Telephone: (954) 640-4200 / Fax (954) 640-4236

June 11, 2020

Honorable Mayor and Commissioners:

State law requires that all general purpose local governments publish within nine months of the close of each fiscal year a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to these requirements, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the Town of Lauderdale-By-The-Sea for the fiscal year ended September 30, 2019.

This report consists of management's representations concerning the finances of the Town of Lauderdale-By-The-Sea. Consequently, we assume full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, the Town has established an internal control framework that is designed both to protect the Town's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Town's financial statements in conformity with GAAP (Generally Accepted Accounting Principles). Because the cost of internal controls should not outweigh their benefits, the Town's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. We assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Grau & Associates, a licensed certified public accounting firm, has audited the Town's financial statements. The goal of the independent audit was to provide reasonable assurance that the Town's financial statements for the fiscal year ended September 30, 2019, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon their audit, that there was a reasonable basis for rendering an unmodified opinion that the Town of Lauderdale-By-The-Sea's financial statements for the fiscal year ended September 30, 2019 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Town of Lauderdale-By-The-Sea's MD&A can be found immediately following the report of the independent auditors.

#### Profile of the Government

The Town of Lauderdale-By-The-Sea, incorporated in 1947, is located between the Atlantic Ocean and the Intracoastal Waterway in the east-central part of Broward County, Florida directly north of Fort Lauderdale and 33 miles south of Palm Beach County. The Town of Lauderdale-By-The-Sea is primarily a residential community but, because of the Town's prime seaside location, the hospitality industry has historically been significant to the Town's economy and character. The major industries within the Town are hospitality, retail (including restaurants), finance, insurance and real estate. Most residents are retired or employed in South Florida. The Town is 1.5 square miles in land area and has a year-round population of approximately 6,500 residents. We estimate the peak seasonal population to be approximately 12,000.

The Town of Lauderdale-By-The-Sea provides a full range of municipal services for its citizens. These include executive administration, financial accounting and reporting, public works, parks and recreation facilities, and planning and zoning. Police, fire prevention and suppression, emergency medical service, building inspections, code enforcement, and parking enforcement are all delivered via contracts with third party providers: Broward's Sherriff's Office for police services, the Lauderdale-By-the-Sea Volunteer Fire Department for fire services, American Medical Response for emergency medical services, C.A.P. Government for building inspections, Calvin, Giordano & Associates for code enforcement, and Republic Parking for parking enforcement. Water service is provided to our residents and businesses by the cities of Fort Lauderdale and Pompano Beach. Sewer services are provided to residents and commercial businesses in the north end of Town by the city of Pompano Beach. The Town provides sewer collection and transmission services in the south portion of Town, but the wastewater is transmitted to the city of Pompano Beach, which then transports it to Broward County's Wastewater Treatment Plant on Copans Road for treatment and disposal.

The Town operates under a Commission-Manager form of government. Policy-making and legislative authority are vested in the Town Commission, which consists of a Mayor, a Vice-Mayor and three Commissioners. Commissioners (including the Vice Mayor) are elected for four-year terms and must live in a specified district, but are elected at large (by voters of the entire Town). The Mayor serves a two-year term and is also elected at large. The Town Commission is responsible for setting Town policy, setting most Town fees, passing ordinances, adopting and amending the annual budget, approving large purchases, adopting resolutions, and appointing the Town Manager and Town Attorney.

The Town Manager is the chief executive officer of the Town. The Town Manager is responsible for carrying out the policies of the Commission, enforcing the Town's code of ordinances, appointing, directing, and removing all Town employees, overseeing the Town's contracts, preparing and submitting the annual budget, and overseeing the day-to-day operations of the Town.

The Town Commission meets in regular session on the second and fourth Tuesday of each month at 6:30 p.m. in Jarvis Hall, 4501 Ocean Drive, Lauderdale-By-The-Sea, Florida. The Commission schedules additional workshops and meetings on an as-needed basis.

#### The Town's Budget

The annual budget serves as the Town of Lauderdale-By-The-Sea's financial planning and control mechanism. All departments of the Town submit requests for funding to the Town Manager and these requests are the starting point for developing a proposed budget. The Finance/Budget Director reviews revenue trends and projects revenue for the current and upcoming fiscal year. The Broward County Property Appraiser advises the Town in late June or early July of the valuation of properties in the Town and the ad valorem tax millage rate required to raise the same amount of tax revenue as in the preceding year.

The Town Manager seeks budget policy direction from the Town Commission, then crafts a budget consistent with that policy direction and presents it to the Commission for review in July of each year. The Commission is required to hold public hearings on the proposed budget and to adopt a final budget no later than September 30, the close of the Town's fiscal year. The budget is legally enacted through the passage of a resolution which adopts the budget by fund and department. This administration's policy is that the classification detail at which expenditures may not legally exceed appropriations is at the department level. The Town Manager is authorized to transfer part or all of the unencumbered balance of an appropriation within a department; however, any revisions that alter the total appropriations of any department must be approved by the Town Commission.

Budget-to-actual comparisons are reported monthly to the Town Commission by the Finance Director. Revenue and expenditure projections for the current fiscal year are provided to the Commission during the budget preparation process.

## Economic Condition

As shown in the following chart, the Town of Lauderdale-By-The-Sea's taxable assessed value for fiscal year 2019 increased by \$124,650,662 or approximately 5.0%. Fiscal year 2019 marks the culmination of the recovery since property values in fiscal year 2009 and subsequently declined.

Tax Roll Year	Fiscal Year	WCC Taxable Values		Year-to-Year Comparison		Year-to-FY2009 Comparison	
2008	2009	\$2,117,169,658	*	(\$204,731,570)	-8.80%	(\$204,731,570)	-8.80%
2009	2010	\$1,911,499,581	*	(\$205,670,077)	-9.70%	(\$410,401,647)	-17.70%
2010	2011	\$1,766,370,472	*	(\$145,129,109)	-7.60%	(\$555,530,756)	-23.90%
2011	2012	\$1,729,711,519	*	(\$36,658,953)	-2.10%	(\$592,189,709)	-25.50%
2012	2013	\$1,758,499,775	*	\$28,788,256	1.70%	(\$563,401,453)	-24.30%
2013	2014	\$1,811,104,269	*	\$52,604,494	3.00%	(\$510,796,959)	-22.00%
2014	2015	\$1,928,187,948	*	\$117,083,679	6.50%	(\$393,713,280)	-17.00%
2015	2016	\$2,073,594,801	*	\$145,406,853	7.50%	(\$248,306,427)	-10.70%
2016	2017	\$2,219,593,247	*	\$145,998,446	7.00%	(\$102,307,981)	-4.40%
2017	2018	\$2,376,152,413		\$156,559,166	7.10%	\$54,251,185	2.30%
2018	2019	\$2,500,803,075		\$124,650,662	5.00%	\$70,399,477	2.7%

\* Total Taxable Value with certificates (Source: Taxable Value Report, BCPA)

The following chart shows the size of the labor force, the number employed and unemployed, and the unemployment rate for the Fort Lauderdale-Pompano Beach-Deerfield Beach metropolitan area for each of the past eleven years. The table shows that the unemployment rate reached a high of 10.2 percent in 2010 and has steadily declined since then. During the same period, the size of the labor force has continued to increase. This is a good indicator that the local economy is doing well.

Year	Labor Force	Employed	Unemployed	Unemployment Rate
2009	981,779	887,079	94,700	9.60%
2010	953,592	855,943	97,649	10.20%
2011	963,707	873,140	90,567	9.40%
2012	978,286	902,489	75,797	7.70%
2013	987,928	923,202	64,726	6.60%
2014	995,699	937,586	58,113	5.80%
2015	991,365	941,948	49,417	5.00%
2016	1,013,909	967,406	46,503	4.60%
2017	1,036,383	996,992	39,391	3.80%
2018	1,043,978	1,011,659	32,319	3.10%
2019	1,054,173	1,024,315	29,858	2.80%

Source: United States Department of Labor, Bureau of Labor Statistics

As indicated in the following chart, during fiscal year 2019 the Town dropped the millage rate to 3.5989 per 1,000 of assessed taxable value, the third lowest millage rate of any city in Broward County.

**Fund Balances - Governmental Funds, As of September 30, 2019**

The table below shows the balances of the governmental funds as of September 30, 2019. The unassigned balance of the general fund was \$5,842,049. The other significant component of the general fund balance is the \$2,500,000 assigned to the emergency reserve. The balance of \$44,586 is the prepaid items as of September 30, 2019 which consists primarily of property, liability, and health insurance, contractual services.

As of September 30, 2019, the balance of the capital projects fund was \$4,257,279. Of that amount, \$677,566 is contractually restricted to be used to make El Mar Drive more pedestrian friendly. This represents the balance of a \$1,000,000 settlement the Town received from Pier Pointe Developers in fiscal year 2009. The remaining \$3,579,713 is for future capital projects.

The Town's non-major funds are the fire fund and the law enforcement trust fund (LETF). As of September 30, 2019 these funds had \$1,399,241 and \$13,586 which are legally restricted to be used for fire protection and law enforcement purposes, respectively.

	<b>General Fund</b>	<b>Capital Projects Fund</b>	<b>Non-Major Funds</b>	<b>Total Governmental Funds</b>
Fund balances				
Nonspendable:				
Prepaid items	\$ 44,586	\$ -	\$ -	\$ 44,586
Restricted for:				
Fire department	-	-	1,399,241	1,399,241
Law enforcement	-	-	13,586	13,586
El Mar beautification per contract	-	677,566	-	677,566
Assigned to:				
Emergency reserve	2,500,000	-	-	2,500,000
Capital projects	-	3,579,713	-	3,579,713
Unassigned	5,842,049	-	(92,391)	5,749,658
Total fund balances	<u>\$ 8,386,635</u>	<u>\$ 4,257,279</u>	<u>\$ 1,320,436</u>	<u>\$ 13,964,350</u>

## Proprietary Funds

As of September 30, 2019, the unrestricted balance of the sewer fund was \$1,328,660, and the unrestricted balance of the parking fund was \$4,672,274. The table below shows the history of the proprietary fund unrestricted balances over the past ten years.

