

March 23, 2020

The building department is open on a limited basis. Our lobby remains closed to the public. Please continue to contact the department by phone or email for business questions (954-640-4215 or KayB@lbts-fl.gov or DavidL@lbts-fl.gov). To drop off permits, we continue to follow the procedures listed below (March 18th update).

March 19, 2020

The Building Department has closed for business until Monday, March 21, 2020 so that we can develop procedures for intake to better protect our customers and staff. Thank you for your patience and understanding.

Development Services remains open but we are conducting business through email or telephone. Telephone numbers and email addresses are available at <https://www.lauderdalebythesea-fl.gov/318/Staff-Directory>

March 18, 2020

As of March 18, 2020, Our Development Services Department remains open, however we have adjusted our level of service to better protect our customers and staff during this time. Please note the following:

1. We are asking the public to utilize email or telephone for all instances in which business does not need to take place in person.
2. For Building permits and other applications that need to be submitted, please knock on the Development Services door to drop off the application. Make sure your cell phone number is clearly written on the application. Waiting benches have been placed outside for your convenience. A staff member will review the application and call your cell phone to confirm receipt, request additional information or answer any questions you may have at this time.

Thank you for your consideration. We appreciate your patience and understanding as we navigate this uncertain time. Before driving to the Town to conduct business, please review the Town's website as we will update it if changes to these established procedures are made.
