent to the area to handle the incident.

□ If you do not remember the hotline number, pick up the hatchling and take it to the water's edge. Make sure the beach is dark. Allow the turtle to crawl from the beach into the ocean.

□ If there are numerous hatchlings, put them in a dry bucket before taking them to the water's edge on a darkened area of the beach. Let them crawl on the sand to the water.

— **BROWARD COUNTY SEA TURTLE CONSERVATION PROGRAM.**

nesting activity to the **Sea Turtle Hotline** at **954-328-0580**. Please only call if the turtle is in danger.

— Stay away from crawling or nesting sea turtles. Nesting is a critical stage in the sea turtle's life cycle. Please leave them undisturbed.

— Please report all stranded (dead, injured or apparently healthy) turtles to the hotline. Report all sea turtles that have not moved for 30 minutes or longer. □

Town Commission addresses several Town Code issues

The **Town Commission** devoted a good deal of attention these past few weeks to addressing a number of **Code** issues.

Since **Lauderdale-By-The-Sea** annexed the **Intracoastal Beach Area** in unincorporated Broward north of the Town in 2001, efforts have been underway to reconcile the Town Code with what was allowed under **Broward County's Code**.

“We're trying to get everybody together on the same page,” **Town Manager Esther Colon** said. “It's an ongoing process.”

The Commission held a workshop in January to

address several issues, including residential boat and trailer storage, short-term home rentals, gravel driveways, swales, fences, site plans, signs and parking.

The Commission heard from numerous residents in the north part of Town about being able to store their boats and vessels on their residential property.

The Commission took no official action in January, but was expected to adopt ordinances in the near future to address the problems.

The Commission may adopt a separate law addressing how to regulate home rentals to people on vacation for short periods of time. Residents have complained about excessive noise and trash in homes where people are renting short-term.

Gravel driveways are also an issue. Gravel driveways are sometimes prohibited because of the danger the rocks pose if South Florida were hit by a hurricane. □

Dangerous dog law adopted by Town Commission to better protect children and residents from attack

To help protect children and residents from dangerous dogs, the **Town of Lauderdale-By-The-Sea Town Commission** has adopted an ordinance requiring the owners of dangerous dogs to keep them under control at all times.

The Commission adopted a **Vicious Dogs Running At Large** ordinance in December establishing a **\$250** fine for any resident who fails to maintain "direct control" of a dangerous dog in Town that "presents a risk of serious physical harm or death."

The proposed ordinance was first adopted on Nov. 25th.

Broward County has a dangerous dog law on the books. The Commission, however, said it felt a Town ordinance would also allow it to address the issue. The ordinance defines what steps an owner must take to help prevent a dangerous dog from getting loose and attacking a person. □

POTENTIAL DANGER

Pit bulls, like any dog, can pose a danger to children and residents.

DEFINITION

Under the Town's **Vicious Dogs Running At Large Prohibited** ordinance, a dangerous dog is any dog that:

— ... because of its aggressive nature, training or characteristic behavior, presents a risk of serious physical harm or death to human beings, or would constitute a danger to human life, physical well-being, or

property if not kept under the direct control of the owner or custodian.

— This definition shall not apply to dogs utilized by law enforcement officers in the performance of their duties.

— Has aggressively bitten, attacked endangered or inflicted severe injury on a human being on public or private property, or when unprovoked has chased or approached a person on the street, sidewalks or any public grounds in a menacing fashion or apparent attitude of attack. (provided that such actions are attested to in a sworn statement by one or more individuals).

— Has more than once severely injured or killed a domestic animal while off the owner's property.

— Has been used primarily or in part for the purpose of dog fighting. □

REMEMBER TO RECYCLE!

The Town encourages all residents to recycle! Recycling not only conserves natural resources, but reduces waste and pollution. Place empty glass and plastic bottles in your recycling container. You can also place bundled or bagged newspapers and/or cardboard on top of the container.

RECYCLING CONTAINERS

— If you do not have a recycling container at your home, please call the Town's **Municipal Services Department** at **954-776-5119**. The containers are absolutely free!

TOWN RECYCLING DAYS

— If you live in a single-family home or duplex **south of Commercial Boulevard**, your recycling day is on **Thursday**.
 — If you live in a single-family home or duplex **north of Commercial Boulevard**, your recycling day is on **Friday**.