Year	Sewer Fund	Parking Fund	Total Proprietary Funds
2010	\$ 1,529,090	\$ 138,844	\$ 1,667,934
2011	\$ 1,750,052	\$ 136,550	\$ 1,886,602
2012	\$ 1,500,755	\$ 810,907	\$ 2,311,662
2013	\$ 1,512,624	\$ 1,309,848	\$ 2,822,472
2014	\$ 1,281,780	\$ 1,384,554	\$ 2,666,334
2015	\$ 1,546,085	\$ 2,744,722	\$ 4,290,807
2016	\$ 1,424,365	\$ 3,814,981	\$ 5,239,346
2017	\$ 1,103,464	\$ 2,764,649	\$ 3,868,113
2018	\$ 1,033,340	\$ 3,979,300	\$ 5,012,640
2019	\$ 1,328,660	\$ 4,672,274	\$ 6,000,934

## Acknowledgements

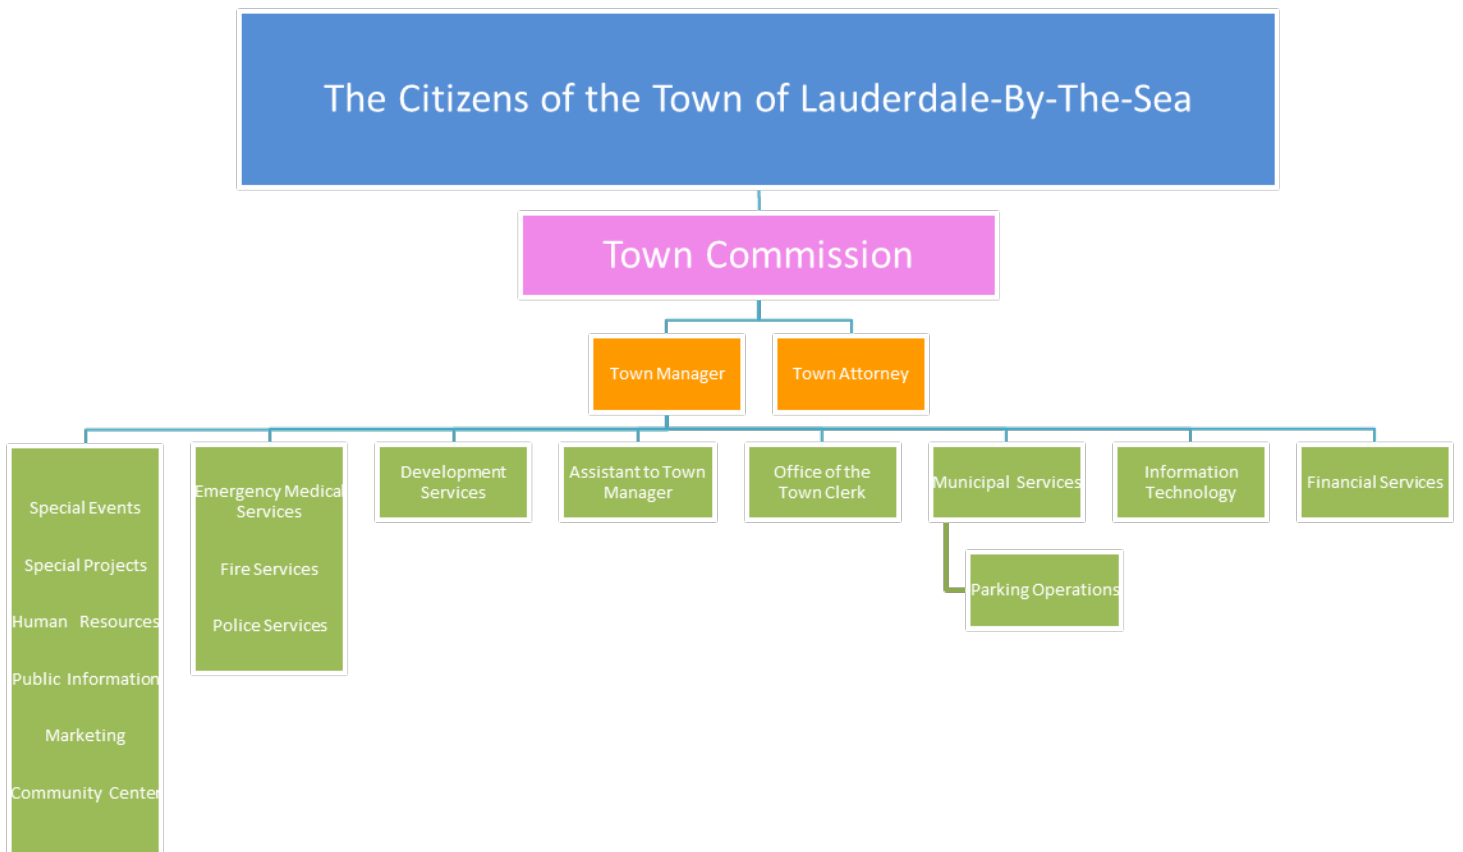

The preparation of this report could not have been accomplished without the efficient and dedicated services of Edner Saint-Jean and Sara Del Villar De Estevez of our Finance staff. We would also like to extend our thanks to the firm of Grau & Associates for their cooperation, assistance and professional conduct of the Town's annual audit. Finally, we wish to acknowledge the Town Commission for their commitment to sound accounting, transparency, financial management and the diligent manner in which they exercise their financial oversight responsibilities

Respectfully submitted,

  
Bill Vance  
Town Manager

  
Lucila Lang

**INDEPENDENT AUDITOR'S REPORT**

Honorable Mayor, Town Commission and Town Manager  
Town of Lauderdale-By-The-Sea, Florida

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Lauderdale-By-The-Sea, Florida ("Town"), as of and for the fiscal year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town, as of September 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and other required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The introductory section, combining fund statements, budgetary comparison schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining fund statements and budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us. In our opinion, the combining fund statements and budgetary comparison schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated June 11, 2020, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

June 11, 2020

**MANAGEMENT'S DISCUSSION ANALYSIS  
(MD&A)**

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

Our discussion and analysis of the Town of Lauderdale-By-The-Sea financial performance provides an overview of the Town's financial activities for the fiscal year ended September 30, 2019. We encourage readers to consider the information presented here in conjunction with the additional information that we have furnished in our letter of transmittal in the introductory section and in conjunction with the Town's basic financial statements.

### **Financial Highlights**

The assets of the Town of Lauderdale-By-The-Sea exceeded its liabilities at the close of the most recent fiscal year by \$53,209,632 (net position). Of this amount, \$15,641,359 (unrestricted net position) may be used to meet the ongoing obligations to citizens and creditors. The Town's net position increased by \$2,253,947 from the prior fiscal year primarily as a result of the Town's parking fund having generated operating income of \$1,694,043 during the fiscal year. During fiscal year 2019 the Town started reconstruction of the roadway, island, and parking on Poinciana / Bougainvillea. This project included a roadway as well as parking space reconfiguration. Also included was expansion of an existing island dividing Bougainvillea & Poinciana which received landscape and hardscape improvement. The A1A Parking lot was expanded to include the property located at 4410 Bougainvillea Drive (i.e., the former Majestica Apartment Building). The project was initially set to be completed in two phases. The first phase was completed in February 2019 and the second phase is expected to be substantially completed in November 2019 and Final Completion in December 2019. Lighting was not originally contemplated within Phase 2 and was since added with remaining funds from the project, the lighting component is anticipated to be completed by Summer 2020. Friedt Park Courtyard was scheduled to complete prior to the end of FY19 however several design modifications were made, most notably removing additional proposed parking spaces. This project is anticipated to be completed by Fall 2020.

At the close of the fiscal year 2019, the Town of Lauderdale-By-The-Sea's governmental funds reported combined ending fund balances of \$13,964,350 an increase of \$1,869,758 from the prior fiscal year.

At the end of the current fiscal year, unassigned fund balance for the general fund was \$5,842,049 or approximately 54.34% of total general fund expenditures. It is the Town's intent to continue to use the general fund balance to pay for capital projects.

### **Long-Term Debt**

The Town has no debt in any of its governmental or proprietary funds.

### **Using This Annual Report**

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Town as a whole and present a longer-term view of the Town's finances. For governmental activities, these statements tell how services were financed in the short-term as well as the amount of funds available for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide financial statements by providing information about the Town's most significant funds. The remaining statements provide financial information about activities for which the Town acts solely as a trustee or agent for the benefit of third parties.

## Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Town of Lauderdale-By-The-Sea's basic financial statements which have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements.

**Government-wide financial statements** The *government-wide financial statements* are designed to provide readers with a broad overview of the Town of Lauderdale-By-The-Sea's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Town of Lauderdale-By-The-Sea's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *statement of activities* presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

The government-wide financial statements distinguish functions of the Town of Lauderdale-By-The-Sea that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town of Lauderdale-By-The-Sea include general government, public safety, and physical environment, recreation, and transportation services. The business-type activities of the Town of Lauderdale-By-The-Sea include parking and sewer operations.

**Fund financial statements:** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Lauderdale-By-The-Sea, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the Town of Lauderdale-By-The-Sea's funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues,

## Overview of the Financial Statements (Continued)

Expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Town of Lauderdale-By-The-Sea maintains five individual governmental funds (general, capital projects, and three special revenue funds). Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, capital projects fund, and the total of the three special revenue funds. The general fund and capital projects funds are both considered to be major funds. The three special revenue funds are all considered to be non-major funds.

The Town adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

**Proprietary funds** The Town of Lauderdale-By-The-Sea maintains one type of proprietary fund, enterprise funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The Town uses enterprise funds to account for its parking and sewer operations.

The proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary funds financial statements provide separate information for the sewer and parking operations, both of which are considered to be major funds of the Town of Lauderdale-By-The-Sea.

**Fiduciary funds** The Town is the sponsor for the Volunteer Firefighters' Pension Plan. The *Pension Trust Fund* uses the accrual basis of accounting and is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operation of this fund are included on the balance sheet. We exclude these activities from the Town's other financial statements because the Town cannot use these assets to finance its operations.

**Notes to the basic financial statements:** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### Government-Wide Financial Analysis

As noted earlier, net position over time may serve as a useful indicator of the Town of Lauderdale-By-The-Sea's financial position. The Town's total net position was \$53,209,632 at the close of the most recent fiscal year.

By far the largest portion of the Town of Lauderdale-By-The-Sea's net position reflects its investment in capital assets (e.g., roadways, improvements, equipment, buildings, and land). The Town uses these capital assets to provide services to citizens; consequently, they are not available for future spending. A portion of the Town of Lauderdale-By-The-Sea's net position is subject to external restrictions regarding how they may be used such as the remaining balance (\$677,566) of the \$1 million settlement received from Pier Pointe which is contractually restricted to El Mar Drive improvements. The remaining balance of unrestricted net position may be used to meet the Town's ongoing obligations to citizens and creditors. At the end of the current fiscal year, the Town is able to report positive balances in all three categories of net position, both for the Town as a whole, as well as for its separate governmental and business-type activities.

**Governmental activities** Governmental activities increased the Town's net position by \$287,522 in fiscal year 2019. The increase represents the extent to which the cost of operations and depreciation expense exceeded ongoing program and general revenues.

**Business-type activities** Business-type activities increased the Town of Lauderdale-By-The-Sea's net position by \$1,966,425, \$1,668,135 of which, is attributable to the parking fund.

Key components of the Town's net position are reflected in the following table:

	<b>Net Position September 30,</b>					
	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018

Increase in net position	287,522	324,591	1,966,425	1,807,632	2,253,947	2,132,223
Net position - beginning	33,142,940	32,818,349	17,812,745	16,005,113	50,955,685	48,823,462
Net position - ending	\$ 33,430,462	\$ 33,142,940	\$ 19,779,170	\$ 17,812,745	\$ 53,209,632	\$ 50,955,685

Property tax revenue increased by \$428,486 primarily as the result of the Town increasing taxes by approximately \$350,000 in order to raise funds for future capital projects.

