

RFP 25-04-01 Sanitary Sewer/Storm Drain Maintenance and Repair Questions

1. In the proposal documents, it states that 20 pts will be given for the project implementation strategy. I did not see in the Proposal Response Format where/how we can express our understanding of the needs, conditions, goals, objectives.

This information should be provided in the narrative when explaining your company; what they do, and they're experience... The intent of this is to understand how you prioritize work and how quickly test can be accomplished.

2. Under point 4 of the Proposal Response Format, it states to provide a description of the person responsible. Could you please clarify which responsibility it is referring to?

The staff member that we will be in contact with to schedule work, identify findings and provide any necessary, relevant information related to the projects.