EYE IN THE SKY

CRIME FIGHTING TOOL: Police in Lauderdale-By-The-Sea now use video security cameras in the Town to help track down suspects. The Town used \$64,000 in Law Enforcement Trust Funds — money confiscated from criminals — to purchase the video camera system.

CAMERAS (continued from Page 1)

The images taken are available to BSO on a computer at the police station. After a crime is committed, if police can obtain a description of the vehicle the criminals used to enter and leave the Town, police can check the security cameras to see if they can identify the car and the suspect involved.

“This is going to help us fight crime right here in Town,” Gooding said. “The use of video cameras around the country has proven invaluable to law enforcement. We want criminals to think twice about coming into our Town to break the law.”

Gooding made a presentation to the **Town Commission** and residents about the security cameras in December. □

Jimmie Ray selected as Employee of the Month

Lauderdale-By-The-Sea Public Works employee **Jimmie Ray** was named **Employee of the Month** in January.

Jimmie started his career with the Town in March 2005. He works

diligently every day and goes the extra mile to help his fellow co-workers and residents.

He possesses a wonderful work ethic, can be counted on to get any job done in a timely manner and is always willing to take on additional projects. Because of his good hearted nature and willingness to help Town residents, Jimmie deserved the honor of being named Employee of the Month. □

SHUTTLE (continued from Page 1)

The shuttle, which operates from **9 AM to 5:25 PM Monday thru Friday**, travels around Town with various assigned stops, including three locations connecting with the **Fort Lauderdale Galt/North Beach Community Bus**. The bus also operates **Saturday from 10 AM to 7:55 PM**, and **Sunday from 8 AM to 6 PM**.

The shuttle is wheelchair accessible in accordance with provisions under the **Americans with Disabilities Act**. It is also equipped with a bike rack.

For a timetable and destinations, please go to this Web site: www.lauderdalebythesea-fl.gov.

Once there, click on Pelican Hopper. There is no service on New Year's Day, Martin Luther King Jr's Birthday, Presidents' Day, Memorial Day, Independence Day, Labor Day, Veterans Day, Thanksgiving Day, the day after Thanksgiving and Christmas Day.

Upcoming Garden Club meetings & flower show

The **Garden Club** will meet in **Jarvis Hall** in **Feb. 9th** at **9:15 AM** for a regular meeting. The program is **Horticulture with Ann Shandelmayer**.

The club also meets on **March 9th** at **9:15 AM**. The program is **Flower Designs with Cindy Reiger**.

The Garden Club also has a Flower Show — **Caribbean Carnival** — scheduled for **Saturday, March 29th** in Jarvis Hall from **1 to 4 PM**. For more information, call **Marilyn Carr at 954-938-9076**.

RIGHT TREE, RIGHT PLACE

Small, immature trees planted today can grow into problem trees in the future. Selecting the right tree and planting it in the right place around power lines can eliminate potential safety hazards and improve the reliability of your electric service. In addition, your tree can achieve the proper height and form desired. Use the information below as a guide when planning your landscape design.

Steps to selecting the "right tree" for the "right place."

— Before planting a tree, do some research. Find out how tall and how wide the tree will be when it reaches maturity.

— Consider where the tree will be located in relation to overhead and underground utility lines. The location of these lines should determine the kind of tree to plant and site selection as the mature tree must have enough space away from power lines with an area large enough to accommodate the canopy and root system.

— Make sure there are no buried wires before digging in the spot for your new tree. Call **Sunshine State One Call at 1-800-432-4770** before digging in an area with underground

services. Within two business days a utility representative will inspect the property to locate and mark any buried wires. There is no charge for this service.

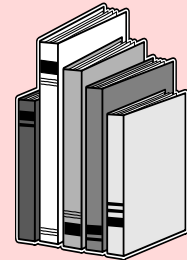

— Plant the tree using FPL's Right Tree, Right Place as a guide, which the **Town of Lauderdale-By-The-Sea** has officially adopted under its **Code**.

Avoiding problem trees and planting the right ones near power lines helps avoid the need for trimming and make for a much safer environment.

WORK IN PROGRESS

PAVILION PROJECT: The Town's new beach pavilion at Commercial Boulevard is expected to be completed in late February. Work on the project began this winter because Florida environmental regulations prohibit construction on the beach during sea turtle nesting season (March-October).