In the governmental funds, revenue from charges for services decreased by \$127,882. Grants and contributions not restricted to specific programs increased by \$7,931. Franchise tax and utility tax revenues increased by \$59,931.

In the proprietary funds, revenue from charges for services increased by \$397,969 due to a \$18,993 increase in sewer revenue and a \$378,976 increase in parking revenue.

### Government-Wide Financial Analysis (Continued)

General Government expense increased by \$212,149 and Public Safety expense increased by \$421,430. Transportation expense increased by \$35,043. The increase is the result of increased costs within Municipal Services including staff, contracts, equipment maintenance, storm drain maintenance, building maintenance, street maintenance and other operating expenses. The cost increase is also related to partial upgrade of the Town technology in 2019 and maintenance of the server.

Recreation expense increased by \$27,970. This is due primarily to the purchase of a portable stage for Jarvis Hall, sound stage lights, and removing fence for Tennis Courts.

Physical Environment expense declined by \$73,048 primarily because of a large one-time expenditure in fiscal 2018. Specifically, the Town purchased new A/C unit for the Volunteer Fire Department as well as building improvements are in progress.

Sewer expense increased by \$121,033 primarily as a result of increased professional services, payments to Pompano for wastewater treatment, and pump station maintenance. Parking expense increased by \$156,630 due to an increase in fees to Paymentech for credit card processing, the sweeper lease and an increase of parking meter parts/supplies.

### Revenues – Governmental Activities

The pie chart shows the major categories of revenue in the governmental funds and the percentage of governmental fund revenue represented by each category.

## Financial Analysis of the Town's Funds

As noted earlier, the Town of Lauderdale-By-The-Sea uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the Town's governmental funds is to provide information on near term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town of Lauderdale-By-The-Sea's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town of Lauderdale-By-The-Sea's governmental funds reported combined ending fund balances of \$13,964,350 an increase of \$1,869,758 from the prior fiscal year.

The general fund is the primary operating fund of the Town. At the end of the fiscal year 2019, the fund balance of the general fund was \$8,386,635, an increase of \$1,142,559. The increase is the result of revenues being \$649,764 more than budgeted and spending \$766,140 less than budgeted. The more significant revenue surplus items were as follows: Property taxes (\$122,163), Franchise and utility taxes (\$136,880), and Fines and forfeitures (\$274,760). There was less spending than expected on Business Development & marketing (\$66,502) and General Administration (202,052).

The fund balance of the capital projects fund increased by \$627,511 to \$4,257,279 as budgeted transfers from the General Fund and interest income exceeded expenditures. There was no significant expenditure in the Capital Fund.

**Proprietary funds.** The Town of Lauderdale-By-The-Sea's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Revenues increased from the prior fiscal year in the proprietary funds. Parking revenues increased by \$378,976 from the prior fiscal year. Sewer revenues increased by \$18,993 as the result of a 2 ½ percent rate increase. Operating expenses in the sewer fund increased by \$121,033. The increase is a result of several factors including a 64% (\$62,948) increase in the payments to the City of Pompano Beach for wastewater treatment. As well as an increase in expenditures related to pump station and sewer line maintenance in the amount of \$76,387, and an increase in professional expenditures related to the installation of cured-in-place sewer lining in the amount of \$15,658. Operating expenses in the parking fund increased by \$149,225 primarily due to a partial payment for the Bougainvilla Parking Renovation in the amount \$94,320 and contractual services to process credit card parking meters payments and lease payments associated with South Ocean/Flamingo East LLC and Wens Holdings, LLC approximately \$55,000. The unrestricted net position of the Sewer and Parking Funds combined at the end of the fiscal year amounted to \$6,000,934, an increase of \$988,294 from the prior fiscal year. The increase is primarily the result of the parking fund generating operating income of \$1,694,043.

## General Fund Budgetary Highlights

The differences in the actual revenues and expenditures as compared to the budget are summarized as follows:

Ad valorem taxes are budgeted at 95% of anticipated revenue to provide an allowance for uncollected taxes and adjustment in property values as a result of appeals that occur after the millage rate is set. The Broward County Value Adjustment Board did lower the property valuations of many properties in Town after the millage rate was adopted. Property tax collections amounted to 96.5% of possible revenues.

Utility taxes came in at 108.7% of budgeted levels. Franchise fee collections came in at 106.9% of budgeted levels. Utility taxes increased 0.4% from the prior fiscal year and franchise fees declined 3.8% from the prior fiscal year.

## **General Fund Budgetary Highlights (Continued)**

Intergovernmental revenues collected were 93.3% of budget.

Actual expenditures of the general fund were approximately 6.7% less than budgeted.

Please refer to the Budgetary Comparison Schedule for more detailed information.

## **Capital Assets**

The Town of Lauderdale-By-The-Sea's investment in capital assets for its governmental and business type activities as of September 30, 2019, amounted to \$35,477,880 (net of accumulated depreciation). These are investments in capital assets which include land, buildings, infrastructure, and improvements other than buildings, machinery and equipment.

Additional information on the Town of Lauderdale-By-The-Sea's capital assets can be found in Note 7 of this report.

## **Economic Factors and Next Year's Budget**

According to Greater Fort Lauderdale Alliance Broward County's job report indicated a 4.2 percent unemployment rate in March 2020. This rate was 1.1 percentage points higher than the region's year ago rate of 3.1 percent. Nonagricultural employment increased by 2,500 jobs (+0.3 percent) over the year, with an employment of 864,500 in the Fort Lauderdale-Pompano Beach-Deerfield Beach MSA (Broward County). The region's jobless rate is 0.1 percentage point lower than the state rate of 4.3 percent. The labor force was 1,036,617, up 5,319 (+0.5 percent) over the year. There were 43,658 unemployed residents in the region.

In preparing the fiscal year 2020 budget, the Town provided funding for the following projects:

- ❖ A1A Commercial Street Lightning Upgrade
- ❖ Neighborhood Street Lightning
- ❖ Bel Air Seawall Repair
- ❖ Palm Club Sewer
- ❖ Improve the Friedt Municipal Park.
- ❖ Town Hall Complex-Jarvis Hall exterior Flooring and Railing
- ❖ Datura Portal Upgrade -Shelter Replacement

## **Requests for Information**

This financial report is designed to provide a general overview of the Town of Lauderdale-By-The-Sea's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Budget and Finance, Town of Lauderdale-By-The-Sea, 4501 Ocean Drive, Lauderdale-By-The-Sea, Florida 33308, or at [financedepartment@lbts-fl.gov](mailto:financedepartment@lbts-fl.gov).

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN**  
**FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**FISCAL YEAR ENDED SEPTEMBER 30, 2019**

Net change in fund balances - total governmental funds \$ 1,869,758

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in the governmental funds as expenditures. However, in the statement of activities, the cost of certain of those assets is eliminated and capitalized as capital assets. 278,928

Depreciation of capital assets is not recognized in the governmental fund financial statements, but is reported as an expense on the statement of activities. (1,281,537)

Expenses reported in the statement of activities that do not require the use of current financial resources are not reported as expenditures in the fund financial statements. The details of the differences are as follows:

Change in compensated absences	8,058
Change in Other Post Employment Benefit obligation	3,443
Changes related to the FRS net pension liability (NPL)	(537,703)
Changes related to the Volunteer Firefighters Pension Plan NPL	(53,425)
Change in net position of governmental activities	<u>\$ 287,522</u>

**NOTES TO BASIC FINANCIAL STATEMENTS**

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
NOTES TO BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED SEPTEMBER 30, 2019

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Town of Lauderdale-By-The-Sea, Florida (“Town”) was incorporated in 1947. The Town operates under a Commission-Manager form of government and provides a full range of municipal services, including public safety (police and fire), parks and recreation, public works, building, zoning and code enforcement, and general administrative services. The Town also operates two enterprise activities: sewer and parking.

The basic financial statements of the Town have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) as applied to governmental units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below.

**1. Financial Reporting Entity**

The financial statements were prepared in accordance with governmental accounting standards, which establish standards for defining and reporting on the financial reporting entity. The definition of the financial reporting entity is based upon the concept that elected officials are accountable to their constituents for their actions. One of the objectives of financial reporting is to provide users of financial statements with a basis for assessing the accountability of the elected officials. The financial reporting entity consists of the Town, organizations for which the Town is financially accountable and other organizations for which the nature and significance of their relationship with the Town are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The Town is financially accountable for a component unit if it appoints a voting majority of the organization's governing board and it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the Town. The Town is financially accountable for a component unit if an organization is fiscally dependent on it and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the Town regardless of whether the organization has a separately elected governing board, a governing board appointed by a higher level of government, or a jointly appointed board. A blended component unit, although a legally separate entity, is, in substance, part of the Town's operations and so data from this unit is combined with data of the Town. Based upon the application of these criteria, there were no organizations that met the criteria described above.

**2. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and inter-governmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Interfund services provided and used are not eliminated in the process of consolidation.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific or segment. *Program revenues* include: 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**2. Government-Wide and Fund Financial Statements (Continued)**

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**3. Measurement Focus, Basis of Accounting and Basis of Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, if any, are recorded only when payment is due.

The Town's fiduciary fund is presented in the fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the Town, these funds are not incorporated into the government-wide financial statements.

Property taxes, charges for services, franchise fees and other taxes, intergovernmental revenues, and interest associated with the current fiscal period are considered susceptible to accrual and so have been recognized as revenues of the current fiscal period. Revenues for expenditure driven grants are recognized when the qualifying expenditures are incurred. Other receipts and fees, including fines, become measurable and available when cash is received by the Town and are recognized as revenue at that time.

The Town reports the following major governmental funds:

The *General Fund* is the Town's primary operating fund. It accounts for all or most of the Town's general activities except those required to be accounted for in another fund.

The *Capital Projects Fund* is used to account for the acquisition and construction of major capital facilities.

The Town reports the following non-major governmental funds:

The *Police Training and Forfeiture Fund* is used to account for the portion of traffic citation revenue dedicated to police training, the confiscation of property and the related authorized law enforcement expenditures.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**3. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)**

The *Building Fund* is used to account for the building permitting revenue and related permitting and enforcement activities.

The *Fire Fund* is used to account for the fire assessment revenues dedicated to fire protection and fire prevention services and the related authorized volunteer fire department expenditures.

The Town reports the following major proprietary funds:

The *Sewer Utility Fund* accounts for the activities associated with providing sewer services within the Town.

The *Parking Fund* accounts for parking meter revenue in the Town's business district.

Additionally, the Town reports the following fiduciary fund:

The *Pension Trust Fund* accounts for the activities of the Volunteer Fire Department's Pension Plan and the accumulation of resources for pension benefits.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the Town's various utility functions and various other functions of the Town. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

The proprietary funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total position. Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's enterprise funds are charges to customers for services. Operating expenses for enterprise funds include the cost of services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as needed.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**4. New Accounting Standards Adopted**

During fiscal year 2019, the Town adopted the following new accounting standards as follows:

*GASB Statement No. 83 - Certain Asset Retirement Obligations*

This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement.

*GASB Statement No. 88 - Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*

The objective of this Statement is to improve consistency in the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements, and to provide financial statement users with additional essential information about debt.

**5. Capital Assets**

Capital assets which include property, plant and equipment, and all infrastructure assets (e.g., roads, bridges, sidewalks, bike paths, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

The Town has elected to retroactively apply the capitalization requirements of GASB Statement No. 34 to major general infrastructure assets acquired since 1980.

The costs of normal maintenance and repairs that does not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. During the fiscal year ended 2019, there was no interest to be capitalized.

Capital assets of the Town are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	30 - 50
Utility plant	25 - 75
Infrastructure	50
Improvements other than buildings	25
Furniture, fixtures, machinery and equipment	5 - 10

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**6. Deposits and Investments**

Town administration is authorized to invest in those instruments authorized by the Florida statutes.

Investments are measured at amortized cost or fair value as required by generally accepted accounting principles. Additional information regarding the fair value measurement of investments and amortized cost is disclosed in Note 2.

Cash and cash equivalents, for purposes of the statement of cash flows, include cash and investments which are defined as short-term, highly liquid investments with original maturities of twelve months or less.

**7. Interfund Receivables and Payables**

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either due to/from other funds. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

**8. Receivables**

Receivables include amounts due from other governments and others for services provided by the Town. Receivables are recorded and revenues are recognized as earned or as specific program expenditures/expenses are incurred. Allowances for uncollectible receivables, if any, are based upon historical trends and the periodic aging of receivables.

**9. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

**10. Compensated Absences**

Town employees are granted vacation in varying amounts based on length of service and sick leave at the rate of one day per month. For employees hired after September 30, 2011, up to 15 days of annual leave may be carried forward from one calendar year into the next calendar year. Accumulated leave in excess of 15 days must be used by December 31st of each calendar year or it will be lost. In the event of termination, an employee is reimbursed for accumulated vacation days. Up to 60 days of sick leave may be accrued and carried forward into the next year. Employees hired prior to October 1, 2011 are reimbursed for 25% of accumulated sick leave upon leaving Town employment in good standing. Employees hired after September 30, 2011 will be reimbursed for 0% - 15% of accumulated sick leave, depending on their number of years of continuous service.

The cost of accumulated vacation and sick leave is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee retirements or resignations. The general fund has been used to liquidate these amounts.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**11. Long-Term Obligations**

In the government-wide financial statements, and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized ratably over the life of the bonds using the straight-line method. Bonds are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**12. Unearned Revenue**

Unearned revenue arises when resources are received by the Town before it has a legal claim to them.

**13. Encumbrances**

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General, Special Revenue, and Capital Projects Funds. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at fiscal year end, valid outstanding encumbrances (those for which performance under the executory contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget.

**14. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**15. Net Position**

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position of the government-wide and proprietary funds is categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets is that portion of net position that relates to the Town's capital assets reduced by accumulated depreciation and by any outstanding debt incurred to acquire, construct or improve those assets, excluding unexpended proceeds.

Restricted net position is that portion of net position that has been restricted for general use by external parties (creditors, grantors, contributors, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation. Unrestricted net position consists of net position that does not meet the definition of either of the other two components.

**16. Fund Equity**

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The Town can establish limitations on the use of fund balance as follows:

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution or ordinance) of the Town Commission, the Town's highest level of decision-making authority. Commitments may be changed or lifted only by the Town Commission taking the same formal action (resolution or ordinance) that imposed the constraint originally.

Assigned fund balance – Includes spendable fund balance amounts established by the Town Commission that are intended to be used for specific purposes that are neither considered restricted nor committed.

The Town first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**17. Use of Estimates**

The financial statements and related disclosures are prepared in conformity with accounting principles generally accepted in the United States of America. Management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, deferred inflows/outflows, the disclosure of contingent assets and liabilities at the date of the financial statements and revenue and expenditures/expenses during the period reported. These estimates include assessing the collectability of accounts receivable, the use and recoverability of inventory, pension and postretirement obligations, and useful lives and impairment of tangible and intangible assets, among others. Actual results could differ from these estimates.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**18. Pensions**

**Volunteer Firefighters Pension Fund**

Plan member contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits paid directly to participants and refunds of contributions are recognized when due and payable in accordance with the terms of the plan. The Town funds the contributions to its Volunteer Firefighters Pension Plan based on the actuarial required contribution. The net pension asset is reported in the government-wide financial statements and represents the difference between the plan's fiduciary net position and the total pension liability.

**Florida Retirement System**

In the government-wide statement of net position, liabilities are recognized for the Town's proportionate share of the net pension liability for the Florida Retirement System pension plan and Retiree Health Insurance Subsidy Program. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the Florida Retirement System defined benefit pension plan (FRS Pension Plan) and the Retiree Health Insurance Subsidy Program defined benefit pension plan (HIS Program), and additions to/deductions from the FRS Pension Plan's and the HIS Program's fiduciary net position have been determined on the same basis as they are reported by the FRS Pension Plan and the HIS Program plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms.

**NOTE 2 – DEPOSITS AND INVESTMENTS**

**Deposits**

All of the Town's deposits are held in qualified public depositories pursuant to State of Florida Statutes, Chapter 280, *Florida Security for Public Deposits Act*. Under the Act, every qualified public depository shall deposit with the Treasurer eligible collateral of the depository to be held subject to his or her order. The Treasurer, by rule, shall establish minimum required collateral pledging levels. The pledging level may range from 25% to 125% of the average monthly balance of public deposits depending upon the depository's financial condition and establishment period. All collateral must be deposited with an approved financial institution. Any potential losses to public depositors are covered by applicable deposit insurance, sale of securities pledged as collateral and, if necessary, assessments against other qualified public depositories of the same type as the depository in default.

**Investments - Town**

The Town has adopted an investment policy in accordance with Florida Statutes to establish guidelines for the efficient management of its cash reserves. The Town is authorized to invest in obligations of the U.S. Treasury, its agencies and instrumentalities, certificates of deposit, the State Board of Administration investment pool, any intergovernmental investment pools authorized pursuant to Chapter 163 of the Florida Statutes, SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency, and securities of any interest in any open-end or closed-end management type investment company or investment trust registered under the Investment Company Act of 1940, provided that the portfolio is limited to obligations of the U.S. government, its agencies and instrumentalities and to repurchase agreements fully collateralized by such U.S. government obligations and provided that such investment company or investment trust takes delivery of such collateral either directly or through an authorized custodian.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 2 – DEPOSITS AND INVESTMENTS (Continued)**

**Investments – Town (Continued)**

The State Board of Administration’s (“SBA”) Local Government Surplus Funds Trust Fund (“Florida PRIME”) is a “2a-7 like” pool. A “2a-7 like” pool is an external investment pool that is not registered with the Securities and Exchange Commission (“SEC”) as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC’s Rule 2a-7 of the Investment Company Act of 1940, which comprises the rules governing money market funds. Thus, the pool operates essentially as a money market fund. The Town has reported its investment in Florida PRIME at amortized cost for financial reporting purposes.

As of September 30, 2019, the Town had the following investments:

	Amortized Cost	Credit Risk	Weighted Average Maturity
Investment in Local Government Surplus Funds Trust Fund (Florida PRIME)	\$ 255,011	S&P AAAM	37 days
	<u>\$ 255,011</u>		

*Credit Risk* - Credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. The Town's investment policy limits investments to the highest ratings issued by two of the nationally recognized statistical rating organizations (NRSRO) (Standard and Poor's and Moody's investment services).

*Interest Rate Risk* - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment in debt securities. The Town has an investment policy of structuring the investment portfolio in such a manner as to provide sufficient liquidity to pay obligations as they come due. The Town's investment policy limits the maturities on individual investments to no more than two years.

*Concentration of Credit Risk* - Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The Town's investment policy states that assets shall be diversified to control the risk of loss resulting from concentration of assets to a specific maturity, instrument, issue, dealer, or bank through which these securities are bought and sold.

*Fair Value Measurement* – When applicable, the Town measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- *Level 1:* Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the Town has the ability to access;
- *Level 2:* Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- *Level 3:* Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 2 – DEPOSITS AND INVESTMENTS (Continued)**

**Investments – Town (Continued)**

For external investment pools that qualify to be measured at amortized cost, the pool’s participants should also measure their investments in that external investment pool at amortized cost for financial reporting purposes. Accordingly, the Town’s investments have been reported at amortized cost above.

*External Investment Pool* – With regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, states that “The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days.”

With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2019, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant’s daily access to 100% of their account value.

**Investments - Volunteer Firefighter's Pension Plan**

As of September 30, 2019, the Pension Plan had the following investments:

	<b>Fair Value</b>
Fixed income	
US government obligations	\$ 80,279
Corporate bonds	644,186
Foreign bonds	50,573
Equities	
Common stocks	1,392,688
	<b>\$ 2,167,726</b>

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 2 – DEPOSITS AND INVESTMENTS (Continued)**

**Investments - Volunteer Firefighter's Pension Plan (Continued)**

*Credit Risk* - For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Fixed income securities shall be one of the four highest classifications of Standard & Poor's or Moody's. The composite credit ratings of applicable investments by type are currently unavailable.

*Concentration Risk* - Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The investment policy of the Plan contains limits on the amount that can be invested in any one issuer as well as maximum portfolio allocation percentages. There were no individual investments that represent 5% or more of the total assets of the portfolio.

*Foreign currency risk* – Foreign current risk is the risk that fluctuations in currency exchange rate may affect transactions conducted in currencies other than U.S. Dollars as well as the carrying value of foreign investments. The Plan's exposure to foreign currency risk derives mainly from its investments in international debt securities and international equity mutual funds. The Plan participates in international equity mutual funds but does not own any foreign individual equity securities. The Plan's exposure to foreign currency risk is \$92,341.

*Interest Rate Risk* - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment in debt securities. The Plan does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Information about the sensitivity of the fair values of the investments over time for the Plan to market interest rate fluctuations is provided in the following table.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 2 – DEPOSITS AND INVESTMENTS (Continued)**

**Investments - Volunteer Firefighter's Pension Plan (Continued)**

As of September 30, 2019, the Plan's debt security investments had the following maturities:

	Maturity	Fair Value
Federal Farm Credit Bank	March 13, 2026	\$ 26,283
Federal Farm Credit Bank	March 7, 2028	27,583
Federal Home Loan Bank	November 7, 2025	26,414
Goldman Sachs Group	December 13, 2019	25,003
National Rural Utilities Cooperative	June 15, 2020	25,039
Praxair	September 24, 2020	25,067
Kroger	November 1, 2021	25,391
Colgate-Palmolive	November 15, 2021	25,337
John Deere Capital	March 15, 2022	25,474
US Bancorp	July 15, 2022	25,581
Wells Fargo	January 24, 2023	25,459
Burlington North Santa Fe	March 15, 2023	25,767
Public Service Electric & Gas	May 15, 2023	25,316
JP Morgan Chase	September 10, 2024	26,601
Lowe's	September 15, 2024	36,324
Commonwealth Edison	November 1, 2024	25,986
Bank of America	August 1, 2025	26,945
Suntrust Bank	November 3, 2025	27,319
IBM	February 19, 2026	26,565
IBM	January 27, 2027	26,430
Apple	February 9, 2027	26,727
Johnson & Johnson	January 15, 2028	26,293
Dowdupont Inc	November 15, 2028	28,596
Stanley Black & Decker	November 15, 2028	28,448
Anheuser-Bush Inbev	January 23, 2029	29,057
Charles Schwab Corp	February 1, 2029	27,838
Lam Research Corp	March 15, 2029	27,622
Royal Bank of Canada	October 30, 2020	25,106
Schlumberger Investment	September 14, 2021	25,467
		<u>\$ 775,038</u>

*Custodial credit risk* – Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The Plan has no formal policy for custodial risk. The underlying securities that comprise the Plan's investments are registered and held by the custodial bank, not in the Plan's name.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 2 – DEPOSITS AND INVESTMENTS (Continued)**

**Investments - Volunteer Firefighter's Pension Plan (Continued)**

*Fair Value Measurement* – When applicable, the Plan measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- *Level 1:* Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the Plan has the ability to access;
- *Level 2:* Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- *Level 3:* Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table summarizes the Plan's investments within the fair value hierarchy at September 30, 2019:

	Fair Value	Level 1	Level 2
US government obligations	\$ 80,279	\$ 80,279	\$ -
Corporate bonds	644,186	-	644,186
Foreign bonds	50,573	-	50,573
Common stock	1,392,688	1,323,282	69,406
	\$ 2,167,726	\$ 1,403,561	\$ 764,165

The investments were valued using the following approaches:

- U.S. government obligations were valued using prices quoted in active markets by a third party pricing service based on actual trades in the securities.
- Corporate bonds, certain common stock and foreign bonds were valued by a third party pricing service based on a combination of matrix pricing, actual observable trades in similar securities, and yield curve analysis.
- Other common stock and foreign stock were valued at the regular trading session closing price on the exchange or market in which such securities are principally traded. Certain common stock were valued by a third party pricing service based on a combination of matrix pricing, actual observable trades in similar securities, and yield curve analysis.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 3 – PROPERTY TAXES**

Property taxes are assessed as of January 1 each year and are first billed (levied) and due the following November 1.

Under Florida law, the assessment of all properties and the collection of all county, municipal, school board and special district property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws for the State regulating tax assessments are also designed to assure a consistent property valuation method statewide. State statutes permit municipalities to levy property taxes at a rate of up to 10 mills (\$10 per \$1,000 of assessed taxable valuation). The millage rate assessed by the Town for the fiscal year ended September 30, 2019 was 3.5989 mills.

The tax levy of the Town is established by the Commission prior to October 1 of each year, and the County Property Appraiser incorporates the millage into the local tax levy, which includes Broward County, Broward County School Board and special taxing districts.

All property is reassessed according to its fair market value as of January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State Statutes.

All real and tangible personal property taxes are due and payable on November 1 each year. Broward County mails to each property owner on the assessment roll a notice of the taxes due and Broward County also collects the taxes for the Town. Taxes may be paid upon receipt of such notice from Broward County, with discounts at the rate of four percent (4%) if paid in the month of November, three percent (3%) if paid in the month of December, two percent (2%) if paid in the month of January, and one percent (1%) if paid in the month of February. Taxes paid during the month of March are without discount, and all unpaid taxes on real and tangible personal property become delinquent and liens are placed on April of the year following the year in which taxes were assessed. Procedures for the collection of delinquent taxes by Broward County are provided for in the Laws of Florida. There were no material delinquent property taxes at September 30, 2019.

**NOTE 4 – RECEIVABLES**

Receivables for the Town's funds including the applicable allowances for uncollectible accounts as of September 30, 2019 were as follows:

Receivables:	General Fund	Sewer Utility System	Parking	Total
Billed	\$ -	\$ 211,420	\$ 13,845	\$ 225,265
Taxes	22,351	-	-	22,351
Intergovernmental	68,571	-	-	68,571
Franchise fees and taxes	156,924	-	-	156,924
Other	44,957	-	-	44,957
Gross receivables	292,803	211,420	13,845	518,068
Less allowance for uncollectibles	(3,186)	(34,675)	-	(37,861)
Net total receivables	\$ 289,617	\$ 176,745	\$ 13,845	\$ 480,207

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 5 – UNEARNED REVENUES**

Unearned revenue reported in the governmental funds and the basic financial statements as of September 30, 2019 was as follows:

	<b>Governmental Activities</b>	<b>Business-type Activities</b>
Business tax receipts	\$ 45,261	\$ -
El Mar streetscape improvements	31,100	-
Other	21,141	16,696
	<u>\$ 97,502</u>	<u>\$ 16,696</u>

**NOTE 6 – INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

Interfund receivables and payables at September 30, 2019 were as follows:

	<b>Receivable</b>	<b>Payable</b>
General Fund	\$ 121,683	\$ 31,644
Capital Projects Fund	-	15,831
Building Fund	-	92,391
Fire Fund	20,429	-
Sewer Utility System Fund	-	13,461
Parking Fund	11,215	-
	<u>\$ 153,327</u>	<u>\$ 153,327</u>

The outstanding balances between funds result primarily from the time lag between the dates that transactions are recorded in the accounting system and payments between funds are made.

Interfund transfers for the fiscal year ended September 30, 2019 were as follows:

	<b>Transfers In</b>	<b>Transfers Out</b>
General Fund	\$ 99,580	\$ 813,000
Capital Projects Fund	800,000	-
Building Fund	-	77,580
Fire Fund	13,000	22,000
	<u>\$ 912,580</u>	<u>\$ 912,580</u>

Transfers between the general fund and capital projects fund were to fund capital improvement projects. Transfer from building fund to general fund were for allocated administrative costs. Transfers from the fire fund to and from the general fund were to move revenues from the fund where collection occurred to the fund where funds have been reallocated for use, in accordance with the fiscal year 2019 budget.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 7 – CAPITAL ASSETS**

Capital assets for the governmental activities for the fiscal year ended September 30, 2019 was as follows:

	<b>Beginning Balance</b>	<b>Additions</b>	<b>Deductions</b>	<b>Ending Balance</b>
Capital assets, not being depreciated:				
Land	\$ 1,939,254	\$ 16,154	\$ -	\$ 1,955,408
Construction in progress	-	123,079	-	123,079
Total capital assets, not being depreciated	<u>1,939,254</u>	<u>139,233</u>	<u>-</u>	<u>2,078,487</u>
Capital assets, being depreciated:				
Building and building improvements	4,330,188	56,303	-	4,386,491
Improvements other than buildings	26,125,642	5,248	-	26,130,890

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 7 – CAPITAL ASSETS (Continued)**

Depreciation expense was charged to functions/programs of the Town as follows:

Governmental activities:	
General government	\$ 38,628
Public safety	73,979
Transportation	53,087
Recreation	12,000
Physical environment	<u>1,103,843</u>
Total depreciation expense, governmental activities	<u>\$ 1,281,537</u>
Business-type activities:	
Sewer utility	\$ 68,392
Parking	<u>49,216</u>
Total depreciation expense, business-type activities	<u>\$ 117,608</u>

**NOTE 8 – LONG-TERM LIABILITIES**

Changes in long-term liabilities for governmental activities for the fiscal year ended September 30, 2019 were as follows:

	<u>Beginning</u> <u>Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending</u> <u>Balance</u>	<u>Due Within</u> <u>One Year</u>
<u>Governmental activities:</u>					
Compensated absences	\$ 123,550	\$ 178,373	\$ (186,431)	\$ 115,492	\$ 11,549
	<u>\$ 123,550</u>	<u>\$ 178,373</u>	<u>\$ (186,431)</u>	<u>\$ 115,492</u>	<u>\$ 11,549</u>

For governmental activities, compensated absences are generally liquidated by the general fund.

**NOTE 9 – OPERATING LEASES (LESSOR)**

On February 28, 2013, the Town entered into an agreement to lease certain real property for use as a restaurant. The initial term of the lease is for a period of five years commencing on March 1, 2013 and ending February 28, 2018, with an option for additional five year renewal options. The lease was renewed through February 28, 2023. Minimum future rental payments on this lease as of September 30, 2019 are as follows:

<u>Fiscal Year Ending</u> <u>September 30,</u>	<u>Annual</u> <u>Minimum</u> <u>Payments</u>
2020	\$ 74,940
2021	77,188
2022	79,503
2023	<u>33,533</u>
Total	<u>\$ 265,164</u>

Included in the buildings and building improvements classification in Note 7 is the building which is currently being leased. The cost of the building is \$1,406,644 and at September 30, 2019, the accumulated depreciation is \$376,668. For the fiscal year ended September 30, 2019, rental income received from the lease was approximately \$72,000.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 10 – OPERATING LEASES (LESSEE)**

On September 8, 2015, the Town entered into an agreement to lease a certain parcel of land from Flamingo East, LLC (“Lessor”) for use as a public parking lot. The term of the lease is for a period of twenty years commencing on September 8, 2015 and ending September 7, 2035, with an option for two additional ten year renewal options. Beginning October 1, 2015, the Town shall pay Lessor, on a monthly basis, rent in an amount equal to 50% of the prior month’s net parking revenues (as defined in the lease agreement). Beginning May 1, 2016, or upon completion of the construction of the new parking lot, whichever occurs first, the Town shall pay the Lessor, on a monthly basis, rent in an amount equal to 85% of the prior month’s net parking revenues.

On November 10, 2015, the Town entered into an agreement to license to use a certain parcel of land from Florida Development Group, Inc. (“Licensor”) for use as a public parking lot. The agreement may be terminated by either party provided the other party provides not less than 180 days’ prior written notice, provided no termination of the agreement shall be effective prior to October 30, 2016. In accordance with the agreement, the Town shall pay Licensor, on a monthly basis, a license fee in an amount equal to 50% of the prior month’s net parking revenues (as defined in the lease agreement).

**NOTE 11 – COMMITMENTS AND CONTINGENCIES**

**Interlocal Agreements**

The Town entered into an interlocal agreement with Broward Sheriff’s Office on September 26, 2016 with an effective date of October 1, 2016 for police services in the Town. The agreement is for a five (5) year period and can be renewed for an additional periods of five (5) years each, for a total of ten (10) years, without further action of the parties, unless terminated by either party as provided in the agreement. During the fiscal year ended September 30, 2019, the Town paid \$4,430,025 under this agreement.

**Plan Examinations and Building Inspection Services**

The Town contracts with C.A.P. Government, Inc. to conduct plan examinations and building inspection services. In accordance with the terms of its agreement with the Town, C.A.P. Government, Inc. collected \$976,155 in the current fiscal year, of which the Town received 25% of actual revenue received for permit applications.

**Grants**

Grant monies received and disbursed by the Town are for specific purposes and may be subject to audit by the grantor agencies. Such audits may result in requests for reimbursements due to disallowed expenditures or other actions by grantor agencies. Based upon prior experience, the Town does not believe that such disallowances or other actions taken by the grantor agencies, if any, would have a material effect on the financial position of the Town.

**Construction Contracts and Encumbrance Commitments**

As of September 30, 2019, the Town had open contracts for various construction projects. The contracts totaled approximately \$66,955, of which approximately \$184,905 was uncompleted at September 30, 2019.

**Litigation, Claims and Assessments**

The Town is the plaintiff in a foreclosure action involving code enforcement liens on an assemblage of three parcels. The Town is also a defendant in various lawsuits incidental to its operations. As of the report date, the outcome of these matters cannot be determined and, therefore, no amounts related to these matters have been reflected in the financial statements.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
NOTES TO BASIC FINANCIAL STATEMENTS  
(Continued)

**NOTE 12 – FLORIDA RETIREMENT SYSTEM**

General Information – The Town participates in the statewide Florida Retirement System (“FRS”). The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

All of the Town’s full-time employees are eligible to enroll as members of the FRS. All rates, benefits and amendments are established by the State of Florida through its legislative body. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services (DMS), Division of Retirement, Research and Education Section, P.O. Box 9000, Tallahassee, Florida, 32315-9000; phone 850-488-5706; website ([www.dms.myflorida.com](http://www.dms.myflorida.com)).

The Town’s FRS pension expense totaled \$915,555 for the fiscal year ended September 30, 2019.

**FRS Pension Plan**

Plan Description – The FRS Pension Plan (Plan) is a cost-sharing, multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The classes of membership within the Town are as follows:

- Regular Class – Member of the FRS who do not qualify for membership in another class.
- Senior Management Service Class – Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of service. Members of the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 12 – FLORIDA RETIREMENT SYSTEM (Continued)**

**FRS Pension Plan (Continued)**

Basis of Accounting – The FRS fiduciary financial statements are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Member contributions are recognized in the period of time for which the contributions are assessed. Employer contributions are recognized when due in the period in which employee services are performed and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Contributions – The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2019 fiscal year were as follows:

<b>Class</b>	<b>Percent of Gross Salary</b> <b>October 1, 2018 to June 30, 2019</b>		<b>Percent of Gross Salary</b> <b>July 1, 2019 to September 30, 2019</b>	
	<b>Employee</b>	<b>Employer (1)</b>	<b>Employee</b>	<b>Employer (1)</b>
FRS, Regular	3.00	8.26	3.00	8.47
FRS, Senior Management	3.00	24.06	3.00	25.41

(1) Employer rates include a postemployment HIS contribution rate of 1.66%. Also, employer rates include .06% for administrative costs of the Investment plan.

The Town's contributions to the Plan totaled \$229,363 for the fiscal year ended September 30, 2019. This excludes the HIS defined benefit pension plan contributions.

Benefits Provided – Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation (AFC). For members initially enrolled before July 1, 2011, the AFC is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the AFC is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 12 – FLORIDA RETIREMENT SYSTEM (Continued)**

**FRS Pension Plan (Continued)**

*Benefits Provided (Continued)* – Per Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
<b>Regular Class members initially enrolled before July 1, 2011</b>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 years of service	1.68
<b>Regular Class members initially enrolled on or after July 1, 2011</b>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 years of service	1.68
<b>Senior Management Service Class</b>	<b>2.00</b>

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions* – At September 30, 2019, the Town reported a liability of \$2,827,042 for its proportionate share of the Plan’s net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The Town’s proportionate share of the net pension liability was based on the Town’s contributions for the year ended June 30, 2019 relative to the contributions made during the year ended June 30, 2018 of all participating members. At June 30, 2019, the Town’s proportionate share was .00821%, which was a decrease of .00010% from its proportionate share measured as of June 30, 2018.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 12 – FLORIDA RETIREMENT SYSTEM (Continued)**

**FRS Pension Plan (Continued)**

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)* – For the fiscal year ended September 30, 2019, the Town recognized pension expense of \$808,063 related to the Pension Plan. In addition, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 167,680	\$ (1,754)
Change of assumptions	726,106	-
Net difference between projected and actual earnings on FRS pension plan investments	-	(156,407)
Changes in proportion and differences between Town FRS contributions and proportionate share of FRS contributions	144,346	(28,654)
Town FRS contributions subsequent to the measurement date	61,799	-
Total	<u>\$ 1,099,931</u>	<u>\$ (186,815)</u>

The deferred outflows of resources related to pensions, totaling \$61,799, resulting from Town contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ending September 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending September 30:</u>	<u>Amount</u>
2020	\$ 327,772
2021	108,925
2022	215,975
2023	155,822
2024	35,541
Thereafter	7,282
<b>Total</b>	<u>\$ 851,317</u>

*Actuarial Assumptions* – The total pension liability in the July 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary increases	3.25%, average, including inflation
Investment rate of return	6.90%, net of pension plan investment expense, including inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB, with adjustments for mortality improvements based on Scale AA.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 12 – FLORIDA RETIREMENT SYSTEM (Continued)**

**FRS Pension Plan (Continued)**

Actuarial Assumptions (Continued) – The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy’s description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric annual rates of return for each major asset class are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation (1)</b>	<b>Arithmetic Return</b>	<b>Geometric Return</b>	<b>Standard Deviation</b>
Cash	1.0%	3.3%	3.3%	1.2%
Fixed income	18.0%	4.1%	4.1%	3.5%
Global equity	54.0%	8.0%	6.8%	16.5%
Real estate (property)	10.0%	6.7%	6.1%	11.7%
Private equity	11.0%	11.2%	8.4%	25.8%
Strategic investments	6.0%	5.9%	5.7%	6.7%
<b>Total</b>	<b>100.0%</b>			
Assumed inflation - mean			2.6%	1.7%

(1) As outlined in the Plan's investment policy

Discount Rate – The discount rate used to measure the total pension liability was 6.90 percent. The Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the Town’s Proportionate Share of the Net Position Liability to Changes in the Discount Rate – The following presents the Town’s proportionate share of the net pension liability calculated using the discount rate of 6.90%, as well as what the Town’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90%) or 1-percentage-point higher (7.90%) than the current rate:

	<b>1% Decrease (5.90%)</b>	<b>Current Discount Rate (6.90%)</b>	<b>1% Increase (7.90%)</b>
Town's proportionate share of net pension liability	\$ 4,887,013	\$ 2,827,042	\$ 1,106,617

Pension Plan Fiduciary Net Position – Detailed information about the Plan’s fiduciary net position is available in the FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 12 – FLORIDA RETIREMENT SYSTEM (Continued)**

**HIS Pension Plan**

Plan Description – The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided – In general, eligible retirees and beneficiaries receive a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions – The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2019, the contribution rate was 1.66% of payroll from October 1, 2018 through September 30, 2019 pursuant to section 112.363, Florida Statutes. The Town contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The Town's contributions to the HIS Plan totaled \$28,905 for the fiscal year ended September 30, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2019, the Town reported a net pension liability of \$716,401 for its proportionate share of the HIS Program's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The Town's proportionate share of the net pension liability was based on the year ended June 30, 2019 contributions relative to the year ended June 30, 2018 contributions of all participating members. At June 30, 2019, the Town's proportionate share was .00640%, which was an increase of .00037% from its proportionate share measured as of June 30, 2018.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 12 – FLORIDA RETIREMENT SYSTEM (Continued)**

**Retiree Health Insurance Subsidy Program (Continued)**

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)* – For the fiscal year ended September 30, 2019, the Town recognized a pension expense of \$61,967 related to the HIS Program. In addition, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 8,701	\$ (877)
Change of assumptions	82,952	(58,553)
Net difference between projected and actual earnings on HIS pension plan investments	462	-
Changes in proportion and differences between Town HIS contributions and proportionate share of HIS contributions	37,364	(8,182)
Town HIS contributions subsequent to the measurement date	9,139	-
Total	<u>\$ 138,618</u>	<u>\$ (67,612)</u>

The deferred outflows of resources related to pensions, totaling \$9,139, resulting from Town contributions to the HIS Program subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending September 30:</u>	<u>Amount</u>
2020	\$ 20,951
2021	17,108
2022	11,808
2023	(712)
2024	5,580
Thereafter	7,132
<b>Total</b>	<u>\$ 61,867</u>

*Actuarial Assumptions* – The total pension liability in the July 1, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary increases	3.25%, average, including inflation
Investment rate of return	3.50%

Mortality rates were based on the Generational RP-2000 with Projected Scale BB. The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 12 – FLORIDA RETIREMENT SYSTEM (Continued)**

**Retiree Health Insurance Subsidy Program (Continued)**

*Discount Rate* – The discount rate used to measure the total pension liability was 3.50%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

*Sensitivity of the Town’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate* – The following presents the Town’s proportionate share of the net pension liability calculated using the discount rate of 3.50%, as well as what the Town’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.50%) or 1-percentage-point higher (4.50%) than the current rate:

	1% Decrease (2.50%)	Current Discount Rate (3.50%)	1% Increase (4.50%)
Town’s proportionate share of net pension liability	\$ 817,808	\$ 716,401	\$ 631,940

*Pension Plan Fiduciary Net Position* – Detailed information about the HIS Plan’s fiduciary net position is available in the FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

**FRS – Defined Contribution Pension Plan**

The Town contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA’s annual financial statements and in the State of Florida Comprehensive Annual Financial Report. Service retirement benefits are based upon the value of the member’s account upon retirement.

Eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. Town employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member’s accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected Local Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices.

Allocations to the investment member’s accounts during the 2019 fiscal year were as follows:

Class	Percent of Gross Compensation
FRS, Regular	6.30%
FRS, Senior management	7.67%

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 12 – FLORIDA RETIREMENT SYSTEM (Continued)**

**FRS – Defined Contribution Pension Plan (Continued)**

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS covered employment within the five year period, the employee will regain control over their account. If the employee does not return within the five year period, the employee will forfeit the accumulated account balance.

Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of payroll and by forfeited benefits of Investment Plan members. The fee for the FRS Investment Plan was .06 percent.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The Town's Investment Plan pension expense totaled \$45,525 for the fiscal year ended September 30, 2019.

**NOTE 13 – VOLUNTEER FIREFIGHTERS PENSION FUND**

The Town sponsors the Volunteer Firefighters Pension Plan, a single-employer Public Employee Retirement System defined benefit pension plan. The Plan was established by Ordinance enacted by the Town Council to provide for the creation and operation of the Volunteer Firefighters Pension Plan. The Plan is governed by a five member Board of Trustees. The Board of Trustees' duties include, amongst other responsibilities, making recommendations regarding changes in the provisions of the Plan and its investment policies; however, any changes to the Plan must be approved by the Town Commission. The Plan is reported as a pension trust fund and is included as part of the Town's reporting entity.

*Plan Description* – All volunteer firefighters of the Town will become members of the Plan upon completion of their application for membership, which must be completed within 30 days of becoming eligible for the Plan. Volunteer firefighters do not receive salaries but receive incentive pay based on calls to which they respond, training sessions and meetings that they attend. Participants should refer to the Plan documents for more complete information. A publicly available financial statement for the Plan can be obtained from the Board of Trustees, 4442 Sea Grape Drive, Lauderdale-By-The-Sea, Florida, 33308.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 13 – VOLUNTEER FIREFIGHTERS PENSION FUND (Continued)**

Membership – As of October 1, 2018, the date of the latest actuarial valuation, firefighters' membership data related to the Plan as stated in the actuarial valuation was as follows:

Retirees and beneficiaries currently receiving benefits and former volunteers entitled to receive benefits but not yet receiving them	17
Active participants	45
Total	62

Basis of Accounting – The Volunteer Firefighters Pension Plan (“Plan”) financial statements are prepared on the accrual basis of accounting. All contributions are recognized when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Administrative expenses are recorded when incurred.

Method Used to Value Cash and Investments – All short-term investments with an original term of less than three months are considered cash equivalents. Investments are reported at fair value. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses. Realized gains and losses are determined on the basis of specific cost. Purchases and sales of securities are recorded on the trade-date basis. Interest and dividends are recognized when earned. Dividends are recorded on the ex-dividend date.

Pension Benefits – Eligibility for pension benefits is determined by a point system whereby a firefighter must accumulate 30 points during a Plan year to be credited for one year of service. Points are accumulated by attendance at meetings, drills, fires and false alarms. Normal retirement is at age 55 and 10 years of credited service, or the date on which the member has attained the age of 52 having completed 25 years of credited service. Effective prospectively from December 1, 2015, the benefit for normal retirement was increased from \$10 multiplied by the number of years of credited service to \$42.50 multiplied by the number of years of credited service; however, effective for retirements after March 1, 2003, the benefit shall be at least 2% of average final compensation for each year of credited service. Benefits are payable in a life annuity with other options available. The Plan also provides early and delayed retirement as well as death and disability benefits with benefits dependent on earnings, length of service or years of contributions, and age upon retirement, death or disability.

**NOTE 13 – VOLUNTEER FIREFIGHTERS PENSION FUND (Continued)**

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions* – The Town's net pension asset for the Volunteer Firefighters Pension Plan is measured as the total pension liability less the pension plans' fiduciary net position. At September 30, 2019, the Town reported a net pension asset of \$451,371 related to the Volunteer Firefighters Pension Plan. The net pension asset was measured as of September 30, 2018, using an annual actuarial valuation as of October 1, 2017. For the fiscal year ended September 30, 2019, the Town recognized pension expense of \$81,963. The changes in the Net Pension Asset follow:

	Increases (Decreases)		
	Plan		
	Total Pension Liability	Fiduciary Net Position	Net Pension Asset
<b>Balance at measurement date September 30, 2017</b>	\$ 1,896,724	\$ 2,088,421	\$ (191,697)
<b>Changes in the year:</b>			
Service cost	39,229	-	39,229
Interest on the total pension liability	122,909	-	122,909
Changes of benefit terms	-	-	-
Differences between actual and expected experience in the measurement of the TPL	(119,225)	-	(119,225)
Changes of assumptions	-	-	-
Contributions - Employer (from Town)	-	14,625	(14,625)
Contributions - Employer (from State)	-	113,804	(113,804)
Contributions - Employee	-	17,831	(17,831)
Net investment income	-	229,884	(229,884)
Benefit payments	(87,100)	(87,100)	-
Refunds	(2,984)	(2,984)	-
Pension plan administrative expense	-	(36,441)	36,441
Other changes*	-	(37,116)	37,116
<b>Net changes</b>	<b>(47,171)</b>	<b>212,503</b>	<b>(259,674)</b>
<b>Balance at measurement date September 30, 2018</b>	<b>\$ 1,849,553</b>	<b>\$ 2,300,924</b>	<b>\$ (451,371)</b>

At September 30, 2019 the Town reported deferred outflows of resources and deferred inflows of resources related to the Volunteer Firefighters Pension Fund from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows and Inflows of Resources
Differences between expected and actual experience	\$ 5,893	\$ (73,369)	\$ (67,476)
Change in assumptions	7,270	-	7,270
Net Difference between projected and actual earnings on pension plan investments	32,683	(113,056)	(80,373)
Employer's contributions subsequent to the measurement date	13,913	-	13,913
	<b>\$ 59,759</b>	<b>\$ (186,425)</b>	<b>\$ (126,666)</b>

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 13 – VOLUNTEER FIREFIGHTERS PENSION FUND (Continued)**

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued) – The amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year ending September 30</b>	<b>Net Deferred Outflows and Inflows of Resources</b>
2020	\$ (31,762)
2021	(59,264)
2022	(30,373)
2023	(19,180)
Total	<u>\$ (140,579)</u>

Contributions and Funding Policy – Funding is based on actuarial determined required contributions using the Aggregate Actuarial Cost Method. The significant actuarial assumptions used to compute the actuarially determined contribution requirements are the same as those used to compute the actuarial accrued liability. Firefighters are required to contribute 5% of earnings to the Plan. Contributions from the State of Florida pursuant to Chapter 175, Florida Statutes, are based on the amount of fire insurance written by private insurers on property within Town limits. The annual required contribution for the year ended September 30, 2019 was determined using the October 1, 2017 actuarial valuation. The Town is required to contribute if there is any shortfall between the State's contributions and funding requirements of the Plan. Actual contributions in fiscal year 2019 were as follows: State of Florida \$52,752, Town \$13,913, and members \$13,913.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 13 – VOLUNTEER FIREFIGHTERS PENSION FUND (Continued)**

Actuarial Methods and Significant Assumptions – Significant actuarial assumptions and other inputs used to measure the total pension liability are as follows:

Valuation date	October 1, 2017
Measurement date	September 30, 2018
Actuarial cost method	Entry Age Normal
Actuarial Assumptions:	
Discount rate	6.5%
Inflation	2.5%
Salary increases	5.5%
Investment Rate of Return	6.5%
Retirement age	Members are expected to retire when eligible for Normal Retirement
Mortality	RP-2000 Combined Healthy Participant Mortality Table (for pre-retirement mortality) and the RP-2000 Mortality Table for Annuitants (for post-retirement mortality), with mortality improvements projected to all future years after 2000 using Scale BB. For males, the base mortality rates include a 90% blue collar adjustment and a 10% white collar adjustment. For females, the base mortality rates include a 100% white collar adjustment. For disabled retirees, 60% of the RP-2000 Mortality Table for Annuitants and 40% of the RP-2000 Mortality Table for Annuitants with a white collar adjustment, set back 4 years for males and set forward 2 years for females, with no provision being made for future mortality improvements. These are the same rates as use for Special Risk Class members of the Florida Retirement System (FRS) in the July 1, 2017 Actuarial Valuation, as mandated by Chapter 112.63, Florida Statutes.

Ordinance No. 2015-18 (adopted and passed November 11, 2015) increased the minimum monthly benefit from \$10 per month per year of Credited Service to \$42.50 per month per year of Credited Service, for both active members and retirees. This benefit change was reflected as of the September 30, 2016 measurement date.

Single Discount Rate	6.50%
Long-Term Expected Rate of Return	6.50%
Last year ending September 30 in the 2017 to 2116 projection period for which projected benefit payments are fully funded	2117

A single discount rate of 6.5% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 6.5%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments (6.5%) was applied to all periods of projected benefit payments to determine the total pension liability.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 13 – VOLUNTEER FIREFIGHTERS PENSION FUND (Continued)**

*Actuarial Methods and Significant Assumptions (Continued)* – The long-term expected rate of return on pension plans investments were determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan’s target asset allocation as of September 30, 2019 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Domestic Equity	60%	7.50%
International Equity	0%	8.50%
Domestic Bonds	40%	2.50%
International Bonds	0%	3.50%
Real Estate	0%	4.50%
Alternative Assets	0%	5.50%

*Sensitivity of the Town’s Net Pension Liability to Changes in the Discount Rate* – Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan’s net pension liability calculated using a single discount rate of 6.5%, as well as what the plan’s net pension liability would be if it were calculated using a single discount rate that is one percentage point lower or one percentage point higher.

	Current Single Discount Rate		
	1% Decrease	Assumption	1% Increase
	5.50%	6.50%	7.50%
Net Pension Liability (Asset)	\$ (235,579)	\$ (451,371)	\$ (627,486)

**NOTE 14 – DEFERRED COMPENSATION PLAN**

The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Code, Section 457. The plan, available to all Town employees, permits them to defer a portion of their salary until future years. The plan was established, and the provisions of the plan, including contribution rates, may be amended by the Town Commission. As outlined in the Town’s personnel policies manual, if an employee eligible to participate in the Town’s health insurance program does not elect to participate, the Town will contribute 80% of the Town’s normal health insurance contribution for an employee with no spouse or dependent coverage to the deferred compensation plan on their behalf in lieu of providing health insurance. Additionally, contributions are also paid to the deferred compensation plan on behalf of the Town Manager. Except for the plan provisions related to loans, the deferred compensation is not available to the employees until termination, retirement, death or unforeseeable emergency. The plan is administered by Nationwide Retirement Solutions. Except for the plan provisions related to loans, the Town has no fiduciary responsibility for the plan and therefore, the Town does not report the balances and activities in its financial statements. During the current fiscal year, the Town contributed approximately \$16,475 on behalf of employees to the deferred compensation plan and employees contributed approximately \$53,562.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 15 – OTHER POST EMPLOYMENT BENEFITS**

*Plan Description* – Pursuant to Section 112.081, Florida Statutes, the Town is required to permit eligible retirees and their eligible dependents to participate in the Town’s health insurance program at a cost to the retiree that is no greater than the cost at which coverage is available for active employees. These retirees pay 100% of the blended rate for active and retired employees. Because the blended rate is greater than that of a plan including active employees only and less than that of a plan including retirees only, the amount the Town expends for active employees includes an implicit subsidy for participating retirees and dependents.

*Membership* – Participants of the plan consisted of the following at September 30, 2019:

Retirees and beneficiaries	
currently receiving benefits	3
Active employees	37
Total	40

*Changes in Net OPEB Liability* – Sources of changes in the net OPEB liability were as follows:

	Total OPEB Liability	Fiduciary Net Position	Net OPEB Liability
Balance as of September 30, 2018	\$ 138,275	\$ -	\$ 138,275
Changes due to:			
Service cost	10,075	-	10,075
Interest	5,176	-	5,176
Changes of assumptions	(6,121)	-	(6,121)
Benefit payments	(12,402)	-	(12,402)
Balance as of September 30, 2019	\$ 135,003	\$ -	\$ 135,003

*Actuarial Methods and Assumptions* – Significant assumptions used to calculate the total OPEB liability were as follows:

Measurement date	September 30, 2018
Actuarial valuation date	October 1, 2017
Actuarial cost method	Entry Age Cost Method (Level % of Pay)
Actuarial assumptions:	
Discount Rate	4.18%
Inflation Rate	2.5% per year
Salary Increase Rate	2.5% per year
Health Care Participation Rate	20% participation assumed, with 50% electing spouse coverage
Mortality Rate	RP-2000 Combined Health Mortality Table projected to the valuation date using Scale AA.
Retirement Rates	100% at Age 60

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 15 – OTHER POST EMPLOYMENT BENEFITS (Continued)**

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate – The following presents the net OPEB liability of the Town, as well as what the Town’s net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.18%) or 1-percentage-point higher (5.18%) than the current discount rate:

1% Decrease (3.18%)	Current Discount Rate (4.18%)	1% Increase (5.18%)
\$ 146,717	\$ 135,003	\$ 124,779

Sensitivity of the Net OPEB Liability Using Alternative Healthcare Cost Trend Rates – The following presents the net OPEB liability of the Town, as well as what the Town’s net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

Healthcare Cost		
1% Decrease 3.00% - 7.50%	Trend Rate 4.00% - 8.50%	1% Increase 5.00% - 9.50%
\$ 123,256	\$ 135,003	\$ 148,700

The Town reported \$17,166 as a deferred outflow of resources at September 30, 2019.

OPEB Expense – For the fiscal year ended September 30, 2019, the District recognized OPEB expense of \$9,130.

**NOTE 16 – RISK MANAGEMENT**

The Town is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, and natural disasters for which the Town carries commercial insurance. There were no significant reductions in insurance coverage from the prior fiscal year. The Town provides employee medical benefits through commercial insurance coverage. Settlements during the previous three years did not exceed insurance coverage.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 17 – PRONOUNCEMENTS ISSUED, BUT NOT YET ADOPTED**

*GASB Statement No. 84 - Fiduciary Activities*

The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018.

*GASB Statement No. 87 – Leases*

The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. For reporting periods beginning after December 15, 2019.

*GASB 89 - Accounting for Interest Cost Incurred before the End of a Construction Period*

The objectives of this Statement are (a) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (b) to simplify accounting for certain interest costs. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. Changes adopted to conform to the provisions of this Statement should be applied prospectively. For construction-in-progress, interest cost incurred after the beginning of the first reporting period to which this Statement is applied should not be capitalized.

*GASB 90 - Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61*

The primary objectives of this Statement are to improve consistency in the measurement and comparability of the financial statement presentation of majority equity interests in legally separate organizations and to improve the relevance of financial statement information for certain component units. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged. Except as discussed in paragraph 11, in the period this Statement is first applied, changes adopted to conform to the provisions of this Statement should be applied retroactively by restating financial statements, if practicable, for all periods presented. If restatement for prior periods is not practicable, the cumulative effect, if any, of applying this Statement should be reported as a restatement of beginning net position (or fund balance or fund net position, as applicable) for the earliest period restated. Also, the reason for not restating prior periods presented should be disclosed. In the first period that this Statement is applied, the notes to financial statements should disclose the nature of the restatement and its effect.

**TOWN OF LAUDERDALE-BY-THE-SEA, FLORIDA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
(Continued)

**NOTE 17 – PRONOUNCEMENTS ISSUED, BUT NOT YET ADOPTED (Continued)**

*GASB 91 - Conduit Debt Obligations*

The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. Earlier application is encouraged.

The Town's management has not yet determined the effect these Statements will have on the Town's financial statements.

REQUIRED SUPPLEMENTARY INFORMATION  
NOTE TO BUDGETARY COMPARISON SCHEDULE  
FISCAL YEAR ENDED SEPTEMBER 30, 2019

**NOTE 1 – BUDGETS AND BUDGETARY ACCOUNTING**

Annual appropriated budgets are adopted for all governmental funds on a basis consistent with accounting principles generally accepted in the United States.

The Town follows these procedures in establishing the budgetary data reflected in the financial statements:

- (a) In July, the Town Manager submits to the Commission a proposed operating and capital budget for the ensuing fiscal year. The budget includes proposed expenditures and the means of financing them.
- (b) Public hearings are conducted to obtain taxpayer comments.
- (c) Prior to October 1, the budget is legally enacted through passage of an ordinance.
- (d) The Town Commission, by motion, may make supplemental appropriations for the fiscal year.
- (e) Formal budgetary integration is employed as a management control device during the fiscal year for the general fund.
- (f) The Town Manager is authorized to transfer part or all of an unencumbered appropriation balance within a department; however, any revisions that alter the total appropriations of any fund must be approved by the Town Commission. The classification detail at which expenditures may not legally exceed appropriations is at the department level.
- (g) Unencumbered appropriations lapse at fiscal year-end. Encumbered amounts are reappropriated in the following fiscal year's budget.
- (h) Budgeted amounts are as originally adopted or as amended.

September 30, 2018	-	113,804	(113,804)	292,500	38.91%
September 30, 2019	-	66,665	(66,665)	278,260	23.96%

\* Contributions recognized by the Plan relate to employer and nonemployer entities.

\*\* Covered payroll was calculated based on actual member contributions for the fiscal year divided by the employee contribution rate of

\*\*\* Expected total covered payroll assumed to be same as expected covered payroll for previous year.

Valuation date	October 1, 2018
Actuarial cost method	Aggregate
Amortization method	N/A
Remaining amortization period	N/A
Asset valuation method	Market Value of Assets

Actuarial assumptions:

Investment rate of return	6.5%
Salary increases	5.5%
Inflation	2.5%
Retirement age	The later of normal retirement eligibility or one year after the valuation.
Mortality	RP-2000 Combined Healthy Participant Mortality Table (for pre-retirement mortality) and the RP-2000 Mortality Table for Annuitants (for post-retirement mortality), with mortality improvements projected to all future years after 2000 using Scale BB. For males, the base mortality rates include a 90% blue collar adjustment and a 10% white collar adjustment. For females, the base mortality rates include a 100% white collar adjustment. For disabled retirees, 60% of the RP-2000 Mortality Table for Annuitants and 40% of the RP-2000 Mortality Table for Annuitants with a white collar adjustment, set back 4 years for males and set forward 2 years for females, with no provision being made for future mortality improvements. These are the same rates as use for Special Risk Class members of the Florida Retirement System (FRS) in the July 1, 2018 Actuarial Valuation, as mandated by Chapter 112.63, Florida Statutes.

A publicly available financial statement for the Plan can be obtained from the Board of Trustees, 4442 Sea Grape Drive, Lauderdale-By-The-Sea, Florida, 33308 which includes the additional financial reporting requirements of GASB 67, *Financial Reporting for Pension Plans*, including the annual money-weighted rate of return on pension plan investments.

Note: From fiscal year 2002 and forward, parking meter revenue is reflected in charges for services as included in the government-wide financial statements. However, for the purpose of this table, parking meter revenue has been separated. Since fiscal year 2006, business parking meter revenue is reported in the Parking Improvement Fund. Since fiscal year 2011, all parking meter revenue is reported in the Parking Improvement Fund.

Source: Broward County, Florida, Property Appraiser

Note: Property in Broward County is reassessed once every year, on average. The county assesses property at approximately 85-100 percent of actual value for commercial and industrial property and 85-100 percent for residential property, as required by Florida law. Estimated actual taxable value is calculated by dividing taxable value by those percentages. Tax rates are per \$1,000 of assessed value.

<sup>1</sup> Source: Broward County, Florida Property Appraiser

<sup>2</sup> Source: Broward County School Board CAFR

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the Town. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the Town. This process recognizes that, when considering the Town's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of Broward County's taxable assessed value that is within the Town of Lauderdale-By-The-Sea's boundaries and dividing it by Broward County's total taxable assessed value.

## **COMPLIANCE SECTION**

**THIS PAGE IS INTENTIONALLY LEFT BLANK**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor, Town Commission and Town Manager  
Town Of Lauderdale-By-The-Sea, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town Of Lauderdale-By-The-Sea, Florida ("Town") as of and for the fiscal year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our opinion thereon dated June 11, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

June 11, 2020

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE  
REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY  
RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

Honorable Mayor, Town Commission and Town Manager  
Town Of Lauderdale-By-The-Sea, Florida

We have examined the Town Of Lauderdale-By-The-Sea, Florida's ("Town") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2019. Management is responsible for Town's compliance with those requirements. Our responsibility is to express an opinion on Town's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Town complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the Town complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the Town's compliance with specified requirements.

In our opinion, the Town complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2019.

This report is intended solely for the information and use of the Mayor, Town Commission, Town Manager, Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, and the Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

June 11, 2020

**MANAGEMENT LETTER PURSUANT TO THE RULES OF  
THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

Honorable Mayor, Town Commission and Town Manager  
Town of Lauderdale-By-The-Sea, Florida

**Report on the Financial Statements**

We have audited the financial statements of the Town of Lauderdale-By-The-Sea, Florida ("Town") as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated June 11, 2020.

**Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

**Other Reporting Requirements**

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Auditor's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 11, 2020, should be considered in conjunction with this management letter.

**Purpose of this Letter**

The purpose of this letter is to comment on those matters required by Chapter 10.550 of the Rules of the Auditor General of the State of Florida. Accordingly, in connection with our audit of the financial statements of the Town, as described in the first paragraph, we report the following:

- I. Current year findings and recommendations.**
- II. Status of prior year findings and recommendations.**
- III. Compliance with the Provisions of the Auditor General of the State of Florida.**

Our management letter is intended solely for the information and use of the Mayor, Town Commission, Town Manager, Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, as applicable, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank the Town of Lauderdale-By-The-Sea, Florida and the personnel associated with it, for the opportunity to be of service to them in this endeavor as well as future engagements, and the courtesies extended to us.

June 11, 2020

## REPORT TO MANAGEMENT

### I. CURRENT YEAR FINDINGS AND RECOMMENDATIONS

None

### II. PRIOR YEAR FINDINGS

None

### III. COMPLIANCE WITH THE PROVISIONS OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Unless otherwise required to be reported in the auditor's report on compliance and internal controls, the management letter shall include, but not be limited to the following:

1. A statement as to whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

There were no significant findings and recommendations made in the preceding annual financial audit report for the fiscal year ended September 30, 2018.

2. Any recommendations to improve the local governmental entity's financial management.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported for the fiscal year ended September 30, 2019.

3. Noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance, except as noted above.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported, for the fiscal year ended September 30, 2019.

4. The name or official title and legal authority of the Town are disclosed in the notes to the financial statements.
5. The Town has not met one or more of the financial emergency conditions described in Section 218.503(1), Florida Statutes.
6. We applied financial condition assessment procedures pursuant to Rule 10.556(7) and no deteriorating financial conditions were noted. It is management's responsibility to monitor financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.
